

State of Idaho
License and Certificate of Water Right

Water License No. 21699

Amount 0.007 c.f.s.

Water District No.

Priority September 3, 1950

THIS IS TO CERTIFY that CARL RIDEEN
of Pocatello, Idaho, made application for a permit to appropriate the
public waters of the State of Idaho, dated September 1, 1950; that Permit No. 21699
was issued under said application; that Certificate of Completion of works, with a carrying capacity of
1/150th second feet, was issued thereunder on January 19, 1952, showing that said works
were completed on the 16th day of October, 1951; and that on the 23rd
day of September, 1952,

CARL RIDEEN

of Pocatello, State of Idaho, made proof to the satisfaction of the
State Reclamation Engineer of Idaho, of the right to use the waters of Stanger
Spring, a tributary of, for the purpose of stock water

, under Use Permit No. 21699 of the Department of Reclamation
and that said right to the use of said waters has been perfected in accordance with the laws of Idaho,
and is hereby confirmed by the State Reclamation Engineer of Idaho and entered of record in Volume

13 of Licenses at page 8155, on the 21 day of May, 1965;

The right hereby confirmed dates from September 3, 1950;

The Point of Diversion is located

in the SE 1/4 NE 1/4, Sec. 25, Tp. 8 S, R. 31 E, B. M. Power County

That the amount of water to which such right is entitled and hereby confirmed, for the purposes
aforesaid, is limited to an amount actually needed and beneficially used for said purposes, and shall
not exceed 0.007 cubic feet per second.

Description and location of use:

Twsp.	Range	Sec.	Forty-acre Tract	No. Acres Described in Permit	No. Acres Actually Irrigated
8 S.	31 E.	25	SE 1/4 NE 1/4 for stock water		

The right to the use of the water aforesaid hereby confirmed is restricted to the lands or place
of use herein described, as provided by the laws of Idaho.

WITNESS the seal and signature of the State Reclamation Engineer, affixed at Boise, Idaho, this

21st day of May, 1965.

/s/ RALPH W. THOMAS
Deputy State Reclamation Engineer.

APPLICATION FOR PERMIT

To Appropriate the Public Waters of the State of Idaho

APPLICATION No. 29400
PERMIT No. 21699
DISTRICT No.

35-2885
29-8129

1. Name of Applicant: CARL RUDEEN

Postoffice address: Box 1105, PocatelloCounty: BannockState: Idaho

I. If applicant is a corporation, give:
(a) Date and place of incorporation:
(b) Amount of capital stock:
(c) Amount paid in:
(d) Names and addresses of directors:

II. The financial resources of the applicant are:
(b) Treasury stock:
(d) Other resources:

(a) Cash on hand:
(c) Bonds to be issued:

2. Quantity of water claimed: 1/150(One-one hundred fiftieth) cubic feet per second.

3. Source of water supply: Stanger Springwhich is a tributary of

4. Location of point of diversion: 2600feet distant from the Southeast
corner of Section 25, T. 8 S., R. 31 E., B. M., and is in the SE¹/₄ NE¹/₄
of Section 25, T. 8 S., R. 31 E., B.M., County of Power

5. Water is to be used for Watering livestock

6. If for mining, milling, power or manufacturing purposes, give:

(a) Point of use of water:feet distant fromcorner of Section
T., R., B.M., in theof Section, T., R., B.M.

(b) Amount of power generated:H.P., underfeet head.

(c) Water is to be returned toat a pointfeet
distant from thecorner of Section, T., R., B.M., in the
of Section, T., R., B.M.

7. Estimated cost of works: \$ 250.00

8. Kind of works: Water tank

9. Height of damfeet; length of dam at topfeet; length of dam at bottom
feet; material used in dam:

10. Size of headgate: Widthfeet; heightfeet.

11. Ditch: Width at bottomfeet; width at water linefeet; depth of waterfeet;
dimensions of flume:
Diameter of pipeinches; length of conduitmiles.
Average grade per milefeet.

