

State of Idaho
Department of Water Resources

WATER RIGHT LICENSE

WATER RIGHT NO. 29-7369

Priority: February 10, 1977 Amount: 1.22 CFS 517.8 AFA

This is to certify, that LITTLE CREEK RANCH

RT. 2 BOX 275

MC CAMMON, ID 83250

has complied with the terms and conditions of the permit issued pursuant to Application for Permit dated February 10, 1977, and has submitted proof to the Department of Water Resources on February 11, 1980, that water has been applied to a beneficial use; an examination by the Department indicates that the works have a diversion capacity of 1.22 cfs of water from;

SPRING tributary to MARSH CREEK

and that a water right has been established as follows:

<u>BENEFICIAL USE</u>	<u>PERIOD OF USE</u>	<u>RATE OF DIVERSION</u>	<u>VOLUME</u>
Irrigation	04/01 to 11/01	1.22 cfs	517.8 afa

LOCATION OF POINT OF DIVERSION(S): NWSE , Sec. 27, Township 9S, Range 36E
Bannock County

PLACE OF USE: Irrigation

<u>TWN</u>	<u>RGE</u>	<u>SEC</u>	<u>ACRES</u>	<u>ACRES</u>	<u>ACRES</u>	<u>ACRES</u>	<u>TOTAL</u>
9S	36E	27	NESW 8	NWSW 1	SWSW 3	SESW 30	42
		34	NEW 39	NWNW 30	SWNW 37		106

Total number of acres irrigated: 148

CONDITIONS/REMARKS:

1. The right to the use of the water hereby confirmed is limited to the amount which can actually be beneficially used and is restricted and appurtenant to the lands or place of use and to the purpose herein described, as provided by the laws of Idaho.
2. This right is subject to all prior water rights and may be forfeited by five years of non-use.
3. Modifications to or variance from this license must be made within the limits of Section 42-222, Idaho Code, or the applicable Idaho law.
4. Use of water under this license is subject to control by the watermaster of State Water District No. 29H.
5. A measuring device of a type approved by this Department shall be maintained as a part of the diverting works.

This license is issued pursuant to the provisions of Section 42-219, Idaho Code. Witness the seal and signature of the Director, affixed at Boise, this 22ND day of April, 1987.

CERTIFIED MAIL

EXAMINATION FEE NOTICE

Dear Permit Holder:

Department records show that proof of beneficial use has been submitted for the above-referenced permit, but that a field examination has not yet been conducted to determine the extent of beneficial use of the water for licensing purposes.

House Bill 671 (effective April 4, 1986) enacted by the 1986 Idaho Legislature requires the payment of a fee before this department can conduct the field examination needed to issue a license confirming use of water under the permit. This letter is notification that the license examination fee is due within sixty (60) days of the date of this letter. The examination fee information sheet (enclosed) must be returned with the fee.

As an alternative to submitting the fee, the department will accept a field examination report completed by a certified water right examiner from the private sector. If you choose to have the examination done by a certified water right examiner, you need not submit the license examination fee to the department, but you must within sixty (60) days of the date of this letter return to the department, the examination fee information sheet showing appropriate information together with a statement from the certified examiner to verify that you have retained a certified examiner to conduct the field examination. If you choose this alternative, a completed field examination report must be submitted within one year of the date of this letter. You cannot later change your decision to use this alternative and submit the fee needed for the department to conduct the field examination, but you may change to another certified examiner.

Certified water right examiners are licensed engineers, geologists, or land surveyors certified by the department to conduct water right examinations. The procedure for certifying examiners results from the recently enacted HB 671 and is being developed at this time. A listing

of certified water right examiners will be available from this department when examiners have been certified.

If your permitted use, in fact, has already been examined by the department and you have not asked to have the examination repeated, the fee requirement is not applicable to your permit. If you believe this is the case, please contact the department.

The license examination fee is to be based on the amount of water you indicate you have developed, as listed in item 6 on the examination fee information sheet. The amount of water on which the examination fee is based can be less than the permitted amount, if less water has been diverted and beneficially used. The licensed amount of water, however, will not exceed the amount you claim on the examination fee information sheet. The enclosed license examination fee schedule shows a listing of applicable fees.

