Dear Mr. Gary Spackman
Sr. Resource Agent:

I am returning the Examination Fee Schedule with the change to $\frac{1}{2}$ acre in the area entitled irrigation. Due to a road taken from the full length of our property and domestic buildings, there is only slightly more than a half acre that is irrigated. The majority of this area is irrigated by Fort Hall Irrigation. The only area that is irrigated from the well is the lawn and garden area. At this point, I have a couple of questions. What did the original \$30.00 fee cover? Did this additional \$50.00 fee include those applications that were already pending for three years? After taking three years already, how much longer will it take?

Please process this as "single family domestic use" as defined under Idaho Code 42-230.

Your assistance will be appreciated.

Thank you,

Donald D. Pline

NOTE: Title 25 Code of Federal Regulations (CFS) relieves the Fort Hall Irrigation Project from all obligations to extend existing delivery points to subdivided irrigable units. It designates the responsibility for any extension of these to the owner or subdivision, whichever the case may be. Rider will make delivery at the canal. Two gates are involved. Use 1 gate at a time. Please notify Rider in Advance for any changes.

Re: Licensing Examination Fee, Permit No. 29-7746

Dear Mr. & Mrs Pline:

On May 9, the Department of Water Resources received an Examination Fee Schedule from you which set forth information requested prior to the completion of the field examination by the Department. You did not enclose the necessary \$50.00 fee, however, and I notice that you also mailed a fee schedule with the phrase "No fee is required for single family domestic use." highlighted in yellow. I presume that you feel you should not be required to pay the fee.

"Single family domestic use" falls within the definition of "domestic purposes" under Idaho Code §42-230. It is defined as "water for household use or livestock and water used for all other purposes including irrigation of up to one-half (1/2) acre of land in connection with said household where total use is not in excess of thirteen thousand (13,000) gallons per day"

In filing proof of beneficial use, you indicated that one acre was being irrigated, and I presume that you filed for both irrigation and domestic because your irrigated ground exceeded 1/2 acre.

Your application and proof of beneficial use for irrigation of more than 1/2 acre disqualifies you for the single family domestic use exemption, and you will still be required to pay the \$50.00 fee prior to receiving a water right.

I have returned your Examination Fee Information Schedule to you. Would you please return it to this office together with the \$50.00 examination fee. Let me remind you that the fee and

EXAMINATION FEE NOTICE

Dear Permit Holder:

Department records show that proof of beneficial use has been submitted for the above-referenced permit, but that a field examination has not yet been conducted to determine the extent of beneficial use of the water for licensing purposes.

House Bill 671 (effective April 4, 1986) enacted by the 1986 Idaho Legislature requires the payment of a fee before this department can conduct the field examination needed to issue a license confirming use of water under the permit. This letter is notification that the license examination fee is due within sixty (60) days of the date of this letter. The examination fee information sheet (enclosed) must be returned with the fee.

As an alternative to submitting the fee, the department will accept a field examination report completed by a certified water right examiner from the private sector. If you choose to have the examination done by a certified water right examiner, you need not submit the license examination fee to the department, but you must within sixty (60) days of the date of this letter return to the department, the examination fee information sheet showing appropriate information together with a statement from the certified examiner to verify that you have retained a certified examiner to conduct the field examination. If you choose this alternative, a completed field examination report must be submitted within one year of the date of this letter. You cannot later change your decision to use this alternative and submit the fee needed for the department to conduct the field examination, but you may change to another certified examiner.

Certified water right examiners are licensed engineers, geologists, or land surveyors certified by the department to conduct water right examinations. The procedure for certifying examiners results from the recently enacted HB 671 and is being developed at this time. A listing

of certified water right examiners will be available from this department when examiners have been certified.

If your permitted use, in fact, has already been examined by the department and you have not asked to have the examination repeated, the fee requirement is not applicable to your permit. If you believe this is the case, please contact the department.

The license examination fee is to be based on the amount of water you indicate you have developed, as listed in item 6 on the examination fee information sheet. The amount of water on which the examination fee is based can be less than the permitted amount, if less water has been diverted and beneficially used. The licensed amount of water, however, will not exceed the amount you claim on the examination fee information sheet. The enclosed license examination fee schedule shows a listing of applicable fees.

FAILURE TO SUBMIT WITHIN THE SIXTY (60) DAY PERIOD, THE FEE OR THE STATEMENT THAT A CERTIFIED EXAMINER HAS BEEN RETAINED TO MAKE THE FIELD EXAMINATION, WILL BE CAUSE TO ADVANCE THE PRIORITY OF THE PERMIT ONE DAY FOR EACH DAY THAT THE FEE SUBMITTAL IS LATE.

FAILURE TO SUBMIT THE FEE OR THE COMPLETED FIELD EXAMINATION REPORT WITHIN A YEAR WILL BE CAUSE TO CONSIDER THE PROOF OF BENEFICIAL USE TO BE INCOMPLETE AND TO LAPSE THE PERMIT.

The attached examination fee information sheet and the fee may be submitted to the following department offices.

PERMIT APPROVAL NOTICE

RE: PERMIT NO. 29-7746

DEAR PERMIT HOLDER:

ENCLOSED IS A COPY OF YOUR APPROVED APPLICATION FOR PERMIT. WE DIRECT YOUR ATTENTION TO THE CONDITIONS OF APPROVAL ON THE FOURTH PAGE.

YOU SHOULD BE AWARE THAT THE GROUNDWATER YOU PROPOSE TO DIVERT IS LOCATED WITHIN A DRAINAGE BASIN WHERE SURFACE WATERS ARE REGULATED DURING THE MONTHS OF LOW FLOW. IT IS POSSIBLE THAT DIVERSION OF GROUNDWATER MAY HAVE AN ADVERSE IMPACT ON THESE SURFACE WATER FLOWS. INFORMATION AVAILABLE TO US AT THIS TIME DOES NOT WARRANT REFUSING TO ISSUE PERMITS IN YOUR AREA, BUT WE DO CAUTION THAT DIVERSIONS OF GROUNDWATER ARE NOT ALLOWED TO DEplete FLOWS AVAILABLE FOR SURFACE WATER USERS WITH EARLIER PRIORITY DATES. SITING YOUR WELL AS FAR FROM SURFACE SOURCES AS POSSIBLE AND CASING OUT UPPER WATER PRODUCING ZONES MAY REDUCE THE POTENTIAL OF INTERFERENCE.

WE HAVE ENCLOSED A FORM ENTITLED "INSTRUCTIONS FOR PROOF OF BENEFICIAL USE". PLEASE READ THE INSTRUCTIONS CAREFULLY SINCE YOU MUST TAKE FURTHER ACTION TO DEVELOP THIS PERMIT. ALSO ENCLOSED FOR YOUR CONVENIENCE IS THE STATEMENT OF BENEFICIAL USE FORM THAT MUST BE SUBMITTED WHEN YOUR PROJECT IS COMPLETED.

SINCERELY,