12. The time required for the completion of such work is One (1) years.

13. The time required for the complete application of the water to the proposed use is One (1) additional years.

14. The land to be irrigated is described in the following tabulation: See remarks.

15. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are:

16. (a) Is reservoir to be used? No If so, fill in (b) and (c) below:

(b) Name of Reservoir and number of Storage Permit:

(c) Date of filing of Application for Storage Permit and Name of Applicant:

BE IT KNOWN THAT The undersigned hereby makes application for permit to appropriate the public water of the State of Idaho as herein set forth.

CARL RUDEEN *Applicant.*

By Robert D. Wennergren Agent.

Date of first receipt at Department of Reclamation: 1:30 P. M. September 1, 1950

Returned to applicant for correction:

Corrected application received:

Approval of State Reclamation Engineer

The number of this permit is 21699

Recorded in Book 77 Page 21699 Approved September 21, 1950

This is to certify that I have examined the within application for a permit to appropriate the public waters of the State of Idaho, and hereby approve the same, subject to the following limitations and conditions:

Bond in the sum of \$ _____ to be filed on or before _____

Work to begin on or before November 21, 1950 and to continue diligently and uninterruptedly to completion, unless temporarily interrupted by circumstances over which permit holder has no control.

One-fifth of the work above specified to be completed on or before **March 21, 1951**

The whole of said work to be completed on or before September 21, 1951

Beneficial use of water appropriated in accordance herewith, to be made on or before September 21, 1952

WITNESS My hand this 21st day of September, 1950

MARK R. KULP
State Reclamation Engineer.

IN TESTIMONY WHEREOF, WE, C. A. ROBINS, Governor of the State of Idaho,

and J. D. "CY" PRICE, Secretary of State of the State of Idaho, have caused this instrument to

be executed in the name of the State of Idaho, and caused the Great Seal of the State of Idaho to be hereunto affixed, this 21st.....

day of September, 1950.

(address on check)
1532 Sandalwood
El Centro, Calif.

Dear Mr. Rudeen:

You were notified by letter dated June 18, 1953,
that the water license would be issued upon payment of \$5.00
Statutory Fees.

The report of the field examination showed you
were diverting 0,007 c.f.s. from Stanger Spring in SE¹/₄ Sec. 25,
T. 8 S., R. 31 E. for stock water near the spring.

This fee is long overdue. Kindly remit at your
earliest convenience to clear the record.

Very truly yours,

RALPH W. THOMAS, Deputy
State Reclamation Engineer

STATE OF IDAHO

DEPARTMENT OF RECLAMATION

BOISE, IDAHO

REPORT OF ENGINEER

Permit No. 21699

This proof is for Beneficial use In Water District No. _____1. Name of applicant Carl Rudeen, 1218 N. Hayes, Pocatello (Or Box 1105)2. Source of water supply: Stanger Spring3. Location of point of diversion: Is in the SE $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 25T. 8 S. R. 31 E. County of Power

4. Describe works as they exist, giving dimensions and capacities of same: Stanger spring is a seepage from a higher level than the sump from which this diversion is taken, the sump is 3' in diam and has 74' of 1" galvanized pipe as the conveyence from the sump to a storage tank of 390 gal. capacity. this pipe comes to an end about 6" from the tank and a stand pipe of 1 $\frac{1}{2}$ " diam. takes the water into the tank. The grade from the sump to the tank is -.067% Tested with a two gallon can and found to discharge 1 gal. every 49 seconds. The sump is a hole dug in the ground and the pipe is mudded in the side, and follows the natural contour of the ground. This spring, if allowed to run free would follow the ground and run into a live ditch approx. 4 miles away. P. D. is 180' N. & 190' E. of S $\frac{1}{4}$ cor. of the NE $\frac{1}{4}$ section 25.

