NESE

CONDITIONS/REMARKS:

1. The maximum diversion volume is defined as the maximum allowable volume of water that may be diverted annually from the source under this right. The use of water confirmed by this right is limited to the amount which can actually be beneficially used. The maximum diversion volume may be adjusted to more accurately describe the beneficial use or to implement accepted standards of diversion and use efficiency.
2. This water right is appurtenant to the described place of use.
3. This right is subject to all prior water rights and may be forfeited by five years of non-use.
4. Modifications to or variance from this license must be made within the limits of Section 42-222, Idaho Code, or the applicable Idaho law.
5. Place of use is located within Thunder Mtn. Ranch Recreation Trailer Park.

This license is issued pursuant to the provisions of Section 42-219, Idaho Code.

ATTENTION CATHY

Dear Cathy:

We are re-submitting a legal notice to be published on October 1 and 8, 1987. This notice was originally published in your paper on August 27, and September 3, 1987. Unfortunately, it was advertised incorrectly.

After the proof had already been submitted to this office and corrected, I received a call from you saying that the notice was overlooked and wouldn't be advertised on August 20 and 27 as we requested. I confirmed that it would be alright to publish the notice on August 27, and September 3, 1987, instead, but that the protest date at the end of the notice would then need to be changed from September 7 to September 14, 1987. This change, however, was not made. Therefore, we request this be re-advertised at your expense.

An affidavit of publication must be submitted to this office by October 19, 1987. Your cooperation in this matter is greatly appreciated.

Sincerely,

Deena Green
Office Secretary

RE: Application for Permit No. 29-7833

Dear Water Right Applicant:

The Department of Water Resources acknowledges receipt of your water right application for permit. The application has been assigned identification no. 29-7833. Please refer to this number in all further correspondence.

This office is currently in the process of advertising the application in The Idaho State Journal. The advertisement will be published for two weeks, and a period of ten days following the second publication will be allowed for the submittal of protests.

If the application is protested, you will be sent a copy of the protest. The protest must be resolved before the application is approved or denied. If the protest is not resolved voluntarily, this Department will conduct a conference and/or hearing on the matter.

If the application is not protested, it will be forwarded to our state office in about five weeks. State office personnel will conduct a complete review prior to final processing of the application and will notify you of the outcome of this review. When a permit is issued, you will be sent a copy. A typical processing time for an unprotested application is about eight weeks.

Please feel free to contact this office if you have any questions regarding this procedure.

Sincerely,

Ernest Carlsen
Assistant Regional Manager
