Dear Mr. Law:

We enclose Certificate of Completion of Works issued under Permit No. 23052, for the diversion of one-half second foot of water from Mission Creek, with point of diversion in the NE $\frac{1}{4}$ SW $\frac{1}{4}$ Section 21, Township 35 North, Range 3 West, B.M., for irrigation of land in the SE $\frac{1}{4}$ NW $\frac{1}{4}$ and NE $\frac{1}{4}$ SW $\frac{1}{4}$ of said Section 21.

We also enclose departmental receipt No. 25061 for the \$5.00 fee in connection with proof of completion of works.

We have sent to the Lewiston Morning Tribune notice of beneficial use proof to be made under this permit on December 10, 1952, with instructions to publish it once a week for four consecutive weeks prior to that date and to send you the affidavit of publication together with statement of costs.

At the time set, you should appear before Edward C. Butler, Notary Public, together with two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder for the purpose of executing the enclosed depositions.

We return Permit No. 23052 which was enclosed with your proof of completion of works.

Very truly yours,

Dear Mr. Law:

We acknowledge receipt of your affidavit in proof of completion of works under Permit No. 23052, accompanied by your check for the statutory fee of \$5.00 in connection therewith.

We note, however, that you describe the land on which the water has been used as 27 acres in the NE¹/₄ SW¹/₄ Section 21, Township 35 North, Range 3 West, B.M., and do not mention the SE¹/₄ NW¹/₄ of said section which was also included in the permit. Was this omitted intentionally?

Your notice of beneficial use proof states that these proofs would be made on September 30, 1952. Evidently this is an error, as the notice is not dated until October 15, 1952. If you will set a later date, far enough ahead to allow for four weeks' publication required by statute, we shall send a copy of the notice to the newspaper with instructions in regard to publishing.

Meanwhile we return your Permit No. 23052 which was enclosed in your letter.

Mr. W. S. Law
Caldeseo
Idaho

Dear Mr. Law:

We enclose Permit No. 23052, together with departmental receipt No. 24781 for the \$5.00 filing fee.

Since the application states that the works are completed and that no additional time is required for making proof of beneficial use, we have allowed three months or until December 23, 1952, within which to make these proofs.

Proof of completion of works should be made on Form 6 enclosed, executed before a Notary Public and returned to this department with the statutory fee of \$5.00.

Proof of beneficial use requires publication in a local newspaper once a week for four weeks before proof is made. Notice should be made in duplicate on Form 10 enclosed, setting the time and place and naming the Notary Public before whom proof is to be made. Both copies of Form 10 to be returned to this department together with Form 11 which is authorization for us to have the notice published at permit holder's expense in the designated county newspaper. We shall then send a copy of the notice to the newspaper with instructions in regard to publishing.

Dear Mr. Law:

We acknowledge receipt of your application for permit to appropriate 1/2 second foot of water from springs tributary to Mission Creek, accompanied by your check for the \$5.00 filing fee.

If the location of the spring is approximately on the banks of Mission Creek and flowing approximately 25 inches of water, this department would have to consider said springs as a part of Mission Creek. It will therefore be necessary for you to change the source of supply to Mission Creek instead of from springs as there are existing rights on Lapwai Creek to which Mission Creek is tributary.

Dear Mr. Law:

In reply to your letter of August 6th, we enclose a form of application for permit to appropriate the public waters of the State of Idaho, together with a pamphlet giving regulations and instructions in regard to filing same.

When this application is approved, it will be signed by the proper State officials and returned to you as a use permit, under which you may proceed with the construction of the works described; but in order to complete the water right two proofs are required.

First, proof of completion of works, which made by an affidavit before a Notary Public.

Second, proof of beneficial use, when the water has been completely applied for the purpose for which it is intended. Notice of such proof must be published for four weeks in a county newspaper, at your expense, before making the proof, and at the time set for proof depositions are to be executed by yourself and two witnesses before the Notary Public named in the notice.

The time required for making these proofs should be stated in Questions 12 and 13 of the application.
