PUBLISHER'S AFFIDAVIT OF PUBLICATION

NOTICE OF PROOF OF COMPLETION OF WORKS

and APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 10:00 A. M., on the 18th day of July, 1955, at Lewiston, County of Nez Perce, State of Idaho, before Elbert A. Stellmon, Notary Public, proof will be submitted of the completion of works for the diversion of 1.67 cubic feet per second of the waters of subterranean supply and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. G-24350 heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit are City of Lewiston, Lewiston, Idaho.

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use, in accordance with the plans accompanying the application for such permit, is 1.67 cubic feet per second.

3. The use to which said water has been applied is supplemental water to municipal water system purposes, and the amount applied to beneficial use is 1.67 cubic feet per second.

4. The place where said water is used is within corporate limits of City of Lewiston, and the well is located in the NW 1/4 SW 1/4 Section 6, Township 35 North, Range 5 West, B.M.

5. The date of priority which said user is prepared to establish is August 6, 1955.

MARK R. KULP,
State Reclamation Engineer.

APPLICATION FOR PERMIT

To Appropriate the Subterranean Waters of The State of Idaho

Application No. G- 32141
 Permit No. G- 24350
 District No.

R. C. Lowrie, City Engineer
 Lewiston, Idaho

1. Name of Applicant: CITY OF LEWISTON
 Postoffice address: Lewiston County: Nez Perce State: Idaho
2. Quantity of water claimed:
 - (a) Rate of withdrawal in cubic feet per second. 2.67 or Idaho
 Miners' inches or gallons per minute. 1200
 - (b) Annual withdrawal in acre feet per annum 2000
3. Source of water supply: Well
4. Location of point of diversion or well is in the NW 1/4 of the SW 1/4 of Section 6
 Twp. 35 N., Rge. 5 W., B.M., County of Nez Perce
5. Water is to be used for: Municipal
6. If for municipal, industrial or recreational purposes, give: City of Lewiston
 - (a) Point of use of water is in the 1/4 of the 1/4 of Section , Twp.
 Rge. , B.M.
 - (b) Waste water or sewage effluent is to be returned to Clearwater River
 at a point in the NE 1/4 of the NW 1/4 of Section 36 , Twp. 36 N., Rge. 6 W., B.M.
7. Kind of works: Supplemental water to municipal water system
8. Estimated cost of works: \$40,000.00
9. (a) Is reservoir to be used? Pump connected to distribution system from reservoir
 (b) Capacity of reservoir: 4,000,000 gallons
10. The time required for the completion of such work and complete application of the water to the proposed use is Oct. 1, 1953 years.
11. If applicant is a corporation, give:
 - I. (a) Date and place of incorporation:
 (b) Amount of capital stock: \$ (c) Amount paid in: \$
 (d) Names and addresses of directors:
 - II. The financial resources of the applicant are (a) Cash on hand: \$
 (b) Treasury stock: (c) Bonds to be issued:
 (d) Other resources:
12. The land to be irrigated is described in the following tabulation:
13. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are:
 - (a) (cubic feet per second, inches or gallons per minute) of the water herein applied for is to be supplemental to the existing water rights.
 - (b) (cubic feet per second, inches or gallons per minute) is for new lands.

Remarks: The well has been completed and pump tests completed. Deep well turbine pump and connection to distribution system s be completed about August 15, 1953.

BE IT KNOWN THAT The undersigned hereby makes appli cation for permit to appropriate the public waters of the State of Idaho as herein set forth.

RE: Permit No. G-24350

Mr. R. C. Lowrie
City Engineer
Lewiston, Idaho

Dear Mr. Lowrie:

We now have the report of our field engineer on examination for completion of works and beneficial use on Permit No. G-24350.

