Dear Mr. Christensen:

Subsequent to our review, we find it necessary to return your claim to a water right along with Check No. 92-284/0197 for \$30.00. The claim is being returned because additional information is required before it would be in form to receipt.

Specifically, in item 5, you need to list either the government lot number or the 40-acre subdivision in Section 7, where the point of diversion is located. In reviewing the attachments which were included with the claim, it appears that the point of diversion is within Lot 2 of said section. However, since the claim is a notarized document, we are unable to make this correction. Also in item 6, you need to fill in the correct place of use according to the attachment, this would also be the same as the description for the point of diversion. With the additional information added to the form, please resubmit it to this office along with your check for \$30.00 as payment of the statutory filing fee.

Should you have any questions concerning this matter, please feel free to call or contact our Eastern Regional Office.

Respectfully submitted,

Ernest Carlson
