Dear Mr. Thiessen:

Upon checking the file on the above numbered permit we find that there is no well log on your well. State Statutes require that a log on each water well in the state be filed in this department. It is the responsibility of the driller to see that logs are sent in.

Will you please send us the name of the driller so that we may contact him, or you may contact him and remind him that he has not complied with the law and is subject to prosecution.

Dear Mr. Butler:

Thank you for calling attention to your affidavit on the bottom of Mr. Thiessen's deposition.

This completes the proof of completion of works and beneficial use on Permit No. G-24903 but before final action is taken in the matter, the law requires that a field examination be made by an engineer from this Department.

We cannot tell just when this examination will be made but our field engineer will try and contact Mr. Thiessen at the time he makes the examination so that arrangements may be made to show him over the grounds.

Lewiston, Idaho

Dear Mr. Butler:

We have your letter of March 30 and in reply enclose forms of deposition to be executed by Mr. August D. Thiessen and two witnesses in proof of Completion of Works and Beneficial Use on Permit No. G-24903.

These forms were sent to Mr. Thiessen on February 14, 1955, and it is unfortunate that he failed to bring them with him when he appeared with the witnesses to make the proof.

Since the proof is to be made at a later date than as given in the published notice they should be accompanied by your own Affidavit stating that your office was open at the time set for proof, that no Protests were filed (if such was the case) and that the taking of the proofs was postponed until April 9, 1955.

Very truly yours,

Gentlemen:

Notice of Proof of Completion in the above matter was advertised to be held before me at 10:00 A. M. today. The applicant and witnesses appeared at my office but we did not have the forms of deposition mentioned in your letter of September 3, 1954, accordingly I postponed the meeting until April 9, at 10:00 A. M. Will you kindly send the forms for deposition directly to my office before that date.

Very truly yours,

Dear Mr. Thiessen:

We are sending to the Lewiston Tribune notice for completion of works and beneficial use proof to be made on your Permit No. G-24903 March 30, 1955, with instructions to publish it once a week for four weeks prior to that date and to send you the affidavit of publication together with statement of costs.

We have had to change this notice in one particular as the priority that can be established under this Permit cannot be earlier than the date the application was filed in this department, or April 15, 1954.

At the time set, you should appear before Mr. Edward C. Butler, Notary Public, together with two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder for the purpose of executing the enclosed depositions.

Very truly yours,

RE: Permit No. G-24903

Mr. August D. Thiessen  
Route 1, Box 37  
Lewiston, Idaho

Dear Mr. Thiessen:

We have your letter requesting forms and instructions for making proof on your Permit No. G-24903.

Both proofs of completion of works and beneficial use are required to be made at the same time on this Permit and we are not sure from your letter that you are prepared to make both proofs.

If that is the case, before these proofs are made, the law requires publication of a notice once a week for four weeks in the county where the well is located.

This notice should be made in duplicate on Form 36 enclosed setting the time and place and naming the Notary Public before whom the proofs are to be made.

The proofs may be made at any place convenient for you and your two witnesses but the time of course must be set far enough ahead to allow for the four weeks publication.

Both copies of Form 36 to be returned to this department together with Form 11, which is your authorization for us to have the notice published in the designated county newspaper at your expense.

We shall then send a copy of the notice to the newspaper with instructions in regard to publishing and shall send you the necessary forms of deposition to be used in making the proofs.

Very truly yours,

MARK R. KULP

Dear Mr. Thiessen:

We enclose Permit No. G-24903 together with departmental receipt No. G-531 for the \$5.00 filing fee.

Although the application states that only one year will be required for completion of works and beneficial use, we have allowed two years or until May 3, 1956. However, these proofs can be made at any earlier date which you are prepared to make them and we shall be glad to send the necessary forms and instructions, upon request.

Dear Mr. Thiessen:

We have your application for permit to appropriate 2/5ths of a second foot of water from a well in the SE $\frac{1}{4}$  SW $\frac{1}{4}$  NW $\frac{1}{4}$  Section 26, Township 35 North, Range 5 West, B. M. accompanied by your check for the \$5.00 filing fee.

We are sorry that we misunderstood your request for an application form as we should have sent you the form to be used in filing on a well instead of the one for use on surface water.

We return the application with the request that you refile on form 3 enclosed and be sure to sign the application on the line indicated on the third page which you failed to do on the application received this morning.

Dear Mr. Thiessen:

In reply to your request of March 24th, we enclose a form of application for permit to appropriate the public waters of the State of Idaho together with a pamphlet giving regulations and instructions in regard to filing same.

When this application is approved, it will be signed by the proper State Officials and sent you as a use permit under which you may proceed with the construction of the work described in the application. In order to complete your water right, two proofs are required as follows:

First, proof of Completion of Works which is made by affidavit before a Notary Public. The time required for making this proof should be stated under Question 12 in the application.

The final proof is made when the water has been completely applied for irrigation or whatever purpose it is intended. Notice of such proof must be published for four consecutive weeks in a county newspaper at your expense, and at the time set for proof, depositions are to be executed by yourself and two witnesses in proof of such beneficial Use. The additional time required for making this proof should be stated under Question 13 of the application.

Dear Sir:

The N. Y. Peru Soil Conservation District suggests that I contact you regarding water permits within the State of Idaho. I would like to apply for a permit to appropriate waters from one of the following sources:

Check one

- ☐ 1. Public waters (river, stream, etc.)  
☒ 2. Subterranean waters (dug or drilled well)  
☐ 3. Spring flow (develop springs or seeps)  
☐ 4. Stored water (dam and pond construction)

Approximately        cfs; or 110 gpm; or        ac.ft.,  
will be required for lands in        county, Section  
26, Township 35, Range 1W.

Please send the proper application blank to:

(Name) August D. Thieson  
(Street, box, RFD) RT 1 B & 37  
(City, State) Lewiston Idaho

It is understood that when the proper application blank has been completed it will be returned to your office with a \$5.00 filing fee and that your office will then issue a use permit.

Very truly yours,

August D. Thieson
