Dear Mr Carlson:

In going through the files of Mr Gale C Farley, Idaho Power Company Agent, it was discovered that your Department had requested Idaho Power Company make application for a well which was drilled on its property near Pocatello, Idaho, known as Kinport Substation. This well was drilled in October, 1973, and correspondence indicates that, although Mr Farley stated he would file immediately for the well, he had failed to do so. Mr Farley is now retired from the Company and in checking through his files this neglect was discovered. We, therefore, wish to rectify this and apologize for the failure in filing.

Enclosed you will find the necessary Application for Permit for the said well and waters which has been signed by our appropriate officer along with the well test report submitted to us by Andrew Well Drilling Contractors. Also enclosed is Idaho Power Company's check in the amount of \$25.00 covering the application fee for the Permit. We would appreciate your processing this application as soon as possible, and again wish to apologize for our negligence in this regard.

If there are any questions pertaining to this application, please advise the undersigned.
