Mr. Norman C. Young

Dear Mr. Young:

The additional information that you requested on our application for permit is as follows:

The place of use is in Sections 13, 14, 23, 24, 25, 26, 35, and 36 of Township 6 S, R 34 E., B.M., Section 19, 30, and 31 of Township 6 S, R 35 E., B.M., Section 1 of Township 7 S, R 34 E., B.M., Section 6 of Township 7 S, R 35 E., B.M.

For several years, the City has been experiencing periodic water shortages and inadequate pressures in the Idaho State University, University Park, College Terrace, and former city of Alameda area. The rapid expansion of Idaho State University, residential growth, college, hospital, and private-oriented industrial development have increased these periods of acute water shortage and low pressure in these areas of the city.

The immediate goal of these wells, along with two new storage reservoirs, is to provide adequate water supply at a relatively constant pressure to the areas already developed; for the remainder of the undeveloped University land, some 80 acres west of the Interstate Highway and 360 acres east of the Interstate Highway; and for the development of some 800 acres of privately owned land east of the Interstate Highway.

Sincerely,

Charles W. Moss
City Manager

Dear Mr. Moss:

Attached is departmental receipt No. 9122 for \$135.00 for the application for permit which was signed by you for the City of Pocatello.

In reviewing the application, we note that there is some additional information required before we can properly advertise and process the application.

First, we need to have the place of use listed by the nearest 40-acre subdivision. This should be done for each 40-acre subdivision in which the water will be used. If you would list these locations on a separate sheet of paper that could be appended to your application, we would appreciate it.

Secondly, we need data establishing the need for the addition of water; information such as the increase in population, increase in industrial use, etc., since your last permit will be of value to us in evaluating your application.

Finally, we will need to be provided with your power of attorney for the City of Pocatello. We cannot complete the processing of this application until such form is received.

Please provide us with this information as soon as possible so that we may continue processing your application.

Very truly yours,

NORMAN C. YOUNG
