BEFORE THE DEPARTMENT OF WATER RESOURCES
OF THE
STATE OF IDAHO

IN THE MATTER OF PERMIT
NO. 29-7483 IN THE NAME
OF JAMES A. BUZZARD

ORDER

This matter having come before the Idaho Department of Water Resources (Department) the Department makes the following Findings of Fact, Conclusions of Law, and Order:

FINDINGS OF FACT

1. On June 15, 1979, the Director of the Department of Water Resources issued Permit No. 29-7483 with a condition of approval that proof of construction of works and application of water to beneficial use be submitted on or before June 1, 1984.

2. On March 31, 1984 the Department sent a proof due notice to the permit holder.

3. On July 31, 1984 the Department sent a lapse notice to the permit holder since neither proof of beneficial use nor a request for extension of time had been received from the permit holder. The notice was returned to the Department as undeliverable and after contacting the assessor's office in Power County for a current address, the notice was resent on August 15, 1984.

4. On February 10, 1987 Proof of Beneficial Use was received by the Department from the permit holder.

5. Section 42-218a, Idaho Code, authorizes the Department to reinstate a lapsed permit, advancing the priority of the permit to the date that proof of beneficial use was received, upon submittal of evidence showing that water was

MICROFILMED

AUG 18 1987

beneficially used prior to the proof due date and a showing of reasonable cause why the proof was submitted late.

6. The permit holder submitted invoices for materials purchased, a billing statement from the well driller, along with a copy of the check written for payment of drilling of the well, giving evidence that water was beneficially used prior to the proof due date of June 1, 1984.

7. The permit holder submitted a letter from the ASCS office which stated that 11.4 acres had been irrigated in 1984.

8. The permit holder identified the reason for not submitting proof of beneficial use in a timely manner as being due to an address change and states that neither the proof notice nor the lapse notice was received.

CONCLUSIONS OF LAW

1. The permit holder submitted proof of beneficial use along with supporting evidence to show that water was in fact beneficially used to irrigate 11.4 acres prior to the proof due date.

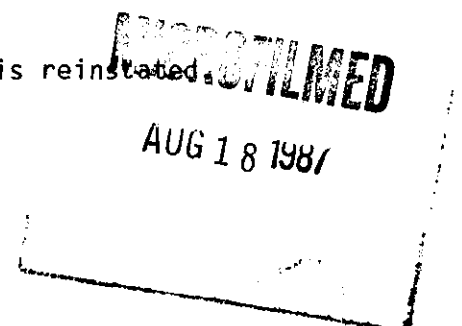

2. The permit holder has shown sufficient cause why the proof of beneficial use was not submitted in a timely manner.

3. The permit can be reinstated with the date of priority advanced to the date proof of beneficial use was received by the Department.

4. Section 42-217, Idaho Code, states that those who have submitted proof of beneficial use for which a field examination has not been conducted must pay an examination fee within 60 days of notice that the fee is due.

ORDER

IT IS HEREBY ORDERED that Permit No. 29-7483 is reinstated.

IT IS FURTHER ORDERED that the date of priority of this permit is advanced to February 10, 1987.

IT IS FURTHER ORDERED that the permit holder must submit within 60 days of the date of this Order, an examination fee as required under Section 42-217 and Section 42-221, Idaho Code.

Dated this 3rd day of August, 1987.

Reinstatement of Lapsed Permit No. 29-7483

Gary Spackman Supervisor,
Water Allocation Section;
Dear Sir;

We bought this ground, in May of 1978, the first Aerial picture I looked at, shows the ground with a water wash plus a fence through ground which divided 5 acres from 15 acres. I tore all of the fence out & leveled all the ground, except plot No. 3 - In the spring of 1979 planted plot No. 4 into barley & pasture grass, also planted plot No. 6 into barley. In 1980 planted plot No. 6 into barley & hay - at this time I hauled water into Alfred Krumm's Reservoir & used his pump & main line to water this ground. I hauled the water from FMC Corp with a 42 ft. tank trailer & tractor. I have cancelled checks

for the power on Hermann pump.
 May of 1980 we drilled our well &
 in March of 81 bought a 10 H.P. Pump,
 also wheel line plus other hand
 lines we had before. These copy
 of the receipt's for these were sent
 Feb 9 - 1987, we still continued
 to use Hermann's main line & pump
 & main line, plus there we pumped
 our water from our well into his
 reservoir which we watered from, if
 you need proof of this, I have that.