5. Water is used for: Stock watering (approx. 460 head of sheep)

6. State whether or not water has been turned into works of diversion: Yes

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):

Place of use: SE $\frac{1}{4}$ NE $\frac{1}{4}$ Section 25, Twp. 8 South, Range 31 East, B.M.

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach? Temp. 51° 12:00 P.M.

Remarks: (1) 74' of 1" galvanized pipe from spring on .067% grade to bottom of 10' diameter storage tank and 5' of 1" pipe to act as a stand pipe to fill tank. Tank is 7 $\frac{1}{2}$ " high, then through 1 $\frac{1}{2}$ " pipe outlet to trough.

(2) Test: stop watch and 2 gal. can (a) 1st 2 gals in 1'53" (b) 2 gals. in 1'33" (c) 3rd 2 gals. in 1'33" (d) 4th 2 gals. in 1'33" (e) Mean 1 gal. each 49 secs.

(3) P.D. stream is 180' N. and 190' E. of S $\frac{1}{4}$ cor. NE $\frac{1}{4}$ sec. 25 approx.

(4) Approx. 460 head of sheep to be watered.

This examination was made on the 8 day of June, 1953.(Signed) H. Wesley Examiner.by E.H. #

21699

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
 2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
 3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
 4. If any unusual conditions are discovered, make plain statement of them under remarks.
 5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
 6. Give general characteristics of soils, topography, and crops raised.

NOTICE FOR PUBLICATION Notice of Proof Application of Water to Beneficial Use

Notice is hereby given that at 10:00 A. M. on the 19th day of September, 1952, at American Falls, County of Power, State of Idaho, before Richard Schou, Justice of the Peace, proof will be submitted of the application to beneficial use of 1/150 cubic foot per second of the waters of Stanger Spring in accordance with the terms and conditions of Permit No. 21699 heretofore issued by the Department of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are Carl Rudeen, Pocatello, Idaho.

The use to which said water has been applied is stock watering.

The amount applied to beneficial use is 1/150th cubic foot per second.

The place where said water is used is SE 1/4 NE 1/4 Section 25, Twp. 8 South, Range 31 East, B. M.

The name of the canal or ditch or other works by which said water is conducted to such place of use is No name.

The right to take water from such works is based upon Permit No. 21699.

The source of supply from which such water is diverted is Stanger Spring.

The date of priority which said user is prepared to establish is September 1, 1950.

Permit No. 21699

Proof of Application of Water to Beneficial Use

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Carl Rudeen; Box 1105; Woolgrower; Pocatello, Idaho (1218 No. Hayes)

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans.

Ques. 3 State number and date of permit, and date of priority you propose to establish under the permit.

Ans. Permit No. 21699; September 21, 1952; - ¹⁹⁵⁰ Sept 1 - 1950

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Source of the water is a spring known as Stanger Spring located in the SE 1/4 of the NE 1/4 of Section 25, Township 8 South, Range 31, E.B M.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined.

Ans. Water is piped from spring to storage tank (1" and 1 1/4" pipe). The 80' tank has 3000 gallon capacity, galvanized material. Water is piped to water troughs thirty feet through 1 1/2" pipe. Troughs galvanized and capacity of 150 gallons. Capacity of water diversion 1/50 cub.ft.sec.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. To water livestock at same location as above.

21699

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans.

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans.

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. To water livestock during feeding period of the range.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans.

(Sign) Carl Rudeen

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Locatella, County of Bannock, State of Idaho, on this 23rd day of September, A. D. 1952,

Graue Bistline

My commission expires Aug. 3-1953

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

Permit No. 21699

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Gregg R. Potvin, --27 years of age--American Falls, Idaho, Lawyer--
American Falls, Idaho

Ques. 2. Are you acquainted with Carl Rudeen, the holder of Permit No. 21699? How long have you known him and where does he reside?

Ans. Yes. I have known Carl Rudeen for three years. He resides
at 218 North Hayes, Pocatell, Idaho.

Ques. 3. Have you read or heard read said Permit No. 21699, and are you familiar with its provisions and conditions?

