Dear Ladies and Gentlemen:

One of the conditions of approval of the above referenced water right permit was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before August 1, 1978. The enclosed affidavit form is the document you must complete and submit as the proof of application of water to beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

Gentlemen:

We have received a well drillers report indicating that a well was drilled for you in the SE1/4NW1/4, Sec. 30, T. 7S, R. 32E, B.M., Power County.

A review of our records indicates that you have not filed an application for a permit to appropriate the public water of the State of Idaho. Since March 25, 1963, an application has been required prior to construction of a well and a valid permit must be obtained before ground water may be diverted. The only exception to this requirement is a well drilled for stock-watering or single family household use and water used for all other purposes, including irrigation of one-half acre of land in connection with the household use where the total use does not exceed 13,000 gallons of water per day.

If you have already filed an application, which we over-looked in the review of our records, please advise us of the number of the application or the name under which the application was filed. However, if you have not yet filed the required application, you should do so as soon as possible. You may obtain the forms upon request from this office.

If you have any questions, please do not hesitate to contact this office.
