Reference Claim No: G-25338

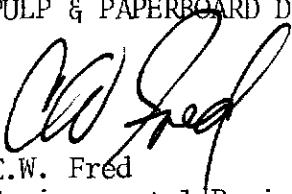

Dear Mr. Knobloc:

We presently plan to have a new well drilled adjacent to an existing well which has caved in and is no longer serviceable. The new well is to be located between 60 feet and 80 feet from the existing well and will be within the same 40 acre tract. The old well will be properly plugged and sealed to prevent contamination from surface sources.

It is our understanding that since prior claim has been established and since the new well is within the same 40 acre tract, no Transfer of Water Rights or Application For Claim Ammendment need be submitted or approved before this work can commence. We would appreciate your confirmation or correction to our understanding in order that we may proceed with well drilling.

RALPH W. THOMAS
Deputy State Reclamation Engineer

Very truly yours,

We have the log on the first well which is in the southwest corner near the main office. The well noted by the company as PW#1 is about 2000 feet north of the first well, and PW#2 is near the boiler room of the pulp plant. The holder's deposition shows both of the later wells are 12 inch and about 550 feet deep.

Our records do not show any logs on the last two wells drilled for Potlatch Forests, Inc. at Lewiston.

RE: Permit No. G-25338

C. J. Hopkins, Secretary
Potlatch Forests, Inc.
1002 7th Street
Lewiston, Idaho

Dear Mr. Hopkins:

Our field engineer's report on his inspection of proof of completion of works and beneficial use of water under the terms of Permit No. G-25338 shows the wells are capable of conveying 750 miner's inches, or 15.0 c.f.s. of water for industrial use.

Upon receipt of the statutory fees, totaling \$11.50, we will issue the Certificate of Completion of Works (fee \$6.50) and the License and Certificate of Water Right (fee \$5.00) confirming the right, with priority of December 28, 1954, to the use of 15.0 second feet of subterranean water with the points of diversion in the SW $\frac{1}{4}$ SW $\frac{1}{4}$, SE $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 28 for industrial use in the S $\frac{1}{2}$ SW $\frac{1}{4}$ of Section 28 and the N $\frac{1}{2}$ NW $\frac{1}{4}$ of Section 33, Township 36 North, Range 5 West, B.M.

As your permit shows the place of use to be in the SE $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 28 it will be necessary to have an amendment to the place of use. Complete the enclosed amendment form, return it with the above mentioned fees, together with an additional fee of \$1.00 for recording the amendment, and The Certificate of Completion of Works and License and Certificate of Water will be issued.

Dear Mr. Hopkins:

We acknowledge receipt of the Deposition of Holder and two witnesses, also affidavit of publication in the Lewiston Morning Tribune, all submitted in proof of completion of works and beneficial use on Permit No. G-25338.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Attention: Wynne M. Blake

Gentlemen:

This acknowledges the Notice of Proof of Completion of Works and Application of Water to Beneficial Use under Permit No. G-25338, in the name of Potlatch Forests, Inc. Final Proof is to be made before Betty Lambert as Notary on the 4th day of January, 1960 ~~1959~~ at 10:00 o'clock A.M., at Lewiston, Idaho.

As of this date we have mailed the Notice to the Lewiston Morning Tribune with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof and then mail the Affidavit of Publication and statement of costs to you. .

It is important that the enclosed depositions be executed by the permit holder and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the time, on the date and before you, as Notary, as stated in the publication notice. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, that your Notary's seal has been placed on each and that all depositions, (Holder and two witnesses) are being returned. Also be sure to enclose the Affidavit of Publication.

Very truly yours,

Re: Permit No. G- 25338

Date: Nov. 1, 1959

C. J. Hopkins, Secretary
Potlach Forests, Inc.
Lewiston, Idaho

Dear Sir:

The date for proofs of Completion of Works and Application of Water to Beneficial Use, as set out under the terms of Permit No. G- 25338 are due not later than January 1, 1960.

Before these proofs can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county in which the land is located. In completing the Notice of proof for publication, the information should be taken from your Permit, including any amendments made in connection with a change of point of diversion or land list which has been recorded in this department. If changes have been made and no amendments are on record, we advise that you request a form for this purpose before your Notice is published.

We enclose Form 36, in duplicate, which is to be filled out and returned to this department at least forty (40) days before the above mentioned date, (allowing for four weeks publication). Please give the name of the town, the address of the place where the depositions will be executed, and, the name of notary public before whom you will appear to make the depositions of proof (this may be at any place convenient for you and your two witnesses), the quantity of water filed; for what purpose it is used; the point of, or points of diversion; and the location of use or the lands which are irrigated -- all by legal land description.

Enclosed also is Form 11, which is the authorization for us to have the notice published in the designated county newspaper at your expense. This is to be returned with Form 36.

At the time we send the notice to the newspaper we will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, at the place named and before the notary public, as advertised in the publication notice.

Very truly yours,

RE: Application No. G-3,187

Potlatch Forests, Inc.
Lewiston
Idaho

Gentlemen:

We have placed on file your application for permit to appropriate 2,000 gallons per minute of water from each of four wells or a total of 17.80 cubic feet per second.

When Mr. Elder brought the application into the office I looked at the 4.45 second feet from one well and thought your check for the \$6.00 fee was twenty-five cents too much.

However, upon second glance, I see that the total amount is 17.80 second feet from the four wells and the filing fee on that amounts to \$9.25, so there is a balance of \$3.25 due.

This is at the rate of \$5.00 for the first second foot and twenty-five cents for each additional second foot or fraction thereof.

Very truly yours,

MARY R. KELP
