LICENSE OF WATER RIGHT

License of Water Right No. 82-2060 Priority 10-16-62 Amount 0.46 c.f.s.

THIS IS TO CERTIFY, that ERNEST HARTMAN
of Stites, Idaho, has complied with the terms and conditions of Permit
No. 82-2060 issued pursuant to Application for Permit dated 10-16-62,
and has submitted proof to the Department of Water Administration on 9-18-64,
that he has applied water to a beneficial use; an examination by the Department indicates that the
works have a capacity of 0.50 c.f.s., and that the water has in fact been applied to a
beneficial use; a right to the use of water from South Fork of Clearwater River
tributary of _____, is hereby confirmed in the following amounts:
Amount 0.46 c.f.s. for Irrigation from March 15 to Nov. 15 (both dates inclusive)
Amount _____ for _____ from _____ to _____ (both dates inclusive)
Amount _____ for _____ from _____ to _____ (both dates inclusive)
Subject, however, to the condition that no more than 0.46 c.f.s. of water be diverted at
any one time, said waters to be diverted within the SE $\frac{1}{4}$ NE $\frac{1}{4}$ Sec. 32, Twp. 32 N., Rge.
4 E., B.M.; and Lot 2 Sec. 5, Twp. 31 N., Rge. 4 E., B.M.
in the county of Idaho; and that the amount of water so diverted and to which such
right is entitled and confirmed is for the purposes aforesaid and is limited to the amount which can
actually be beneficially used and shall not exceed 69 acre feet per year or _____
3.0 acre feet per acre.

Description and location of place of use:

Mr. Ernest Hartman
Box 23
Stites, Idaho 83552

Dear Mr. Hartman:

Thank you for sending us the copy of Form No. 0. With this description, we will be able to issue a license on your Permit No. 82-2060 as soon as we have received the licensing fee of \$9. The license will be issued as follows:

Quantity of water diverted: 0.50 c.f.s.

Amount of water that can be recognized as beneficially used under Idaho law: 0.46 c.f.s.

The maximum quantity of water diverted shall not exceed 69 acre feet per season or 3.2 acre feet per acre.

The water is used for irrigation of 22 acres within Lot 2 Sec. 5, T. 31 N., R. 4 E., B.M.; and SE 1/4 Sec. 32, T. 32 N., R. 4 E., B.M.

The priority date established is October 16, 1962.

A fee totaling \$9 must be received within 30 days from the date of this letter in order that we can issue you a Water License as set forth in this letter.

Very truly yours,

BOBBY D. FLEENOR
Assistant Director

BOBBY D. FLEENOR Assistant Director
STATE OF IDAHO
Dept. of Water Administration
Statehouse Annex 2
Boise, Idaho 83707

Dear Sir:

If you will look at a map or just the land description, you will see that the application was for two pieces of land approximately one mile apart.

There are two separate pumps and systems. Your field engineer could have told you this a long time ago as he was over all of it and said it was O.K.

Does this take care of the misunderstanding? The original description etc. are the same and if they have the original papers there should be no need for anything else. Let us know soon.

Yours truly,

E. Hartman

WA 6-7664

82-2060

January 25, 1971

Re: Permit No. 82-2060 (30768)

Mr. Ernest Hartman
Box 23
Stites, Idaho 83552

Dear Mr. Hartman:

We have reviewed your Permit No. 30768/82-2060 trying to determine the land you listed as the place of use in your original application. The copy of the approved permit that we have describes the place of use as the SE $\frac{1}{4}$ NE $\frac{1}{4}$ Sec. 5, T. 31 N., R. 4 E., B.M.; and the SE $\frac{1}{4}$ NE $\frac{1}{4}$ Sec. 32, T. 32 N., R. 4 E., B.M. This same description was shown on the map which you submitted with the original application. The depositions you submitted showing proof of beneficial use also included this same description. We are sending you copies of the map and your deposition for your consideration.

It is apparent, from your letter, that it wasn't your intention to irrigate the SE $\frac{1}{4}$ NE $\frac{1}{4}$ Sec. 5 but rather Lot 2 which is the NW $\frac{1}{4}$ NE $\frac{1}{4}$ Sec. 5. Nevertheless, any license issued must correspond with the permit and depositions you submitted. Therefore, an amendment of your permit is necessary so that the land described by the permit as the place of use will match the land you are irrigating.

You also need to submit to us a new proof of application of water to beneficial use form that describes the correct place being irrigated. The necessary forms for this are included with this letter. It will not be necessary for your permit to be readvertised as the place of use was described correctly as Lot 2 of Sec. 5.

If you have further questions or information, please let us know before February 24, 1971.

