Mr. C. J. Hopkins, Secretary
Potlatch Forests, Inc.
1002 7th Street

Dear Mr. Hopkins:

Our field engineer's report on his inspection of the completion of works and beneficial use of the water under the terms of Permit No. G-24266 shows that the works are capable of conveying 22 miners inches (.44 c.f.s.) of water for domestic and industrial use, and, that the place of use is within the NW $\frac{1}{4}$, NW $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 33 and Lots 5 and 6 of Section 28, Township 36 North, Range 5 West, B.M. The permit, as recorded, describes the place of use as SW $\frac{1}{4}$ NW $\frac{1}{4}$ of Section 33, therefore, it is necessary that it be amended to include the additional area. We enclose an Application for Amendment to place of use for this purpose.

Upon receipt of the amendment, mentioned above, and the statutory fees, totaling \$10.00, we will issue the Certificate of Completion of Works (5.00) and the License and Certificate of Water Right (5.00) confirming the right with priority of July 3, 1953, to the use of .44 second feet of subterranean water, with point of diversion (well house) in the SW $\frac{1}{4}$ NW $\frac{1}{4}$ of Section 33, for domestic and industrial use in the NW $\frac{1}{4}$, NW $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 33, Lots 5 and 6 of Section 28, Township 36 North, Range 5 West, B.M.

Dear Mr. Hopkins

Statutes requires a field inspection in connection with the proofs on Permit # G-24266 before license and certificate of water right can be issued.

Such inspection and report on same is required for any and all permits being brought to license within this State.

An inspecting Engineer from this Department requests that you or someone familiar with the terms of the permit and representing you be prepared to accompany him on the inspection, on Tuesday

September 16, 1958.

If he cannot get in touch with you by phone or otherwise he will drive to the well location or point of diversion given in the permit.

Dear Mr. Hopkins:

We acknowledge receipt of the Deposition of Holder and two witnesses, also affidavit of publication in the Lewiston Morning Tribune, all submitted in Proof of Completion of Works and Application of Water to Beneficial Use, under Permit No. G-24266, in the name of Potlatch Forests, Inc.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

AFFIDAVIT OF
WYNNE M. BLAKE

WYNNE M. BLAKE, being first duly sworn upon oath deposes and says, that he is an attorney licensed to practice in all the courts in the State of Idaho; that he has examined the file of Potlatch Forests, Inc., relating to Permit No. G-24266, issued by the Department of Reclamation, and the statutes of the State of Idaho as contained in Title 42, Chapter 2, of the Idaho Code.

That it would appear to Affiant that Proof of Application of Water to Beneficial Use may be made by Affidavits of Witnesses; that said Affidavits may be taken before any officer authorized by law to take sworn statements, and that such Affidavits need not necessarily be taken by the Hearing Officer before whom Proof is required to be made.

That from Affiant's investigation, it is apparent that at the time the depositions of C. J. Hopkins, R. T. Bowling and Joseph L. Betts were taken on the 16th day of July, 1958, before Betty Lambert, a Notary Public, that it appeared then probable that one or more of said witnesses might not be available in the City of Lewiston for the hearing set for July 21, 1958. That, by reason thereof, it was deemed advisable that said Proof by Deposition be so taken on July 16th while all witnesses were available for later submission to the Hearing Officer on July 21st.

However, through inadvertence and mistake, said depositions were mailed to the Department of Reclamation on the 16th of July, but were returned by the Department by letter dated July 18th and were available for the Hearing Officer in Lewiston on July 21st.

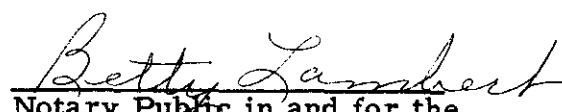

P 24266

It would appear to the Affiant from his examination of the depositions of C. J. Hopkins, R. T. Bowling and Joseph L. Betts, and from his examinations of the statutes, particularly Section 42-217, Idaho Code, that the Applicant, Potlatch Forests, Inc., has fully complied with the statutes of the State of Idaho in their Proof of Application of Water to Beneficial Use.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed my official seal this 22nd day of July, 1958.

