WATER RIGHT LICENSE

License of Water Right No. 29-7042 Priority December 2, 1969 Amount 2.59 cfs

THIS IS TO CERTIFY, that JOHN EVANS
of Pocatello, Idaho, has complied with the terms and conditions of Permit
No. 29-7042 issued pursuant to Application for Permit dated December 2, 1969,
and has submitted proof to the Department of Water Resources on November 12, 1975,
that he has applied water to a beneficial use; an examination by the Department indicates that the works have a
capacity for the diversion of 2.59 cfs of water from a groundwater source,
tributary to _____, and that the permit holder has applied to a beneficial use and
established a right to use water as follows:

Beneficial Use	Period of Use	Rate of Diversion	Annual Volume
<u>Irrigation</u>	from <u>March 15</u> to <u>November 1</u>	at <u>2.59</u> cfs and	<u>550 acre feet</u>
	from _____ to _____	at _____ cfs and	_____
	from _____ to _____	at _____ cfs and	_____

(both dates inclusive)

Subject, however, to the condition that no more than 2.59 cfs of water be diverted at any one time, and
that the amount of water so diverted and to which such right is entitled and confirmed is for the purpose
aforementioned and is limited to the amount which can actually be beneficially used and shall not exceed
550 acre feet per-year, said waters to be diverted within the SE 1/4 NW 1/4, Sec. 7, Twp. 6S,
Rge. 33E, B. M. in the County of Power

Description and location of place of use:

Twp.	Range	Sec.	NE 1/4				NW 1/4				SW 1/4				SE 1/4				Totals
			NE 1/4	NW 1/4	SW 1/4	SE 1/4	NE 1/4	NW 1/4	SW 1/4	SE 1/4	NE 1/4	NW 1/4	SW 1/4	SE 1/4	NE 1/4	NW 1/4	SW 1/4	SE 1/4

Dear Mr. Evans:

A representative of this Department made an examination of the works covered by your Permit No. 29-7042 on July 1, 1976, and has found the following:

Amount of water that can be recognized as beneficially used under
Idaho law: 2.59 cfs Source: groundwater

The maximum quantity diverted shall not exceed 550 acre feet per
year.

Point of diversion: SE $\frac{1}{4}$ NW $\frac{1}{4}$, Sec. 7, Twp. 6S, Rge. 33E, B. M.

Beneficial use: Irrigation of 157 acres within the NW $\frac{1}{4}$, Sec. 7,
Twp 6S, Rge. 33E, B. M.

Priority date established: December 2, 1969

If you do not concur with these findings please contact us within 10 days, otherwise a
water license will be issued as set forth above.

Sincerely,

RE: Permit No. 29-7063 and 29-7042

Mr. John Evans
51 Fordham
Pocatello, Idaho 83201

Dear Mr. Evans:

On July 1, 1976, personnel from this office visited the well under your Permit No. 29-7063 and 29-7042. This examination was to finalize the water permits and collect data required for the licensing of the wells.

The examination indicated that the systems may possibly not be operated as you stated in your proof of beneficial use. A measuring device approved by this Department has not been installed at the points of diversion. Because of this non-compliance where the measuring devices are concerned, the priority date that you have established for these ground-water sources may be in jeopardy.

This office will hold the field reports until July 19, 1976. At that time we will submit our findings to the State Office in Boise. Hopefully, before that time you will contact this office and indicate that the measuring devices have been purchased and/or installed. We will then re-exam the systems with you or your representative present. Please contact me to set up an appointment for this re-examination.

Compliance with the conditions on your permit is the only way a license can be issued pursuant to the Idaho Code for your water right development and the lands included under the above referenced permits.

If you have any questions concerning this matter, please do not hesitate to contact me.

Very truly yours,

ERNIE M. CARLSEN

Dear Mr. Evans:

We acknowledge receipt of the affidavits submitted as proof of beneficial use for the above referenced permits.

Before a license can be issued, a field examination must be made by a representative of this Department. We cannot tell during which part of the irrigation season this examination will be made, however, our examiner will try to contact you at the time he makes the exam so that you may show him the system.

If you have any questions concerning the field exam, please contact our District Office in Idaho Falls.

This last fall we purchased permanent measuring devices to be installed on our wells, permit numbers 297042 and 297063. Mr. Ed Johnson, who farms the property on which the wells are located, said he would install these measuring devices.

The electricity has been shut off now until next spring, and probably it would be best for your field man to inspect them after the electricity is turned on in March or April of 1976; however, the devices, as I said, have been purchased, and your field man can contact Mr. Johnson for an inspection at his convenience.

Re: Permit No. 29-7042

Dear Mr. Evans:

One of the conditions of approval of your water Permit No. 29-7042 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before January 1, 1976. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

Dear Mr. Higginson

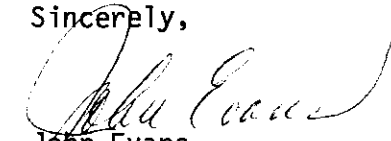

Re: Permit No. 29-7042

In regard to your letter of November 1 about the measuring device to be installed on my pump, I would like to request an extension of time until some time this summer, as the electricity has been shut off and there is no way of testing the amount of water on any type of measuring device.

Mr. Ed Johnson, who farms extensively on the Michaud Flats farms the piece of ground that this particular well is located upon. I would like to suggest that if your field man is in the area either now or later on in the spring when the electricity is turned back on that he check with Mr. Johnson in regard to the amount of water we are using.

If you need any more information from me at the present time please let me know at your convenience.

Sincerely,

John Evans

Gentlemen:

Enclosed you will find a legal notice which we wish to have published once a week for two consecutive weekly issues of your newspaper. We have inserted the publication dates allowing ample time for you to submit us a galley proof for review before publication.

After sending us a galley proof, proceed with the publication on the dates we have inserted assuming the notice is correct. If we have any corrections, we will notify you before the first publication date. If you cannot publish the notice on the proposed dates, please contact us immediately.

An affidavit of publication must be submitted to the Department of Reclamation along with the publication bill. In order to receive payment, the following certification must appear on the bill:

I hereby certify that the foregoing account is just and correct, that the amount claimed is legally due, after allowing all just credits, and that no part of the same has been paid.

(Signature of the claimant)

Very truly yours,

Donald W. McElDowney
Appropriation Examiner
