Dear Mr. Johnson:

Enclosed is evidence to show that beneficial use of water did commence during the authorized permit period from the time the permit was issued until the proof due date.

- a) Job invoice of Carmen Well Drilling, dated April 11, 1973
- b) Well agreement on use of well and maintenance, dated July 16, 1975.
- c) Repair bill - Rays Pump, dated May 29, 1981.

Proof of beneficial use was filed late because of ignorance on my part and Mr. Muir's. (Party sharing well agreement). He assumed the original permit that was authorized ~~was~~ was all that was necessary. It wasn't until recently while having my attorney draft a new well agreement that I was advised to contact your office about reinstatement of permit.

I appreciate your efforts in this matter. If additional information is necessary please advise.

Dear Mr. Swallow:

The Department received your proof of beneficial use postcard for the above referenced permit on July 14, 1983. The permit lapsed August 1, 1978, so the 60-day late period during which the permit can be readily reinstated has passed.

Pursuant to Section 42-218a, Idaho Code, (copy enclosed) the permit can now be reinstated only if you submit the following:

- a) Evidence to show that beneficial use of the water did commence during the authorized permit period from the time the permit was issued until the proof due date. This evidence could be in several forms such as a convincing combination of a well driller's log, pumping or power records, affidavits, aerial photos, receipts, etc.
- b) Reasonable cause why the proof of beneficial use was filed late.

Your proof of beneficial use postcard together with any information which may have been submitted with it will remain on file in this office for 60 days to allow you an opportunity to assemble and submit the additional required information.

Please feel free to contact this office if you have additional questions.

One of the conditions of approval of the above referenced water right permit was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before August 1, 1978. The enclosed affidavit form is the document you must complete and submit as the proof of application of water to beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.
