Dear Mr. Armstrong:

Enclosed are two claims to a water right and check #92-42 in the amount of \$40.00 that was received by this department.

Due to the nature of a claim, if there are any problems, the claim must be returned to the claimant.

The address must be complete on both claim forms, and in item 3 the units for the quantity must be given. Item #4 must have the total amount of water diverted for all the uses shown in (3). The point of diversion, item 5.A, must be described to the nearest 40 acre tract within a section as described by the Public Land Survey System with item 5.B. describing the means of diversion, item 6A.

The location of use grid, with each box representing a 40 acre tract of land, must show the number of acres irrigated within each 40 acre tract and the domestic usage as well. The map must include information showing the location of lands irrigated and where each home is located. The map must also be complete as to legal descriptions. The aerial photos may or may not be correct as to legal descriptions.

Upon receipt of completed, notarized, claims to a water right and appropriate filing fee of \$60.00 (\$30.00 each) processing will begin.

Please feel free to contact this office for any additional assistance that may be necessary.

Sincerely,

KEITH C. WILSON  
Sr. Resource Agent
