ACTION OF THE DIRECTOR, DEPARTMENT OF WATER RESOURCES

This is to certify that I have examined Application for Permit to appropriate the public waters of the State of Idaho No. 29-7275, and said application is hereby APPROVED.

1. Approval of said application is subject to the following limitations and conditions:

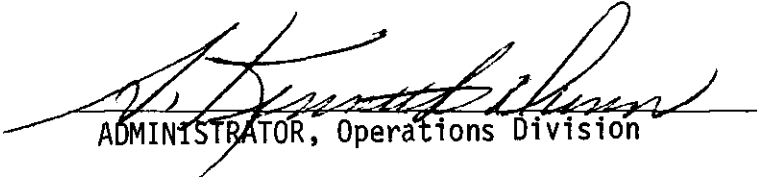

a. SUBJECT TO ALL PRIOR WATER RIGHTS.

b. Proof of construction of works and application of water to beneficial use shall be submitted on or before September 1, 19 80.

c. Other: A measuring device of a type approved by the Director shall be permanently installed and maintained as part of the diverting works.

2. Denial of said application is for the following reasons: _____

Witness my hand this 10 day of September, 19 75.

ADMINISTRATOR, Operations Division

BEFORE THE DEPARTMENT OF WATER RESOURCES
OF THE
STATE OF IDAHO

IN THE MATTER OF CHANGING THE MEASURING
DEVICE REQUIREMENT FOR PERMIT NO. **29-7275**

ORDER

WHEREAS, the above numbered permit was approved with the condition that a measuring device of a type approved by the Department be permanently installed and maintained as part of the diverting works; and,

WHEREAS, on July 1, 1978, the Department adopted a new water measurement condition which states: "An access port or other device as specified by the Department shall be installed by the permit holder to provide for the installation of measuring equipment and the determination of the rate of diversion by the Department"; and,

WHEREAS, the former condition required the permit holder to purchase and install a measuring device or hire a professional engineer to certify the rate of diversion; and,

WHEREAS, the measuring device condition effective July 1, 1978, requires less capital expenditure by the permit holder; and,

WHEREAS, to be equitable to holders of permits issued prior to July 1, 1978, the new condition should be retroactive;

NOW THEREFORE, it is hereby ordered that the condition of approval of this permit related to water measurement is hereby changed as follows: "The permit holder shall either install a measuring device or provide a certified measurement by a professional engineer or install an access port or other device as specified by the Department".

Dear Mr. Olson:

Enclosed is your application for permit along with your check and a claim to a water right.

The claim will record the use of water in accordance with the original agreement. Please check it over carefully, and if it is in order; sign it in the presence of a notary. You may wish to compare it to the Henderson Ranches claim which I have enclosed also.

Please note the filing fee for the claim is only \$30.00.

If you have any questions, please feel free to contact me.

Sincerely,

Dear Mr. Olson:

Enclosed you will find your application for permit and check # 1296 for \$45. Also enclosed is a new application I have partially filled out.

Line 8b needs to be completed by indicating the correct subdivision the 27 acres are located in. Line 8c needs the word "none" or a water right number. Line 9c needs you to describe the arrangement allowing this filing. If you can, please enclose a copy of your arrangement with Mr. Henderson. Section 11 needs you to fill out a map with the pond (point of diversion) and the 27 acres in question located within the correct $\frac{1}{4}$ of $\frac{1}{4}$.

When the application is completed, please sign and send it with \$45 to this office.

Dear Mr. Olson,

RE: License No. 29-7275

Enclosed is a copy of the Water Right License issued on the above referenced Permit.

Please be advised that one of the conditions of your permit was that a measuring device be installed as part of your diversion works. That requirement has been waived with issuance of the enclosed license. However, in the event that water supply shortages become a problem installation of measuring devices may be required.

Dear John,

Please find enclosed the application for amendment of permit number 29-7275. I only wish to add another point of diversion in addition to the old diversion point.

I am pumping approximately 1200 gal per minute from the old diversion point and will be able to pump about 1200 to 1500 gal. per minute from the new diversion point.

Sincerely
Spencer J. Olson

RE: Application for Permit No. 29-7275
DATE: August 22, 1975

This application was originally advertised on July 31 and August 7, 1975. In checking the advertising, we found that three 40 acre subdivisions had been omitted; and consequently, we sent a correction notice to the paper to be published on August 21 and August 28, 1975.

Mr. Spencer J. Olson, the applicant, called today and said he has applied for a Federal Land Bank loan and the loan is contingent upon the approval of this permit. The well driller is presently on the site and has commenced drilling on a 'pay as you go' basis. Mr. Olson says he needs his money immediately to keep the driller on the site and he can only get his money after the application has been approved.

It appears to me that the Department should be able to approve this application because no protests were received during the original protest period. Any protests now must be based on speculation and since Mr. Olson owns the land, this does not appear very likely.

I, therefore, recommend this application be approved with the conditions marked on the staff analysis sheet.