Secretary of Potlatch Forests, Inc.,
Lewiston, Idaho

Dear Mr. Hopkins:

We are returning your Proof of Completion of Works and Application of Water to Beneficial Use, in connection with Permit No. G-24266, in the name of Potlatch Forests, Inc., for the following reasons.

We observe under the Notice of Proof of Completion of Works and Application of Water to Beneficial Use, the affidavit of same which we are returning with the depositions, state that the proof should have been made at 10:00 A. M. on the 21st day of July, 1958, before R. F. Hansen, Notary Public.

We note on the depositions of the Holder and two witnesses, that they were notarized on the 16th day of July, before Betty Lambert, Notary Public. Therefore it will be necessary that you furnish this department with an affidavit signed by Mr. R. F. Hansen stating that his office was open for business on the 21st day of July, 1958 and that no person or persons appeared before him to protest the Proof of Completion of Works and Application of Water to Beneficial Use in connection with Permit No. G-24266, either written or verbal.

It will also be necessary to furnish this department with an affidavit stating the reason why the depositions were not signed on the 21st day of July, 1958, instead of the 16th of July, 1958 and before a different notary than was advertised. This is to protect the legality of your permit.

Kindly furnish us with the required affidavits and return all papers to this department.

Re: Permit No. G-24266

The Lewiston Morning Tribune ran the first notice of Proof of Completion. In Paragraph No. 4, the point of diversion was published as being in the SE $\frac{1}{4}$ of the SE $\frac{1}{4}$ of Section 32, Township 36 North, Range 5 West. This is an error. The notice which we completed and forwarded to you shows the point of diversion of the water is from a well in the SW $\frac{1}{4}$ NW $\frac{1}{4}$ of Section 33. We are at a loss to know where the error in the description crept in and wish you would advise the paper to correct Paragraph 4 to read as follows: "The point of diversion of said water is from a well in the SW $\frac{1}{4}$ of the NW $\frac{1}{4}$ of Section 33, Township 36 North, Range 5 W.B.M., County of Nez Perce."

Dear Mr. Beardmore:

In reply to your letter of June 2, 1958, relative to the above captioned permit, as per your request, we are enclosing herewith, a copy of Permit No. G-24266.

We wish to state that it is necessary for us to charge you a fee of one dollar for furnishing you said copy, which you may submit to this department.

Since your proofs were due July 3, 1955, we cannot grant you any extension of time, however we failed to send you the proper notice stating that your proofs were due on July 3, 1955, therefore we have given you 60 days from May 21, 1958, in order to file your proofs in this department, providing your works were fully completed and water applied to beneficial use as of July 3, 1955.

We are also enclosing herewith, forms to be filled out by you for publication purposes as the first step in connection with the filing of said proofs as per attached form letter of instructions enclosed herewith.

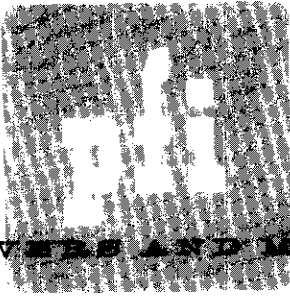

Very truly yours,

MARK R. KULP

Dear Mr. Kulp:

Re: Permit No. G-24266

We have your letter of May 21 relative to the above permit and our apparent failure to file proof of completion of this well. Since you have called it to our attention, we have been attempting to locate our office file and have been unable to do so. This well was completed some years ago and has been in continuous use since. We would appreciate it if you could make us a Thermofax or other copy of your file for us and bill us for your cost. Also, send us the necessary forms for completion of proof.

If it is possible to do so, we would appreciate it if you would extend the time for filing of the proof.

Very truly yours,

George W. Beardmore
