INTER-DEPARTMENT MEMO — 1

FROM Gary Spackman

DATE July 9, 1986

TO File

SUBJECT Permit # 29-7605

The field examination reflects that water is diverted in Section 21, T7S, R35E rather than in Section 31, T7S, R35E as set forth in the application and the advertisement. Nevertheless, the permit holder is not changing the place, period or nature of the intended use, nor is the change substantial under Idaho Code § 42-211. I recommend the issuance of a license w/out requirement of the filing of an amendment.
