AFFIDAVIT OF PUBLICATION

NOTICE OF PROOF OF COMPLETION OF WORKS and APPLICATION OF WATER TO BENEFICIAL USE
Notice is hereby given that on the 7th day of September, 1967, at Grangeville, County of Idaho, State of Idaho before Joseph Montell, Notary Public at (address) 111 East Main Street, Grangeville, Idaho, proof will be submitted of the completion of works for the diversion of 400 g-p-m of underground water from a well, and of the application to beneficial use of said water, in accordance with terms and conditions of Permit No. G 33076, heretofore issued by the Department of Reclamation of the State of Idaho.
1. The name and postoffice address of the person or corporation holding said permit is City of Grangeville, Grangeville, Idaho.
2. Said works of diversion will be fully completed on the date for such completion, and the amount of water which said works are capable of conveying to the place of use is 400 g-p-m.
3. The use to which said water has been applied is Municipal purposes and the amount applied to beneficial use is 400 g-p-m.
4. The point of diversion of said water is SW $\frac{1}{4}$ of the SW $\frac{1}{4}$ of Section 18 Twp. 30 N, Rge 3 E., BM.
5. The place where said water is used is Sections 18, 19 & 20 Twp. 30N, Rge. 3E BM.
6. The date of priority which said user is prepared to establish is August 8, 1966.
R. KEITH HIGGINSON
State Reclamation Engineer
Jy20-A10

Gary D. Cash being first duly sworn, says he is the Office Manager of the IDAHO COUNTY FREE PRESS, a weekly newspaper which is published and issued weekly at Grangeville, Idaho County, State of Idaho, and which is of general circulation in said county and state; that the said notice, of which the one hereto attached is a true copy, was published in said paper for four weeks, being published four times, the first publication being on the 20th day of July, 1967, and the last publication on the 10th day of August, 1967; and that the said notice was published in the newspaper proper and not a supplement; that said newspaper has been continuously and uninterruptedly published in said county during a period of more than seventy-eight consecutive weeks prior to the first publication of said notice or advertisement.

Gary D. Cash

Subscribed and sworn to before me this 20th day of September, 1967.

Richard C. Hatch, Notary Public for State of Idaho, residing at Grangeville, Idaho.

Memorandum

Re: Permit Nos. G-33075 and G-33076

Subject: Summary of data used in licensing Grangeville applications

The following data was received from Gary Welles, Bureau of Business Research, Idaho State University. This data is based upon the questionnaire received from the City of Grangeville and it is based on the year 1966.

Wells 171,700,000

Surface 15,000,000

Total Use 186,700,000 gallons per year

System metered with estimated 10% delivery loss

Population (1966) - 3730

Per capita use - 140 gallons per day

State average per capita use - 236 gallons per day

The field examination showed both wells easily capable of producing this amount of water based upon the present total use of 288 acre feet per year.

Will license both wells at the field examination rate of diversion and limit volume to 600 acre feet per year combined or 300 acre feet per year each.

By: Dean Schnible

Re: Permit No. G-33076

City of Grangeville
Grangeville, Idaho 83530

Gentlemen:

We acknowledge receipt of the depositions and affidavit of publication in the
Idaho County Free Press submitted as proof of completion of works and beneficial use on Permit G-33076.

Before a certificate and license of water right can be issued, a field examination must be made by a representative from this department. We cannot tell just when this examination will be made, but our field examiner will try to contact you at the time he makes the examination so that you may show him the system.

Re: Permits G-33075 & G-33076

June Edwards
City Clerk
Grangeville, Idaho

Dear Miss Edwards:

We are returning the affidavit of publication and depositions submitted as evidence of proof of application of the water to beneficial use and completion of works on the above referenced permit.

Please be advised, that these depositions are not acceptable as required under the conditions of Permits G-33075 and G-33076. Instructions forwarded to you on June 1, 1967, specified that the proof must consist of an affidavit of publication obtained from the newspaper, a deposition of holder of the permit (someone representing the City of Grangeville) and two depositions submitted by witnesses who are disinterested in the matter. What we have received, appears to be depositions of two disinterested witnesses and we have not to date received depositions on the correct form for the holder, a representative of the City of Grangeville. Please remember there will be one complete set of depositions for each permit.

Therefore, in order that your depositions and proof be acceptable, we are enclosing a new set of forms for your use in this matter. Please review the forms carefully before completing them. Contact us if we can be of further assistance.

Very truly yours,

Donald W. McEldowney
Water Rights Clerk

Re: Permit No. G - 33075; G-33086

City of Grangeville
Grangeville, Idaho

Gentlemen:

The date for proofs of Completion of Works and Application of water to beneficial use, as set out under terms of Permit No. G- 33075 are due not later than Aug. 15, 1967
G- 33076 Aug. 15, 1967

Before these proofs can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county in which the land is located. In completing the Notice of proof for publication, the information should be taken from your Permit, including any amendments made in connection with a change of point of diversion or land list, which has been recorded in this department. If changes have been made and no amendments are on record, we advise you request a form for this purpose before your Notice is published.

We enclose Form 36, in duplicate, which is to be filled out and returned to this department at least FORTY (40) DAYS BEFORE THE MENTIONED DATE, (allowing for four weeks publication). Please give the name of the town, the address of the place where the depositions will be executed, and, the name of the notary public before whom you will appear to make the depositions of proof (this may be at any place convenient for you and your two witnesses), the quantity of water filed; for what purpose it is used; the point, or points, of diversion; and the location of use or the lands which are irrigated - - all by legal land description.

Enclosed also is Form 11, which is the authorization for us to have the notice published in the designated county newspaper at your expense. This is to be returned with two Forms 36.

At the time we send the notice to the newspaper we will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, at the place named, and before the notary public, as advertised in the publication notice.

Very truly yours,

STATE RECLAMATION ENGINEER
