In accordance with my
telephone conversation with you
today, I am requesting a five
year extension for water permit
number 29-7062 for Wm T. &
Carol M. Skaggs.

We drilled one well that
is totally unsatisfactory:

1. Total output 200-250 gallons
of water per day
2. Can pump the well dry in
5 minutes with 1 horsepower
motor.
3. We would like permission to
drill another well - preferably
closer to our residence.
4. We would like to keep this

well as it is located ~~on~~ near
our small garden plot. Please

considered that none of the wells
in this area of the mountains
are very good (we are 6 miles
east of Prescott)

5. We hope to get a well with
enough water for house, lawn, etc.
before we can finalize our proof
of beneficial use

Dear Mr. & Mrs. Skaggs;

One of the conditions of approval of your water Permit No. 29-7062 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before May 1, 1976. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.
