Dear Mr. Carlson,

Please disregard my letter of May 29, 1981. Re: 29-7598 application for diversion water S.E.N.W., Sec. 12, T. 5 S., R. 34 E., Bannock County, Idaho. McGee Scott & Patti- P.O. Box 3590, Johnny Creek, Pocatello, Idaho 83201. As at that time I thought the spring came from Cedar Lake. However, after checking I find that the spring is on Scott McGee's property and will have no effect on my property.

I am sorry for the mistake.

Dear Mr. & Mrs. McGee:

Enclosed is a copy of a protest filed against the issuance of a permit pursuant to your Application No. 29-7598. The Department suggests you contact the protestant directly in an effort to determine the nature of the protest and to attempt to resolve the protest.

If you do not advise us within twenty (20) days that the protest has been resolved, the matter will be scheduled for conference and/or hearing. At such a conference and/or hearing, the following are the principle items the Department can consider in either approving or denying the application for permit (Section 42-203, Idaho Code):

1. Will the proposed use reduce the quantity of water under existing water rights?
2. Is the proposed water supply insufficient for the purpose intended?
3. Is the application made in good faith or for delay or speculative purposes?
4. Has the applicant sufficient financial resources with which to complete the project?
5. Will the proposed use under this permit conflict with the local public interest?

If this office can be of further assistance, please contact us.

Re: 29-7598 application for diversion water S.E.N.W., Sec. 12, T. 5 S.,  
R. 34 E., Bannock County Idaho.

McGee Scott and Patti-P.O. Box 3590, Johnny Creek, Pocatello, Idaho 83201-  
Published in the Idaho State Journal 5-28-81.

We strongly object to the granting of this permit for the following reasons:  
We own property below this subject spring and man made lake that it forms.  
This water has been flowing into and thru our property for many years.  
We are using this water for, fish ponds, irrigation and do on occasions  
use some for stock.

In the application it is stated that water is to be used for domestic  
water. Why is this necessary when the home is on city of Pocatello water  
supply?

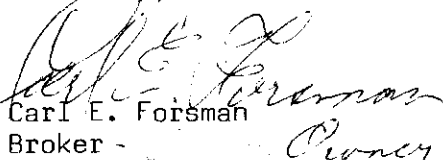

We have no objection to use of water by pumping out of Cedar Lake for some  
irrigation, but the diversion of the spring could effect the water and  
supply of the lake. We also request what only that amount of water be  
withdrawn so as not to effect our supply.

Please advise us of what is necessary to be sure that water is not di-  
verted and that we will be assured of our present use and supply.

The people requesting this water as yet do not own or have not taken  
possession of the property in question.

Enclosed copy of our legal of our property.

Sincerely,

  
Carl E. Forsman  
Broker
