DEPARTMENT OF WATER RESOURCES
CLAIM TO A WATER RIGHT

Under the provisions of Section 42-243, Idaho Code, any person using or claiming rights to the public waters of Idaho established by diversion and application to a beneficial use must file a claim with the Department of Water Resources on or before June 30, 1983. Exempted from this filing are single family domestic uses as defined in Section 42-230(d), Idaho Code. Also exempted are rights represented by a permit, license, decree, adjudicated right, or a previously filed claim.

The filing of this claim does not confirm the water right claimed but failure to file may result in forfeiture of a water right.

Dear Mr. Sorensen:

The Department has reviewed your claim to a water right and finds it necessary to return the claim, along with your personal check No. 4024 in the amount of \$20.00. In reviewing your claim, it was noticed that the priority indicated under Item 1 has been changed from October 1, 1963 to October 1, 1971. Idaho Code provides that a claim from a surface water source is not acceptable with a priority later than May 20, 1971. Therefore, because of this change, we can not accept your claim in its present form.

Since you have determined the beneficial use of water did not take place until the date specified, we recommend you file an application for permit to secure a license for the use of water. To assist you in this process, we have included a blank application with instructions. However, should you need assistance in completing the form, please feel free to contact this office.
