To Whom it may Concern,

This letter is in reference to the Springs which set to the east of Von Bloxhams home place approximately a quarter of a mile, the spring more commonly known as the TWIN SPRINGS, which has a ditch running from the Twin Springs, down to Von Bloxhams property.

These springs and the water from them has been used by Von Bloxham for irrigation and stock stream purposes, exclusively by Men Bloxham, for the past 30 years that I know of.

As a boy and in growing up, having lived with the Bloxham Family from the time I was 8 years of age, I have helped Von clean and maintain the ditch and the dam at the twin springs. I have used the water from the Twin Springs to irrigate the land on Von's home place.

In the ditch also we had a place dug out behind the house, which was boarded off where we use to cool the milk at night, from the Dairy Cows that are milked on the farm.

As kids we use to go up to the Twin Springs and play in the springs and swim in them, and at one time had a raft in there that we floated on.

To My knowledge, no one has ever used the water from the Twin Springs, other than Von Bloxham for the past 30 years that I have lived and now visit them.
