Dear Mr. Skeem:

Enclosed is a copy of the water right license issued on the above referenced permit.

In answer to your correspondence of 7/16/86, the domestic use for your house is recognized under Idaho water law without filing for a water right. Therefore, you are not required to file, nor is it necessary to identify it on this license.

If you have any other questions, please let us know.

Jim,

Department of Water Resources

We have need to use water in a 3 Bedroom house on the same location as the commercial building. I do not know that this would effect this license or not.

The Domestic use (ammount of water diverted) would not change because we use almost no water at the commercial building, but I do not know the rules concerning this sort of matter.

If there is a problem please let me know, otherwise everything looks in order on the proposed license.

Dear Mr. Skeem:

Attached please find receipt no. 9143 in the amount \$10.00 for your application for permit.

I am also enclosing an amendment form for your signature. Once approved, this amendment will allow the change in the point of diversion from the water wheel location to the turbine location. Please return this form as soon as possible with the filing fee of \$10.00 for processing.

Also, I have included an assignment of permit form for your signature. This form will enable David to assign all of his interest in permit no. 29-7174 over to you, and when the permit is licensed it will be put in your name.

If you have any further questions concerning this matter, please feel free to contact me at this office.

Very truly yours,

BILL RHOADS
