Portion of Section (19) mentioned on following pages,
Township 36 North, Range 2 E.B.M.

State Highway NO. 7, omitted on their sketch.

When We first moved on this portion of Section (19), in 1951, the eighty acers on the South side of State Highway NO.7, now owned by Adrian Teats and D. F. Randall, in this sketch, was included in my contract.

After I removed all the marketable timber off this mountianous eighty, at that date, I released it from the contract. James R. Crawford then sold it to Arthur Baeschlin, and I bought all the land on the North Side of State Highway NO. 7, in this sketch, where I was living.
10-20-1952

In 1951 I moved to the land described on top of page 2. There were two large Springs on this property. One about 300 ft. South of the North line that borders The Nezperce Indian Reservation, of said Section (19). We used this spring for Domestic purposes, as the buildings were close by.

The other large Spring was located about 300 Ft. North of State Highway NO. 7, which we used to irrigate potatoes and berries, from 1951 till this present date.

In 1952 the paper work was complete and I bought this property from James R. Crawford.

In 1957 we moved the house up closer to State Highway NO. 7, as our eldest son was school age, and we used the upper large Spring for both domestic and irrigation ever since.

In 1960, I sold all the North East land off to Hurley Swan, except approximately 18 acres which layed in the NW $\frac{1}{4}$.NE $\frac{1}{4}$, against the West Line, also bordering State Highway NO. 7.

On this sale to Hurley Swan, I reserved all the water origination on this 18 Acres, and he was limited only to the water of large Spring mentioned on this page next to the Nezperce Indian Reservation, in the first paragraph.

There is a timbered mountain approximately 1200 feet higher in elevation, than this State Highway NO. 7, that stands in a U shape close behind our property, just on the South side of Highway NO. 7.

There are two Highway Culverts that carries most of the Spring run off. This usually lasts till sometime in June, depending on amount of snow fall or rain, till the water table drops.

I knew when this happened it might cause some concern to Hurley Swan or future owners of this land he was buying.

Attorney Ray Mc Nichols, who was making up the papers for the sale to Hurley Swan, said if we Specifically mentioned reserving the water in the sale contract, that made it part of the contract, and my water rights would be protected under Article 1, Section 16 of the Idaho Constitution, and that would be the best route to go.
