ACTION OF THE DIRECTOR, DEPARTMENT OF WATER ADMINISTRATION

This is to certify that I have examined Application for Permit to appropriate the public waters of the State of Idaho No. 29-7159, and said application is hereby APPROVED.

1. Approval of said application is subject to the following limitations and conditions:

- a. SUBJECT TO ALL PRIOR WATER RIGHTS.
- b. Proof of construction of works and application of water to beneficial use shall be submitted on or before November 1, 19 78.
- c. Other: A measuring device of a type approved by this department shall be permanently installed and maintained as part of the diverting works.

2. Denial of said application is for the following reasons: _____

Witness my hand this 9th day of November 19 73.

R. Karl Hjort
Director

BEFORE THE DEPARTMENT OF WATER RESOURCES
OF THE
STATE OF IDAHO

IN THE MATTER OF CHANGING THE MEASURING
DEVICE REQUIREMENT FOR PERMIT NO. 29-7159

ORDER

WHEREAS, the above numbered permit was approved with the condition that a measuring device of a type approved by the Department be permanently installed and maintained as part of the diverting works; and,

WHEREAS, on July 1, 1978, the Department adopted a new water measurement condition which states: "An access port or other device as specified by the Department shall be installed by the permit holder to provide for the installation of measuring equipment and the determination of the rate of diversion by the Department"; and,

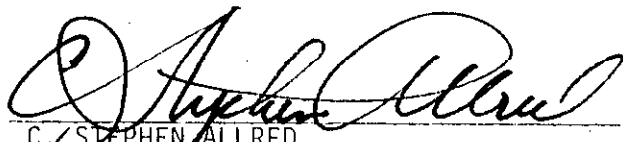

WHEREAS, the former condition required the permit holder to purchase and install a measuring device or hire a professional engineer to certify the rate of diversion; and,

WHEREAS, the measuring device condition effective July 1, 1978, requires less capital expenditure by the permit holder; and,

WHEREAS, to be equitable to holders of permits issued prior to July 1, 1978, the new condition should be retroactive;

NOW THEREFORE, it is hereby ordered that the condition of approval of this permit related to water measurement is hereby changed as follows: "The permit holder shall either install a measuring device or provide a certified measurement by a professional engineer or install an access port or other device as specified by the Department".

Dated this 18th day of August, 1978.

Dear Mr. Christensen,

RE: License No. 29-7159

Enclosed is a copy of the Water Right License issued on the above referenced Permit.

Please be advised that one of the conditions of your permit was that a measuring device be installed as part of your diversion works. That requirement has been waived with issuance of the enclosed license. However, in the event that water supply shortages become a problem installation of measuring devices may be required.

Sincerely,

JIM JOHNSON

Dear Mr. Christensen,

A representative of this Department has made an examination of the works covered by your Permit No. 29-7159, and has found the following:

Amount of water that can be recognized as beneficially used under
Idaho law: 2.06 cfs Source: groundwater

The maximum quantity diverted shall not exceed 521.5 acre feet per year.

Point(s) of diversion: SW $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 5, Twp. 10S, Rge. 36E, B.M.

Beneficial use: Irrigation of 37 acres within the SW $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 5; 112 acres within the NE $\frac{1}{4}$ SE $\frac{1}{4}$, S $\frac{1}{2}$ SE $\frac{1}{4}$, Sec. 6, Twp. 10S, Rge. 36E.

Priority date established: October 12, 1973

Conditions (if any): This right when combined with all other rights shall provide no more than 3.5 afa per acre for the lands above.

If you do not concur with these findings please contact us within 10 days, otherwise a water license will be issued as set forth above.

Sincerely,

JIM JOHNSON

Dear Mr. Christensen:

One of the conditions of approval of your water Permit No. 29-7159 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before November 1, 1978. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise, the permit will lapse and be of no further force or effect.

Re: Application for Permit NO. 29-7159

Mr. Leland Armstrong
Arimo,
Idaho 83214

Dear Mr. Armstrong:

We are in receipt of your letter of October 23, 1973 expressing your concern that your water rights may be injured by the drilling of the well that Mr. Alan Christensen proposed. Although your water right is still in permit form, it is still a recorded right and the fact that it is not licensed should not make much difference. It would be valuable, however, if the licensing exam was completed so that you would have on record the Departments measure of the discharge of your well. I assume that because the irrigation season is complete, your system is not in operation and the necessary licensing exam will have to be delayed until next spring. However, we would be happy to make this exam this fall, if it is at all possible.

Mr. Christensen has filed Application for Permit No. 29-7159 for a well in the SE¹/₄SE¹/₄, Sec. 6, T. 10S, R. 36E, B.M. This application was advertised on October 18 and October 25, 1973 in the Idaho State Journal, Pocatello, Idaho and the final date of protest against issuance of this permit is November 5, 1973.

If we can provide any further information concerning this matter or if a licensing exam can be made this fall, do not hesitate to contact us.

Very truly yours,

NORMAN C. YOUNG
District Engineer

Dear Sir:

I have been operating my irrigation well in Robin for ten years. I have a permit but have never received a license. A neighbor, Alan Christensen, is planning to drill a well a short distance away. I want some protection against the possibility of his well taking my water. Thank You
I would like to get this cleared up.

Sincerely

Leland Armstrong