A Certificate of Completion of Works and License can, therefore, be issued for 2.67 second feet of water from a well in the NW1/4 Section 6, Township 35 North, Range 5 West, B.M. for municipal water supply for the City of Lewiston. The statutory fees for completion of works and license are \$5.00 each, or a total of \$10.00.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO
REPORT OF ENGINEER

Permit No. G-24350

This proof is for ~~Completion of Works & Beneficial Use~~ In Water District No. _____

1. Name of applicant City of Lewiston, Lewiston, Idaho - R. C. Lowrie, City Engineer

2. Source of water supply: Subterranean from a well

3. Location of point of diversion: Is in the NW $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 6

T. 35 N. R. 5 W. County of Naz Perce

4. Describe works as they exist, giving dimensions and capacities of same: There is no well house. Pump is the submersible type. Top of the well has a concrete case and cover. 8" pipe line leads into a concrete pit size 4'8" by 7'9" by 4'9" deep. In this pit the line passes through a check valve and a gate valve and connects to the Lewiston City water system. There is a large G. E. control box mounted on a pole to the South of the well. The pump is used as a standby in the summer and when the water is needed. Motor is 150 hp. Pump is a B. J. Submersible type size 14", 6 stage, column is 191" by 8" diameter. Statements made on the application are correct as the well was finished and the pump connected to the Lewiston City line before the filing was made.

5. Water is used for: Municipal water supply

6. State whether or not water has been turned into works of diversion: Yes

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):

City of Lewiston, Idaho

See the map

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach? _____

Remarks: Population of Lewiston is 15,000 and present water system during summer peak will deliver as high as 3,000 g.p.m. from the Clearwater River, which, without supplemental wells, is insufficient. Furthermore, the well being situated at the end of the line helps to maintain pressure through the end of the laterals in the city mains.

This examination was made on the 3rd day of October, 1955

(Signed) E. M. Humphrey Examiner.

G-24350

$$\frac{w \times h}{550} = \text{hp } 150$$

$$\frac{100}{150 \times 550} = w$$

$$180$$

$$\frac{300}{180 \times 550}$$

$$\frac{157 \times 167}{550} = \text{hp}$$

$$\frac{157}{170} = 3.27$$

600' x 16" well,
h = 107'6"
dd = 5'2"

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

Dear Mr. Lowrie:

We have your letter of July 20th enclosing the affidavits as stated.

This completes proof of completion of works and beneficial use on Permit No. G-24350 of the City of Lewiston. Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made but our field engineer will try and contact you before he makes the examination so that arrangements may be made to show him over the grounds.

RE: Permit No. G-24350

Mr. R. C. Lowrie
City Engineer
Lewiston, Idaho

Dear Mr. Lowrie:

We acknowledge receipt of your letter of July 18th enclosing depositions of yourself and two witnesses in proof of completion of works and beneficial use on Permit No. G-24350 of the City of Lewiston.

Since these depositions were signed before another Notary than as named in the official publication, they should be accompanied by an affidavit signed by Mr. O'Connell to the effect that Mr. Stellman was absent from the office at the time set for proof and that the proofs were made before him as Notary Public.

The affidavit of publication is an essential part of the proof and the Lewiston Morning Tribune was instructed to send this to you. If you have not received it, we suggest that you take the matter up with them at once.

Very truly yours,

BOISE, IDAHO

Permit No. G-24350

Proof of Application of Water to Beneficial Use
and Completion of Works
Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. R. C. Lowrie, Civil Engineer
1441 Idaho Street, Lewiston, Idaho

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. City of Lewiston as City Engineer

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. G-24350 August 7, 1953 August 6, 1955

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. From subterranean supply by deep well turbine located in NW 1/4
SW 1/4, Sec. 6, T 35 N., R. 5 W., being 410 feet south and 60 feet east of
west 1/4 corner of said section.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. Pump connected to distribution system of Lewiston water system.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Supplemental water for municipal system.

24350

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. All uses as might be required from a municipal water system.

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. When operating, the well produces 2.67 C.F.S.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans.

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. Usually used about five months each year during the summer months to supplement other supplies.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. Pumping plant on Clearwater River producing about 10 C.F.S. and two other wells producing about 3 C.F.S.

Permit No.

Proof of Application of Water to Beneficial Use
Deposition of Witness **and Completion of Works**

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Lewis W. Hawkins Age 65
1208 - 8th Street, Lewiston, Idaho

Ques. 2. Are you acquainted with R. C. Lowrie, the holder of Permit No. G-24350? How long have you known him and where does he reside?