Ans. I have read the permit and am familiar with its provisions.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Source of the water is a spring known as Stanger Spring located
in the SE $\frac{1}{4}$ of the NE $\frac{1}{4}$ of Section 25, Township 8 South, Range 31, E.B.M.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. I have seen the works convey 1/150th cubic feet per second of water
and estimate it would safely carry three times that amount.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. _____

21699

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. The water is used solely for the purpose of watering stock, and the watering place is located within fifty yards of the Spring which is the point of diversion and the whole works are contained in SE $\frac{1}{4}$ NE $\frac{1}{4}$ Sec. 25, Township 8, South, Range 31, E.B.M.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans.

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. None

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. On the 21st day of September, 1952, I observed 1/150th cubic foot per second being used to water a band of sheep.

(Signed) Gregg R. Potvin

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in American Falls, County of Power, State of Idaho, on this 21 day of September, A. D. 1952.

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

Permit No. 21699

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Robert I. Ewing, jr.--36 years of age--American Falls, Idaho,
Manager of Farmer's Co-op American Falls, Idaho, American Falls, Idaho

Ques. 2. Are you acquainted with Carl Rudeen, the
holder of Permit No. 21699? How long have you known him and where does
he reside?

Ans. Yes. I have known him for over ten years. He resides
at 218 No. Hayes, Pocatello, Idaho

Ques. 3. Have you read or heard read said Permit No. 21699, and are you
familiar with its provisions and conditions?

Ans. I have read the permit and am familiar with it.

Ques. 4. State source of water supply, place of diversion, and describe works for con-
veying water from point of diversion to place of use.

Ans. Source of the water is a spring known as Stanger Spring located
in the SE $\frac{1}{4}$ of the NE $\frac{1}{4}$ of Section 25, Township 8 South, Range 31, E.B.M.

Ques. 5. How many second feet of water do you estimate said works will safely con-
duct to place of use, and how much water have you seen being so conveyed?

I have seen the works convey 1/150th cubic foot of water.
Ans. I estimate the works would carry 1/50th cubic foot.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons
per minute have you seen the pump deliver, and how did you measure or estimate the
amount?

Ans.

21699

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. The water is used solely for the purpose of watering stock, and it is used within fifty feet of the spring in the SE $\frac{1}{4}$ of the NE $\frac{1}{4}$ of Section 25, Township 8 South, Range 31, E.B.M.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans.

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. None

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. On the 21st day of September, 1952, I observed 1/150 cubic feet per second being used to water a band of sheep.

(Signed) Robert L. Caring

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in American Falls, County of Power, State of Idaho, on this 21 day of September, A. D. 1952.

Re: Permit No. 21699

Mr. Carl Rudeen
Box 1105
American Falls, Idaho

Dear Mr. Rudeen:

We have completed your notice for beneficial use under Permit No. 21699, by inserting the name of Richard Schon, Justice of the Peace, as the official before whom the proof is to be made.

A copy of the notice has been sent to the Power County Press, with instructions to publish it once a week for four consecutive weeks prior to September 19th, 1952, the date set for proof, and to send you the affidavit of publication together with statement of costs.

At the time set you should appear before Mr. Schon, together with two disinterested witnesses, who are familiar with the terms of your permit and the work done thereunder, for the purpose of executing depositions, forms for which are enclosed herewith.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

NOTICE FOR PUBLICATION
NOTICE OF PROOF APPLICATION OF WATER
TO BENEFICIAL USE

Notice is hereby given that at 10:00 A. M. on the 19th day of September, 1952,
at American Falls, County of Power, State of Idaho, before
Richard Schon, Justice of the Peace, proof will be submitted of the
application to beneficial use of 1/150 cubic foot per second of the waters of Stanger Spring
in accordance with the terms and conditions of Permit No. 21699
heretofore issued by the Department of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are
Carl Rudeen, Pocatello, Idaho.

