Enclosed is a copy of the Water Right License issued on the above referenced Permit.

Please be advised that one of the conditions of your permit was that a measuring device be installed as part of your diversion works. That requirement has been waived with issuance of the enclosed license. However, in the event that water supply shortages become a problem installation of measuring devices may be required.

Re: Licensing Exam on Permit No. 29-7069

Mr. Robert Swanson
Star Route, Box 44
Pocatello, ID 83201

Dear Mr. Swanson:

I have researched the records of this office, and cannot locate a license on the well in the SW $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 22, T. 6S, R. 33E, B.M., or in the name of Bowler Ranches or Mac Bowler.

In order to complete the licensing exam, it will be necessary to make a measurement of water flow from your Badger Meter.

Please notify me when you are again diverting water and the flow meter is repaired in order to finalize the licensing of this permit.

Very truly yours,

JOHN R. FERENBERGER

by 1/2 of a 10' (lower) Lindsay 2-1mmatic center pivot sprinkler.

REMARKS:
Note: The W 1/2 NW 1/4 of sec 27 is irrigated by 6-1/4 in handlines

under L-29-2515. Measurement was made of handlines
only as the handlines & pivot are operated separately. There
is not enough water or pressure to operate them simultaneously

Dear Mr. Swanson:

One of the conditions of approval of your water Permit No. 29-7089 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before August 1, 1973. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

Attachment

June 7, 1972

Mr. Robert Swanson
Michaud Creek Ranch, Inc.
Star Route - Box 44
Pocatello, ID 83201

Dear Mr. Swanson:

We are returning your application for permit and check in the amount of \$2.00, as there are several changes that must be made before processing can be commenced. We have taken the liberty of retyping your application, and would appreciate your completing the following items which need correction.

1. In Item 4, the normal irrigation season for your area is March 15 to November 15.
2. In Item 6c, indicate the proposed well diameter and depth.
3. In Item 7a, list the proposed development time. We normally consider a minimum development time of one year, or you may have up to five years.
4. In Item 7b, list the estimated construction cost.

Our records indicate that a permit exists for irrigation in the NW $\frac{1}{4}$ of Section 27, Township 6S, Range 33E. Proof of Beneficial Use has been submitted on this permit (#29-2515), and a license is contingent upon an examination conducted by the Department. This permit is in the name of Power County Implement & Bowler Ranches, Inc. You may wish to have this permit assigned to you.

The point of diversion for this permit is listed as two wells in the NW $\frac{1}{4}$ of Section 27, Township 6S, Range 33E; thus, you should check the location of the proposed point of diversion on your new application to be sure that it is correct. If the SW $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 22 is correct, then Permit No. 29-2515 will need to be amended.

Please make the above mentioned corrections and return the application with the proper

filing fee (\$35 for 1.2 c.f.s.), and we will be happy to continue processing. The processing of your permit will include publication in the Power County Press for two consecutive Thursdays, following a ten-day protest period in which protests may be submitted against your application.

If you have any questions, or if we may be of further assistance, please do not hesitate to contact this office.

Very truly yours,

NORMAN C. YOUNG