Ans. Yes. One year. 1441 Idaho Street, Lewiston, Idaho.

Ques. 3. Have you read or heard read said Permit No. G-24350, and are you familiar with its provisions and conditions?

Ans. Yes.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Well located in NW 1/4, SW 1/4, Sec. 6, T. 35 N., Rge 5 W. being 410 feet south and 60 feet east of west 1/4 corner of said section.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. At least 5 second feet. Have seen 2.67 sec. ft. going thru by means of reading meter on discharge line.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. 1200 G.P.M. by reading meter on discharge line to water system.

24350

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water for well is pumped directly into municipal water lines of distribution system of City of Lewiston, Idaho.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. All water from well is used along with water from municipal water system for all water purposes.

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No.

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. More water available for use in area served Lewiston water system and pressure is increased in vicinity of well which is in an area which formerly had low pressure.

(Signed) Lewis W. Hawkins

NOTICE OF PROOF OF COMPLETION OF WORKS
and
APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 10:00 A. M., on the 18th
day of July, 1955, at Lewiston, County of
Nes Perce, State of Idaho, before Elbert A. Stallman, Notary Public,
~~Notary Public~~, proof will be submitted of the completion of works for
the diversion of 1.67 cubic feet per second of the waters of sub-
terranean supply and of the application to beneficial use of
said water, in accordance with the terms and conditions of Permit No.
0-24350 heretofore issued by the Department of Reclamation of the
State of Idaho.

1. The name and postoffice address of the person or corporation holding
said permit are City of Lewiston, Lewiston, Idaho.

2. Said works of diversion will be fully completed on the date set for
such completion, and the amount of water which said works are capable of con-
veying to the place of use, in accordance with the plans accompanying the appli-
cation for such permit, is 1.67 cubic feet per second.

3. The use to which said water has been applied is supplemental water
to municipal water system purposes, and the amount applied to beneficial
use is 1.67 cubic feet per second.

4. The place where said water is used is within corporate limits of
City of Lewiston, and the well is located in the NW $\frac{1}{4}$ SW $\frac{1}{4}$ Section 6,
Township 35 North, Range 5 West, B.M.

5. The date of priority which said user is prepared to establish is
August 6, 1955.

MARK R. KULP

State Reclamation Engineer

Mr. R. C. Lowrie, City Engineer
Lewiston
Idaho

Dear Mr. Lowrie:

We acknowledge receipt of your letter of July 24, 1953, enclosing application of the City of Lewiston to appropriate 1200 gallons per minute of water from a well in the NW $\frac{1}{4}$ SW $\frac{1}{4}$ Section 6, Township 5 North, Range 35 East, B.M., and we have also received the well log from A. A. Durand & Son.

However, this application is incomplete in that it should be accompanied by duplicate sketch maps on the form enclosed, showing the location of the well and the place of use.

There is also a filing fee of \$5.50 in connection with the application. This is at the rate of \$5.00 for the first second foot (or 450 gallons per minute) and 25 cents for each additional second foot.

NOTICE OF PROOF OF COMPLETION
OF WORKS

and
APPLICATION OF WATER TO
BENEFICIAL USE

Notice is hereby given that at 10:00 A. M., on the 18th day of July, 1955, at Lewiston, County of Nez Perce, State of Idaho, before Elbert A. Stellmon, Notary Public, proof will be submitted of the completion of works for the diversion of 1.67 cubic feet per second of the waters of subterranean supply and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. G-24350 heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit are City of Lewiston, Lewiston, Idaho.

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use, in accordance with the plans accompanying the application for such permit, is 1.67 cubic feet per second.

3. The use to which said water has been applied is supplemental water to municipal water system purposes, and the amount applied to beneficial use is 1.67 cubic feet per second.

4. The place where said water is used is within corporate limits of City of Lewiston, and the well is located in the NW $\frac{1}{4}$ SW $\frac{1}{4}$ Section 6, Township 35 North, Range 5 West, B.M.

5. The date of priority which said user is prepared to establish is August 6, 1955.

6-10-55 MARK R. KULP,
State Reclamation Engineer.
