Dear Mr. Ward:

We are in receipt of your affidavit submitted as proof of beneficial use for the above referenced permit. However, in reviewing that affidavit, you indicate that you have not installed the measuring device as required by the condition of approval of your permit.

We cannot accept your proof unless you have installed a measuring device of a type approved by this Department, therefore, we are herewith returning your proof affidavit.

We have enclosed a letter describing different types of measuring devices accepted by this office. If you have any questions, please contact us or our Eastern District Office at 240 South Holmes, Idaho Falls, Idaho.

Sincerely,

Dear Mr. Ward:

One of the conditions of approval of your water Permit No. 29-7010 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before May 1, 1973. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.
