Re: Permit No. 29-7142

Dear Mr. Valenty:

One of the conditions of approval of your water Permit No. 29-7142 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before July 1, 1978. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

Pocatello, Idaho 83201

Dear Mr. Howell:

Pursuant to your letter of June 24th, we are herewith forwarding the Department's 'proof of application of water to beneficial use' form. As you are aware, proof is not due until July 1, 1978, however, it can be made at any time prior to that date.

As Permit 29-7142 is in the name of John R. Valenty, it will be necessary that Mr. Valenty sign the proof affidavit. After proof is made, the Department will schedule a field examination of the project before issuance of a water right license.

We assume from your letter that you may wish to file on waste water from a nearby farmer for irrigation purposes. Therefore, we are enclosing an application for permit for your consideration.

If you have any questions concerning the above matters, please do not hesitate to contact us.