FAILURE TO SUBMIT WITHIN THE SIXTY (60) DAY PERIOD, THE FEE OR THE STATEMENT THAT A CERTIFIED EXAMINER HAS BEEN RETAINED TO MAKE THE FIELD EXAMINATION, WILL BE CAUSE TO ADVANCE THE PRIORITY OF THE PERMIT ONE DAY FOR EACH DAY THAT THE FEE SUBMITTAL IS LATE.

FAILURE TO SUBMIT THE FEE OR THE COMPLETED FIELD EXAMINATION REPORT WITHIN A YEAR WILL BE CAUSE TO CONSIDER THE PROOF OF BENEFICIAL USE TO BE INCOMPLETE AND TO LAPSE THE PERMIT.

The attached examination fee information sheet and the fee may be submitted to the following department offices.

Dear Sirs:

We acknowledge receipt of the proof of beneficial use card submitted for the above referenced permit.

Before a license can be issued, a field examination must be made by a representative of this department. We cannot tell just when this examination will be made, but our examiner will try to contact you at the time he makes the examination so that you may show him the system.

If you have any questions regarding the field examination, please contact our eastern regional office.

Very truly yours,

JACKIE S. DENNING
Senior Clerk

RE: Pre-Permit Exam for 29-7369 LITTLE CREEK RANCH

DATE: April 5, 1977

Multiple springs originate on a hillside on the applicant's property in the NE $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 34, T. 9S, R. 36E, County of Bannock. The point of diversion as described on the application is correct. Applicant claims that before a trench was dug to collect the spring water, the water sank into the applicant's ground creating an unusable boggy meadow. Now, approximately forty acres of land are drying out to the point where they can be used for pasture and hay production.

The proposed works of diversion will consist of a culvert, pump, and pipeline which will divert water from the confluence of two creeks and the spring water trench in order to irrigate 160 acres as described on the application. Water from both creeks and the trench are tributary to Marsh Creek at present, as no culvert has yet been constructed. Water not used for irrigation will be allowed to pass through an overflow and enter Marsh Creek.

A measurement of the rate of flow was taken in the trench at a point indicated on the attached map. A 36-inch wide and 6-inch deep stream of water was found in the trench bed. I estimated the flow to be less than 1.00 c.f.s.

RE: Application for Permit No. 29-7367 COUNTRY ESTATES
No. 29-7368 INDIAN HILLS
No. 29-7369 LITTLE CREEK RANCH

Idaho State Journal
Box 431
Pocatello, Idaho 83201

Gentlemen:

Would you please submit an affidavit of publication and certified bill in connection with the above referenced applications. The legal notice was to have been published in your paper on February 17 and February 24, 1977.

Your cooperation in this matter is greatly appreciated.

Very truly yours,

RONALD D. CARLSON
Supervisor,
Eastern Region

TO: File No. 29-7369
FROM: Loren Holmes
RE: Conversation with Ronald Capell
DATE: February 18, 1977

LA

Mr. Capell indicated that he is the owner of the land described as the point of diversion and says he knows of no spring there. He said the point of diversion and place of use may be incorrectly described on the application.

Since this is a spring water development, the easiest way to resolve the conflict would be to make a field inspection as soon as possible.

RE: Application for Permit No. 29-7369 LITTLE CREEK RANCH

Idaho State Journal
Box 431
Pocatello, Idaho 83201

Gentlemen:

Enclosed you will find a legal notice which we wish to have published once a week for two consecutive weekly issues of your newspaper. We have inserted the publication dates allowing time for you to submit us a galley proof for review before publication.

After sending us a galley proof, proceed with the publication on the dates we have inserted, assuming the notice is correct. If we have any corrections, we will notify you before the first publication. If you cannot publish the notice on the proposed dates, please contact us immediately.

An affidavit of publication must be submitted to the Department along with the publication bill.

Very truly yours,

RONALD D. CARLSON
Supervisor,
Eastern Region