The use to which said water has been applied is stock watering.

The amount applied to beneficial use is 1/150th cubic foot per second.

The place where said water is used (if for irrigation give full and accurate description of the lands irrigated)
SE 1/4 NE 1/4 Section 25, Twp. 8 South, Range 31 East, B. M.

The name of the canal or ditch or other works by which said water is conducted to such place of use is

No name.

The right to take water from such works is based upon Permit No. 21699

The source of supply from which such water is diverted is Stanger Spring

The date of priority which said user is prepared to establish is September 1, 1950

MARK R. KULP

State Reclamation Engineer.

Mr. Carl Rudeen
Box 1105
Pocatello, Idaho

Dear Sir:

We enclose herewith blank notice for proof of application of water to beneficial use under your Permit No. ~~21699~~. This notice should be filled out in duplicate and returned to this office at least 40 days before the date upon which you wish to make this proof, in order to allow time for the four weeks' publication required by law.

This proof must be submitted before a Notary Public or other officer authorized by law to administer oaths.

The date for proof, as set out in your permit, is not later than ~~September 21, 1952~~, and if proof is submitted later than said date, your priority will be brought down a length of time equal to the time elapsing between the date the proof is due and the date proof is actually made.

RE: Permit No. 21699

Mr. Carl Rudeen
Box 1105
Pocatello, Idaho

Dear Mr. Rudeen:

We acknowledge receipt of your letter of September 25, 1951, enclosing affidavit in proof of completion of works on Permit No. 21699, together with your check for the \$5.00 fee.

We return the affidavit for correction as follows:

1. Question 2 should state the source, which your permit indicates as a spring.
2. Question 3 gives the point of diversion in the SW $\frac{1}{4}$ NE $\frac{1}{4}$ Section 25, Township 8 South, Range 32 East, B.M., but your original application and permit, as well as the sketch map accompanying same, shows it in the SE $\frac{1}{4}$ NE $\frac{1}{4}$. If there has been a change, an application for amendment should be filed on a form which we can furnish.
3. Answer Question 7.
4. The affidavit should be signed and notarized.

INSTRUCTIONS

PROOF OF COMPLETION OF WORKS

Mr. Carl Rudeen
Box 1145
Pocatello, Idaho

Boise, Idaho July 2, 1951

Dear Sir:-

Under the terms of your Permit No. 21699.....you are required to complete your diversion works on or before September 21, 1951..... I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

MARK R. KULP

Re: Application No. 29400

Mr. Carl Rudeen
Box 1105
Pocatello, Idaho

Dear Mr. Rudeen:

We acknowledge receipt of your application for Permit to appropriate water from Stenger Spring, accompanied by the \$5.00 filing fee.

The Statutes require that in filing on a spring, the application should state the ownership of the land on which the spring is located. If on public land or forest land, all that is required is a statement to that effect under remarks on the third page, but if the land is in private ownership, the Affidavit of Permission on the bottom of the third page should be executed before a Notary Public.

The application is returned herewith for completion.

Very truly yours,

MARK W. KULP

AUG 9 1950

Department of Reclamation

August 8, 1950

State of Idaho,
Bureau of Reclamation.

Gentleman:

Will you please forward to me the necessary forms for application on water. This water is located on the land of my client, and is at the present time under an allotment to another party. I do however believe that there has been an abandonment of this right, and do therefore request a hearing.

The water is located on the SE $\frac{1}{4}$ of the NE $\frac{1}{4}$ of Section 25 T 8S, R 32 EBM.

The land is owned by Carl Rudeen, and the land produces the water, and it is the intention of Mr. Rudeen to water his sheep on this land if possible. The sheep will number 2,500 head, and will use approximately one gallon per head per day. The spring will flow at the rate of 5,000 gallons per day, leaving ample supply for all concerned.

The water at the present time is going to waste and it would seem that some beneficial use should be made of it.

Very Truly Yours,

Robert D. Wennergren