Very truly yours,

BOBBY D. FLEENOR
Assistant Director

Re: Permit No. 30768 (New No. 82-2060)

Gentlemen:

In receipt of your notice of Jan. 15, 1971 concerning Permit
No. 30768 (New No. 82-2060)---

We filed for a water permit, filled out and returned all papers
required, published notice in Idaho County Free Press, completed
all work, paid fees and your Field Engineer came here and inspected
all of it.

On his papers, there was a mistake on the property description.
Mr. Hartman corrected this for him and took him to Grangeville,
the county seat, and proved the correct description. He left here
telling us that everything was in order.

Some time later we received a letter from your dept. telling us
that we would have to re-do the entire proceedings due to an
error in description.

If there was an error, it wasn't ours, and if ^{we} re-do the entire
thing, the State isn't going to pay for it.

If we could afford the time, work and money for all this, we wouldn't
need the water in the first place.

We have complied fully with all requisites. Now what do we do?

Yours truly,

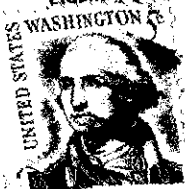

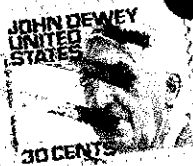

E. Hartman

Re: Permit No. 30768 (New No. 82-2060)

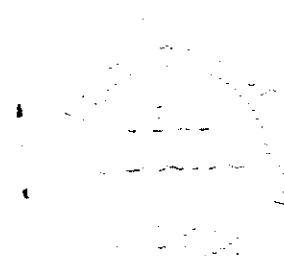

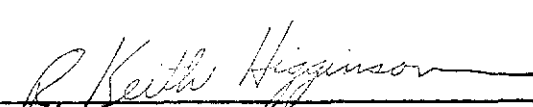

Ernest Hartman
Stites,
Idaho 83552

Dear Mr. Hartman:

It appearing to the Department of Water Administration that the terms and conditions of Permit 30768/82-2060 to appropriate the public waters of the State of Idaho have not been complied with as to failure to submit adequate proof of completion of works and beneficial use of water,

you are hereby notified that under the provisions of Section 42-311, Idaho Code, as amended, said permit is hereby held for cancellation, and you are required to show cause before the Director of the Department of Water Administration on or before February 24, 1971, why said permit should not be cancelled.

Permit 30768/82-2060 claims the use of 0.52 cubic feet per second of water, the point of diversion was to be located within the SE 1/4 Sec. 32, T. 32N, R. 4E, B.M. and Lot 2, Sec. 5, T. 31N, R. 4E, B.M. and the permit was approved October 17, 1962.

R. KEITH HIGGINSON
Director

82 2060

October 5, 1965

RE: Permit No. 30768

Ernest Hartman
Stites, Idaho

Dear Mr. Hartman:

Our field engineer's report on his inspection of proof of completion of works and application of water to beneficial use under the terms of Permit No. 30768 shows the pumps and pipe line are capable of conveying 23 miner's inches, or 0.46 c.f.s. of water for irrigation of 23 acres.

He found the points of diversion to be in Lot 2, Sec. 5, T. 31 N., R. 4 E., B.M.; SE~~1~~NE~~1~~, Sec. 32, T. 32 N., R. 4 E., B.M. for irrigation of 23 acres in the SE~~1~~NE~~1~~, Sec. 32, T. 32 N., R. 4 E., B.M. and Lot 2 (NW~~1~~NE~~1~~) Sec. 5, T. 31 N., R. 4 E., B.M.

Since both your permit and depositions show Lot 2 to be the SE~~1~~NE~~1~~, Sec. 5 it will be necessary for you to amend the land list, readvertise and make new depositions. We cannot issue the license and certificate until this is done. See the enclosed copy of a letter pertaining to a ruling from the Office of the Attorney General. The proper forms are enclosed.

There is a fee of \$1.00 for recording an amendment which should accompany the amendment and the legal notice.

Very truly yours,

RALPH W. THOMAS
Deputy State Reclamation Engineer

In Water District No. _____

1. Name of applicant Ernest Hartman2. Source of water supply: South Fork of Clearwater River3. Location of point of diversion: Is in the SE 1/4 NE 1/4 of Section 32T. 32N R. 4E County of Idaho4. Describe works as they exist, giving dimensions and capacities of same: See 32 = 5 HP GE

Motor # PLJ 325028 with 2 V belt on 7" pulley to a 2 V belt on a 5" pulley on a Meyers Centrifugal pump # M1635-Model 13LB 1 1/2" x 1 1/2" - 37' x 3" suction reduced to 1 1/2" inlet; 1 1/2" outlet increased to 4" main line and 1K - 3/16" pipe. See 5 = 10 HP Century Motor # 1A518015 direct connection to a Meyers Centrifugal pump # M1526-Model 251M, size 3" x 2 1/2" - 5" reduced to 3" suction pipe at inlet; 2 1/2" outlet increased to 4" main line. 27 - 3/16" pipe.

