WATER RIGHT LICENSE

License of Water Right No. 29-7073 Priority Sept. 30, 1971 Amount 1.49 cfs

THIS IS TO CERTIFY, that LeROY C. LINDLEY
of American Falls, Idaho, has complied with the terms and conditions of Permit
No. 29-7073 issued pursuant to Application for Permit dated September 30, 1971,
and has submitted proof to the Department of Water Resources on November 29, 1972,
that he has applied water to a beneficial use; an examination by the Department indicates that the works have a
capacity for the diversion of 1.49 cfs of water from a ground water source,
tributary to _____, and that the permit holder has applied to a beneficial use and
established a right to use water as follows:

Beneficial Use	Period of Use	Rate of Diversion	Annual Volume
<u>Irrigation</u>	from <u>May 1</u> to <u>Sept. 1</u> at <u>1.49</u> cfs and	<u>266 acre feet or</u>	
	from _____ to _____ cfs and	<u>3.5 af per acre</u>	
	from _____ to _____ at _____ cfs and		
	(both dates inclusive)		

Subject, however, to the condition that no more than 1.49 cfs of water be diverted at any one time, and
that the amount of water so diverted and to which such right is entitled and confirmed is for the purpose
aforementioned and is limited to the amount which can actually be beneficially used and shall not exceed
266 acre feet per year, said waters to be diverted within the SW $\frac{1}{4}$ NW $\frac{1}{4}$ of Sec. 12,
Twp. 6 S, Rge. 33 E, B.M. in the County of Power

A measuring device of a type approved by this Department shall be permanently
maintained as part of the diverting works.

NOTE: Modifications to or variance from this license must be made within the limits of Section 42-222, Idaho
Code, or the applicable Idaho Law. This right may be forfeited by five years of non-use.

The right to the use of the water hereby confirmed is restricted and appurtenant to the lands or place of use
herein described, as provided by the laws of Idaho.

Witness the seal and signature of the Director, affixed at Boise, Idaho, this 5 day of
February, 19 75.

Dear Mr. Lindley:

A representative of this Department has made an examination of the works covered by your Permit No. 29-7073 and has found the following:

Quantity of water diverted: 1.49 cfs

Amount of water that can be recognized as beneficially used under Idaho law: 1.49 cfs

The maximum quantity diverted shall not exceed 266 acre feet per year.

Beneficial use: For irrigation of 76 acres within the W¹/₄ Sec. 12, Twp. 6S, Rge. 33E

Point of diversion: SW¹/₄ NW¹/₄, Sec. 12, Twp. 6S, Rge. 33E, B.M.

Priority date established: September 30, 1971

If you do not concur with these findings, please advise us within 10 days; otherwise a license will be issued as set forth in this letter.

Sincerely,

BOBBY D. FLEENOR

Dear Mr. Lindley:

We have received a well drillers report indicating that a well was drilled for you in the SW¹/₄ NW¹/₄, Sec. 12, T. 6S, R. 33E, B.M., Power County.

A review of our records indicates that you have not filed an application for a permit to appropriate the public water of the State of Idaho. Since March 25, 1963, an application has been required prior to construction of a well and a valid permit must be obtained before ground water may be diverted. The only exception to this requirement is a well drilled for stock-watering or single family household use and water used for all other purposes, including irrigation of one-half acre of land in connection with the household use where the total use does not exceed 13,000 gallons of water per day.

If you have already filed an application, which we over-looked in the review of our records, please advise us of the number of the application or the name under which the application was filed. However, if you have not yet filed the required application, you should do so as soon as possible. You may obtain the forms upon request from this office.

If you have any questions, please do not hesitate to contact this office.

Very truly yours,

LOY H. JOHNSON
Water Resource Supervisor

Dear Mr. Lindley:

We acknowledge receipt of your affidavit submitted as proof of beneficial use for the above referenced permit.

Before a license can be issued, a field examination must be made by a representative of this Department. We cannot tell just when this examination will be made, but our examiner will try to contact you at the time he makes the examination so that you may show him the system.

If you have any questions regarding the field exam, please contact our Eastern District Office at 240 South Holmes, Idaho Falls, Idaho.

Very truly yours,

Dear Mr. Higginson:

In reference to your letter of Oct. 31, 1972, I am sorry to confess I found your letter of Dec. 1, 1971 the one containing the permit (only after I received your recent letter.

I had a heart attack the first part of Dec. 1971 and was not home for about a month. My wife upon receiving the letter saw the permit had been approved, and not realizing anything else had to be done put the letter away and forgot to mention it to me. I had no idea I had received a letter except the one of Oct. 1, 1971 containing the receipt No. 8338 for my \$35.00.

On April 5, 1972 I had my brother contact the Sigman Drilling Co. to drill the well since I was in Salt Lake for open heart surgery. At the time Mr. Sigman asked for

29-7073

the permit my brother showed
him the receipt which I had
given him thinking that was
all I had received, we assumed
the permit No. was the same
as the receipt No.

I have since gotten in touch
with the firm who sold me the
pump and have ordered the measuring
device. They inform me it will
be here in about a week. When
I receive it I will have it
installed and will then fill out
the application of proof and return
it to your office.

I am very sorry about the
mix-up and delay.

Sincerely,
L Roy C. Lindley

Dear Mr. Lindley:

One of the conditions of approval of your water Permit No. 29-7073 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before January 1, 1973. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

C Mr. Le Roy C. Lindley
774 Bannock Street
American Falls, Idaho 83211

Dear Mr. Lindley:

O We are processing your Application for Permit No. 29-7073. However, there are two items that need clarification before we can continue processing.

P In item 3a you have indicated that there is a point of diversion in the NW₁/4, Section 12, and another point of diversion in the SW₁/4, Section 12. It appears, however, from the remainder of the application, that you intend to have only one point of diversion, which is probably on the line between the NW₁/4 and the SW₁/4. If this interpretation is correct, will you please indicate whether the actual location will be in the NW₁/4 or the SW₁/4. We need to have these locations to the nearest 40-acre subdivision for our records, and on the line is not an adequate description.

Y In item 7a you have indicated that the time required to complete your project is one-half year. We normally issue permits for a minimum of one year, and I have taken the liberty of increasing the time to one year on your application.

Thank you for your cooperation.
