WATER RIGHT LICENSE

License of Water Right No. 29-7175 Priority March 4, 1974 Amount 3.95 cfs

THIS IS TO CERTIFY, that Max L. Mayer & Sons
of American Falls, Idaho, has complied with the terms and conditions of Permit
No. 29-7175 issued pursuant to Application for Permit dated March 4, 1974,
and has submitted proof to the Department of Water Resources on January 25, 1977,
that he has applied water to a beneficial use; an examination by the Department indicates that the works have a
capacity for the diversion of 3.95 cfs of water from a groundwater source,
tributary to _____, and that the permit holder has applied to a beneficial use and
established a right to use water as follows:

Beneficial Use	Period of Use	Rate of Diversion	Annual Volume

Gentlemen:

We acknowledge receipt of the affidavit submitted as proof of beneficial use for the above referenced permit.

Before a license can be issued, a field examination must be made by a representative of this Department. We cannot tell during which part of the irrigation season this examination will be made, but our examiner will try to contact you at the time he makes the exam so that you may show him the system.

If you have any questions regarding the field examination, please contact our Regional Office in Idaho Falls.

Sirs:

I hereby request an extension of time for making proof of beneficial use of water under the above permit. Following are the reasons for this request.

1. Although the well was completed in February 1974, the shortages of pumps and mainlines did not allow for the completion of the project until midway through the irrigation season.

2. We were not able to obtain an adequate flow meter when the project was finally completed, and due to the late completion date our crops were already under severe stress; thus we could not afford any further delays required in locating an adequate flow meter.

3. We did not pump for the entire irrigation season so a correct proof of water use was impossible.

A flow meter will be installed prior to the beginning of the irrigation season and proof of water use can be made following this season. Thank you.

Sincerely,

James F. Mayer

Gentlemen:

One of the conditions of approval of your water Permit No. 29-7175 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before May 1, 1975. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

Gentlemen:

Enclosed you will find a legal notice which we wish to have published once a week for two consecutive weekly issues of your newspaper. We have inserted the publication dates allowing ample time for you to submit us a galley proof for review before publication.

After sending us a galley proof, proceed with the publication on the dates we have inserted, assuming the notice is correct. If we have any corrections, we will notify you before the first publication. If you cannot publish the notice on the proposed dates, please contact us immediately.

An affidavit of publication must be submitted to the Department along with the publication bill. In order to receive payment, the following certification must appear on the bill:

"I hereby certify that the foregoing account is just and correct, that the amount claimed is legally due, after allowing all just credits, and that no part of the same has been paid."