5. Water is used for: Irrigation

6. State whether or not water has been turned into works of diversion: _____

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):

32N-4E
SE 1/4 NE 1/4, Section 5; SE 1/4 NE 1/4, Section 32, 32N-4E Making a total of 25 3/4 acres to be irrigated.

L. 2 is the NW 1/4 NE 1/4 Sec 5, T 31N, R 4E. = 11.5 acm. or 12 acm.

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach? Snake River, ColumbiaRemarks: M. Ernest Hartman along

Calculated 5 HP Motor = 14' 7/16" ng/ft @ 30" = $\frac{5.50 \times 14}{44.8} = 1.7$ cfs

10 HP .. = 27 3/16" .. @ 30" $\frac{5.50 \times 27}{44.8} = 3.3$ cfs
50 cfs

This examination was made on the 16th day of September, 1965

(Signed)

Larry Johnson

Examiner.

30768

30768

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

Dear Mr. Hartman:

We acknowledge receipt of the depositions of holder and two witnesses, also affidavit of publication in the IDAHO COUNTY FREE PRESS, all submitted in proof of completion of works and beneficial use on Permit No. 30768

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Very truly yours,

DEPOSITION OF HOLDER

Ques. 1. State your name, residence, occupation and postoffice address: Ernest Hartman,
Stites, Idaho, occupation- retired.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business
(if a foreign corporation, give name of postoffice of statutory agent), your position
with reference to same, and your authority for appearing in its behalf:

Ques. 3. State number, approval date of permit, and date of priority you propose to
establish under the permit; No. 30768, approved October 17, 1962, priority Oct. 17,
1962

Ques. 4. State source of water supply: South Fork of Clearwater River
Give location of point of diversion, showing subdivision, section, township and range:
Lot 2, Sec. 5, T. 31 N. R. 4 E. and SE $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 32, T. 32 N. R. 4 E.

Ques. 5. Describe your works of diversion: pumps and pipe
; state amount of water they are capable of con-
veying from point of diversion to place of use 0.52 cu. ft. per second, Give name of canal or ditch
or other works by which water is conducted to such place of use: -----
; if a well, state depth of well -----; depth and size of cas-
ing: -----; depth to water -----; if pump is used,
state discharge of pump: 32,000 gal. per hr., tell how it was measured or determined: manufactur-
er's warranty; if sprinkler irrigation, give number and size of nozzles and
operating pressure: 24 sprinklers with 3/16 inch nozzles and 45 lb. operating
pressure.

Ques. 6. State for what purpose water is used: irrigation
If for irrigation, name each subdivision in which used and number of acres in each
subdivision that have actually been irrigated with said water: 11 $\frac{1}{4}$ acres in SE $\frac{1}{4}$ NE $\frac{1}{4}$,
Sec. 5, Twp. 31 N. R. 4 E.B.M. and 14 $\frac{1}{4}$ acres in SE $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 32, Twp. 32 N.
R. 4 E.B.M.

State nature of all improvements which have been made as a direct result of said use:
sprinkler system developed

30768

Ques. 6-a: If this is a ground water permit, give name and address of person that drilled the well: -----

Ques. 7. If for other than irrigation purposes, state purpose and how used: -----

Ques. 8. What is the minimum amount of water required for the purpose specified above:
0.52 cubic ft. per sec.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder: -----

Ques. 10. State when and in what amount the water diverted under above mentioned permit has been first used: 1962 Time used since first use:
years of 1962, 1963, and 1964

Ques. 11. Describe all other water rights appurtenant to same place of use:
none

Re: Permit No. 30768
Ernest Hartman

Idaho County Free Press
Grangeville, Idaho

Gentlemen:

We received the Notice of Publication proofs on the abovenumbered permit and find that the following correction should be made:

In Paragraph 5, line 3, please cross out the word "and" after SE~~1~~NE~~1~~, as this should read SE~~1~~NE~~1~~, Sec. 32,

We would appreciate another copy for our files after this correction has been made. Thank You.

Very truly yours,

CARL E. TAPPAN

Re: Permit No. 30768

August 17, 1964

Mr. Ernest Hartman,
Stites, Idaho.

Dear Mr. Hartman:

This acknowledges the Notice of Proof of Completion of Works and Application of water to Beneficial Use under Permit No. 30768. The proofs are to be made at 3:00 o'clock P.M., on the 18th day of September, 1964, before William J. Dee, Grangeville, Idaho, Notary Public.