We owned a business in Doctall
 & lived at that address which was
 6100 So. 5th, In July 4th of 1979 we
 moved a trailer onto the ground &
 our son lived at the business.
 In Nov. of 1980 we sold our
 business, & our mail came to
 Hermann, Star St Box 48, & then we
 put up a mail box and our
 address became Star St. Box 35.
 but still alot of our mail
 came to 6100 So. 5th at the
 business we sold & we did not
 receive a certified letter dated
 March 31, 1984, if this letter was
 signed for it was not by me. (over)

Dear Sirs:

The ground of Mr. Buzzard's in question in Section 22, T6S, R33E, has the following history in the Power County ASCS Office.

The current aerial photography we are using is 1978 and at that time it appears the ground was dryland. Mr. Buzzard has not reported any acreages to us until 1987 when at that time he reported irrigated hay of 11.4 acres. We did check our 1984 slides (which are the oldest we have) and it shows that it was in irrigated hay during that year.

This is all the information that we have that I believe may help you. If you should have any further questions, please contact us at Power County ASCS Office, P.O. Box 180, American Falls, ID 83211 or call 226-5139.

Re: Reinstatement of Lapsed Permit No. 29-7483

Dear Mr. Buzzard:

This letter is a response to your request for reinstatement of lapsed Permit No. 29-7483. As you are probably aware, Idaho Code § 42-218a states that, in order to qualify for reinstatement, the lapsed permit holder must submit (1) evidence of the extent of beneficial use during the development period, and (2) reasonable cause why proof of beneficial use was not submitted timely.

The proof due notice, dated March 31, 1984, was sent to you by certified mail. The Department will accept your representation of never receiving notice as reasonable cause for late submittal of proof.

With regard to the requirement to show the extent of beneficial use, some documentation has been submitted showing that a well was drilled and related equipment installed. This evidence does not, however, establish the acreage irrigated during the development period. You must submit, if available, ASCS aerial photographs of the place of use showing the extent of development during or prior to 1983, together with a written certification by ASCS which identifies the irrigated acreage and the date that irrigation of the lands claimed to be irrigated first took place.

If I can be of further assistance, please contact me.

REINSTATEMENT REVIEW

Permit No. 29-7483

Proof due: 6/1/84
Proof submitted: 2/10/87
Proof letter sent: 3/31/84
Lapse letter sent: 7/31/84 - resent 8/15/84

Supporting documentation received:

Invoices from Funk Irrigation dated 3/12/81 for pump, pipe, motor, etc.
Statement from Wm. Dubbe for drilling of well dated 4/24/80
Copy of check written to Wm. Dubbe for well drilling dated 4/24/80

Reason for submitting proof late:

address changed, permit holder states he did not receive proof correspondence
Dept. not in error - assessor's office was contacted to determine a current
address and lapse notice was resent, however permit holder states that
the correspondence was not received

If reinstatement is allowed, an examination fee will have to be requested
from the permit holder

Dear Sirs:

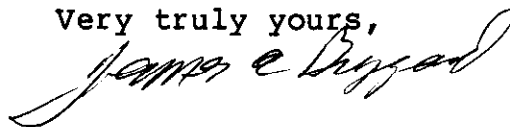

I hereby request that the lapsed permit No. 29-7483 be reinstated.

I did not receive any correspondence relating to this permit. My address changed during the period before proof of beneficial use was due, and I did not receive the correspondence.

The well was drilled on April 24, 1980, and the equipment was purchased in 1980 in order to put the water to beneficial use.

Enclosed are copies of receipts which indicate the date of purchase.
