Dear Mr. &/or Mrs. Rodriguez:

We are once again returning your Application for Permit, along with money order No. BC-04125239 in the amount of \$10.00, as the following items are still not clear:

1. It is indicated in the plat of Item 11 that the point of diversion is located within the NW $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 23, T. 7S, R. 35E, B.M.; however, the description in Item 3a shows the point of diversion as being within the NE $\frac{1}{4}$ NW $\frac{1}{4}$, same section, township, and range. We believe from the property description included with the application that the point of diversion is actually in the NW $\frac{1}{4}$ NE $\frac{1}{4}$, and have indicated such in Item 3a on the enclosed retyped application. If you do not agree with this, please make the necessary changes.
2. To leave the filing fee in the amount of \$10, we have left the total quantity of water to be appropriated as 0.20 c.f.s., to be used as follows: 0.20 c.f.s. for irrigation and 0.04 c.f.s. for domestic purposes, but the total withdrawal not to exceed 0.20 c.f.s. at any one time.
3. In Item 8a(4), we have entered the figure 1 as the total number of families that will use the water.
4. In Item 8b, we have rounded out the acreage to the nearest full acre, which is six for both subdivisions, which is a total of 12 acres.
5. We only need one signature under Item 11, or if you wish, each may sign your name in full, one over the other.
6. We cannot accept the enclosed money order, as it appears to have been altered.

If you will make the necessary corrections and return the application to this office, along with the proper filing fee, we will be happy to continue processing.

The filing fee still remains \$10 for the 0.20 c.f.s. of water diverted.

If you have any questions, please do not hesitate to contact this office.

Very truly yours,

Dear Mr. & Mrs. Rodriguez:

We are returning your application for permit to appropriate ground water, because there are a number of items that require clarification before it can be processed.

We have taken the liberty of typing the information on a new form that we feel is correct and adequately describes the proposed project. Please make the necessary corrections and additions to this form.

1. In Item 3a, the location of the point of diversion must be listed to the nearest 40-acre legal subdivision. This should be obtainable from the plat of Item 11, which has been started for you based upon the property description attached to the application.
2. The quantity of water in Item 4 has been converted to cubic feet per second (c.f.s.) for irrigation purposes. If there are other uses such as domestic, that should be added to the list. The total quantity to be appropriated listed in Item 5 cannot exceed 0.20 c.f.s., for a filing fee of \$10.
3. Item 8a should be completed if there are other uses than irrigation.
4. Item 8b has been completed, based upon information in the property description.
5. Items 8c, 9a, and 9c should be completed.
6. Please complete the plat of Item 11 by showing the location of the point of diversion.

If you will make the necessary corrections and return the application to this office, with the proper filing fee, we will be happy to continue processing.

Very truly yours,

NORMAN C. YOUNG