As of this date, we have mailed the Notice to the Idaho County Free Press Grangeville, Idaho, with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof then mail the affidavit of publication and statement of costs to you.

It is important that the enclosed depositions be executed by you and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the place, on the date, and at the time and before the Notary, as advertised. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, the Notary's seal has been placed on each and that all depositions, (holder and two witnesses) are being returned. Also be sure to enclose the AFFIDAVIT OF PUBLICATION.

Very truly yours,

CARL E. TAPPAN
State Reclamation Engineer

NOTICE OF PROOF OF COMPLETION OF WORKS
and
APPLICATION OF WATER TO BENEFICIAL USE

Department of Reclamation

NOTICE is hereby given that at 3:00 P. M., on the 18th day of Sept August 19 64, at Grangeville, County of Idaho, State of Idaho, before William J. Dee, Notary Public, at (address) Grangeville, Idaho, proof will be submitted of the completion of works for the diversion of 0.52 cubic feet per second of the waters of South Fork of Clearwater River, and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. 30768, heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit is: Mr. Ernest Hartman, Stites, Idaho

2. Said works of diversion will be fully completed on the date set for such completion and the amount of water which said works are capable of conveying to the place of use is 0.52 cubic feet per second.

3. The use to which said water has been applied is irrigation - By Sprinklers purposes, and the amount applied to beneficial use is 0.52 cubic feet per second.

4. The point of diversion of said water is Lot 2, Sec. 5 T 31N., R 4E, SE $\frac{1}{4}$ NE $\frac{1}{4}$ and Sec. 32, Twp. 32N. Rge. 4 E. B.M.

5. The place where said water is used is Lot 2, Sec. 5 T. 31N., R 4 E. SE $\frac{1}{4}$ NE $\frac{1}{4}$ and Sec. 32, Twp/ 32N. Rge. 4 E. B.M.

6. The date of priority which said user is prepared to establish is 16 OCT 62 all ready established Total 40 acres.

CARL E. TAPPAN

State Reclamation Engineer

30768

STATE OF IDAHO
DEPARTMENT OF RECLAMATION

Re: Permit No. 30768

Date: July 31, 1964

Ernest Hartman
Stites, Idaho

Dear Mr. Hartman:

Under the terms of your Permit No. 30768 you are required to make proofs of completion of works and application of water to beneficial use on or before October 17, 1964.

Before this proof can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper in the county.

We enclose Form 36-A in duplicate, which is to be filled in and returned to this department at least forty (40) days before the above mentioned date and/or before the time you intend to make proof (this may be at any place that is convenient for you and your two witnesses), the quantity of water, for what purpose it is used, the point or points of diversion and the location of use, or lands which are irrigated - - by legal description. Descriptions should be taken from your Permit, including any amendments thereto, as recorded in this department. If changes have been made and no amendments are on record, we advise that you request a form for this purpose before your notice is published, or you may have to readvertise and complete another set of proof forms.

Also enclosed is Form 11, which is the authorization for us to have the notice published in the designated county newspaper, at your expense. This is to be returned with Forms 36-A

At the time we send the notice to the newspaper we will send you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, and at the place named, before the Notary Public as advertised in the publication notice.

The amount of water allowed in a license cannot be more than is actually produced and measured and put to beneficial use, and cannot be more than the statutory amount allowable per acre of land actually found by the field inspection to have been irrigated at the time of proof.

Very truly yours,

Carl E. Tappan

NAME OF APPLICANT Emil Hartman

Form No. 0

October 1, 1962

Ernest Hartman
Stites, Idaho

Dear Mr. Hartman:

Returned herewith is your application for permit with attached check for \$5.00 filing fee.

Under 2, quantity of water claimed, we have inserted 0.52 cubic feet per second which is the maximum amount you can claim for irrigation of 26 acres of land.

Under 3, we have shown the South Fork to be a tributary of Clearwater River.

Under 4, the two points of diversion must be shown, showing 40-acre subdivision. We can show that information if you complete the maps.

Under 12, we show 2 years as it takes some time to make the necessary proofs of completion of works and beneficial use of the water. Forms will be sent to you when the permit is sent to you after approval.

The map is not satisfactory as the stream must be shown with the points of diversion and the land to be irrigated. The stream is shown in pencil. This location is probably in error as it is from a small scale map of doubtful accuracy. Kindly correct as necessary, show the points of diversion, and the land to be irrigated.

Return the completed application with the attached check for processing.

Very truly yours,

GEO. N. CARTER
State Reclamation Engineer
