Dear Mr. Evans;

We acknowledge receipt of the affidavit submitted as proof of beneficial use for the above referenced permit.

Before a license can be issued, a field examination must be made by a representative of this Department. We cannot tell during which part of the irrigation season this examination will be made, however, our examiner will try to contact you at the time he makes the exam so that you may show him the system.

If you have any questions concerning the field exam, please contact our District Office in Idaho Falls.

Dear Mr. Higginson:

This last fall we purchased permanent measuring devices to be installed on our wells, permit numbers 297042 and 297063. Mr. Ed Johnson, who farms the property on which the wells are located, said he would install these measuring devices.

The electricity has been shut off now until next spring, and probably it would be best for your field man to inspect them after the electricity is turned on in March or April of 1976; however, the devices, as I said, have been purchased, and your field man can contact Mr. Johnson for an inspection at his convenience.

Sincerely,

John Evans

Dear Mr. Evans:

Enclosed is an Order which extends the proof due date in connection with the above referenced permit. The time within which to submit proof of beneficial use of water has been extended to June 1, 1976.

The condition of the permit requires that the measuring device be permanently installed prior to the time the field examiner visits your project. However, the examiner may be in your area and available to consult with you concerning the installation of a measuring device. You may contact our Eastern District Office at 1515 Lincoln Road, Idaho Falls, or call at 523-7186. We suggest also that you contact your pump dealer and obtain his suggestions on the type of measuring device to install.

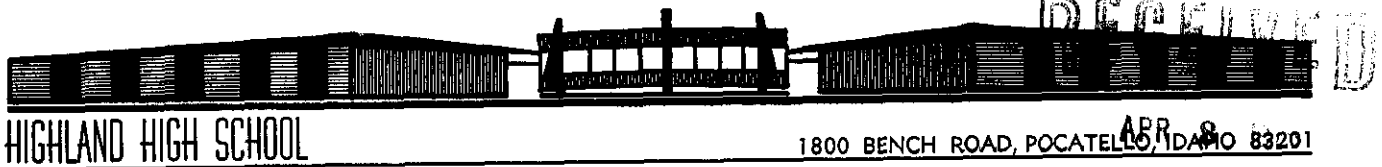

If you have any questions, please contact us.

Sincerely,

Dear Mr. Higginson:

I received your letter regarding permit #29-7063 and the measuring device that goes on the well. The measuring device, according to your letter, must be on by June 1, 1975; however, as I do have one other well that received an extension until January of 1976, for the same purpose, I would like to request an extension for the same length of time for this permit.

Both wells are being used by Mr. Edward L. Johnson who farms on the Michaud Flats. I would like to request that your field man, when he comes into the area, check with Mr. Johnson, as he knows the locations of both wells, and, together, the three of us can get the proper measuring device that is necessary.

I hope that this will be satisfactory with your office.

Sincerely,

Dear Mr. Evans:

One of the conditions of approval of your water Permit No. 29-7063 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before June 1, 1975. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

Dear Mr. Evans:

Enclosed is a copy of your approved Application for Permit No. 29-7063. We direct your attention to the conditions of approval as listed on the fourth page.

Be sure to note that a special condition requiring you to install and maintain a measuring device at your point of diversion has been placed upon your permit. We are enclosing a letter describing different types of measuring devices accepted by this office.

Very truly yours,

Gentlemen:

Enclosed you will find a legal notice which we wish to have published once a week for two consecutive weekly issues of your newspaper. We have inserted the publication dates allowing ample time for you to submit us a galley proof for our review before publication.

After sending us a galley proof, proceed with the publication on the dates we have inserted assuming the notice is correct. If we have any corrections, we will notify you before the first publication date. If you cannot publish the notice on the proposed dates, please contact us immediately.

An affidavit of publication must be submitted to the Department along with the publication bill. In order to receive payment, the following certification must appear on the bill:

"I hereby certify that the foregoing account is just and correct, that the amount claimed is legally due, after allowing all just credits, and that no part of the same has been paid."
