RE: Claim to A Water Right No. 4041

Mr. Gordon S. Loosle
Superintendent
Marsh Valley School District #21
Box 188
Arimo, Idaho 83214

Gentlemen:

Attached herewith is departmental receipt No. 13052 in the amount of \$10.00. However, in reviewing the claim to a water right which you submitted to this office on September 11, 1974, we find that as completed, the information is inconsistent and cannot be advertised in its present form. We consulted a USGS Quad Map and found the location of the high school given in the NE $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 6, T. 10S, R. 37E. We assumed that the land to be irrigated was all included within this 40-acre tract.

Please review the claim as we have completed, and make any changes or corrections that you feel appropriate. When you are satisfied that this claim adequately represents Marsh Valley's use right, sign this claim in the presence of a Notary Public and return to this office. Please return it at your earliest convenience to expedite processing of your claim.

Very truly yours,

Gentlemen:

We are returning the Claim to a Water Right because the statutory filing fee of \$10.00 was not included. Also, there are a few items which need to be clarified. In Item 5, the point of diversion is unclear. If there are two different points, please list the additional one where I have marked it with an X. Item 6B should include the number of students attending the school and finally the map of Item 8 should be completed.

We have enclosed a blank form for your use. Please make the necessary changes and return the form to this office with the required filing fee and we will be happy to process the claim.

Very truly yours,
