RE: Application for Permit No. 29-7221

Mr. Cecil E. Armstrong
Arimo,
Idaho 83214

Dear Mr. Armstrong:

In reviewing the above referenced permit we find that the land you have included in the S¹/₄NE¹/₄, Sec. 9, T. 10S, R. 36E, is already covered by Permit No. 29-7035 which is held by Darwin Toler.

Since the Idaho Code allows no more than one inch per acre, from any source, to be diverted for irrigation your application for permit can not be approved until this conflict has been resolved, or you submit evidence to justify the need for the excess water on the fore mentioned portion of Section 9.

At this time your application for permit has not been advertised, and you may make changes without additional expense. However, if we do not hear from you within the next 10 days it will be necessary for us to advertise your application, after which time any changes made will require a \$10.00 amendment fee.

We would be happy to assist you at our Idaho Falls Office if you need help in revising this existing conflict.

Very truly yours,

RONALD D. CARLSON
Assistant to the
District Engineer
