INSTRUCTIONS

Your claim should set forth all necessary information to describe your claimed right. Failure to give enough information may make your claim of little value. Some of the items in the form may not apply to your situation. Please use additional sheets if space provided is not sufficient to fully answer the questions.

Paragraph No.

1. Give full name and post office address of person or company making the claim.
2. Describe the point of diversion by 40-acre subdivision. Give the name of the source, the drainage to which it is tributary if surface water, and the county in which the point of diversion is located. If there is more than one point of diversion, list others in the remarks section.
3. Give the priority dates and the quantities of water that you claim. You should accurately list the dates that you initiated each new use of the water. List separately the dates and amounts of water involved in each enlargement of the diversion. (Example: if you diverted 0.8 c.f.s. of water for irrigation on May 18, 1871, for the first time for use on 40 acres of land, and then later you enlarged the diversion by diverting an additional 0.4 c.f.s. of water to irrigate an additional 20 acres of land on June 1, 1901, your right should be described as follows:

Date of priority claimed:	<u>May 18, 1871</u>	amount:	<u>0.8 c.f.s. or</u>	<u> </u>	acre feet
	<u>June 1, 1901</u>	amount:	<u>0.4 c.f.s. or</u>	<u> </u>	acre feet
		Total claimed:	<u>1.2 c.f.s. or</u>	<u> </u>	acre feet

Since the water was used for irrigation between April 1 and October 31 on that particular farm, part b. would be completed as follows:

use irrigation period of use from April 1 to October 31 (both dates inclusive). If the water had been used for any other purpose, you would have described the priority date, amount, use, and period of use in a similar manner.

4. Describe the diversion works and explain any changes since the right was first initiated.
5. If the water is used for irrigation, give the total acreage and list the lands irrigated by 40-acre subdivisions and complete the other questions.
- 6, 7, & 8. Describe any other uses of water.
9. In the remarks section, give any information or details that you feel are not fully covered or that need clarifying. You might explain your operation, where the water is returned to if for an industrial or non-consumptive right, the condition and temperature of the returned water, and any other information to help explain your claim.

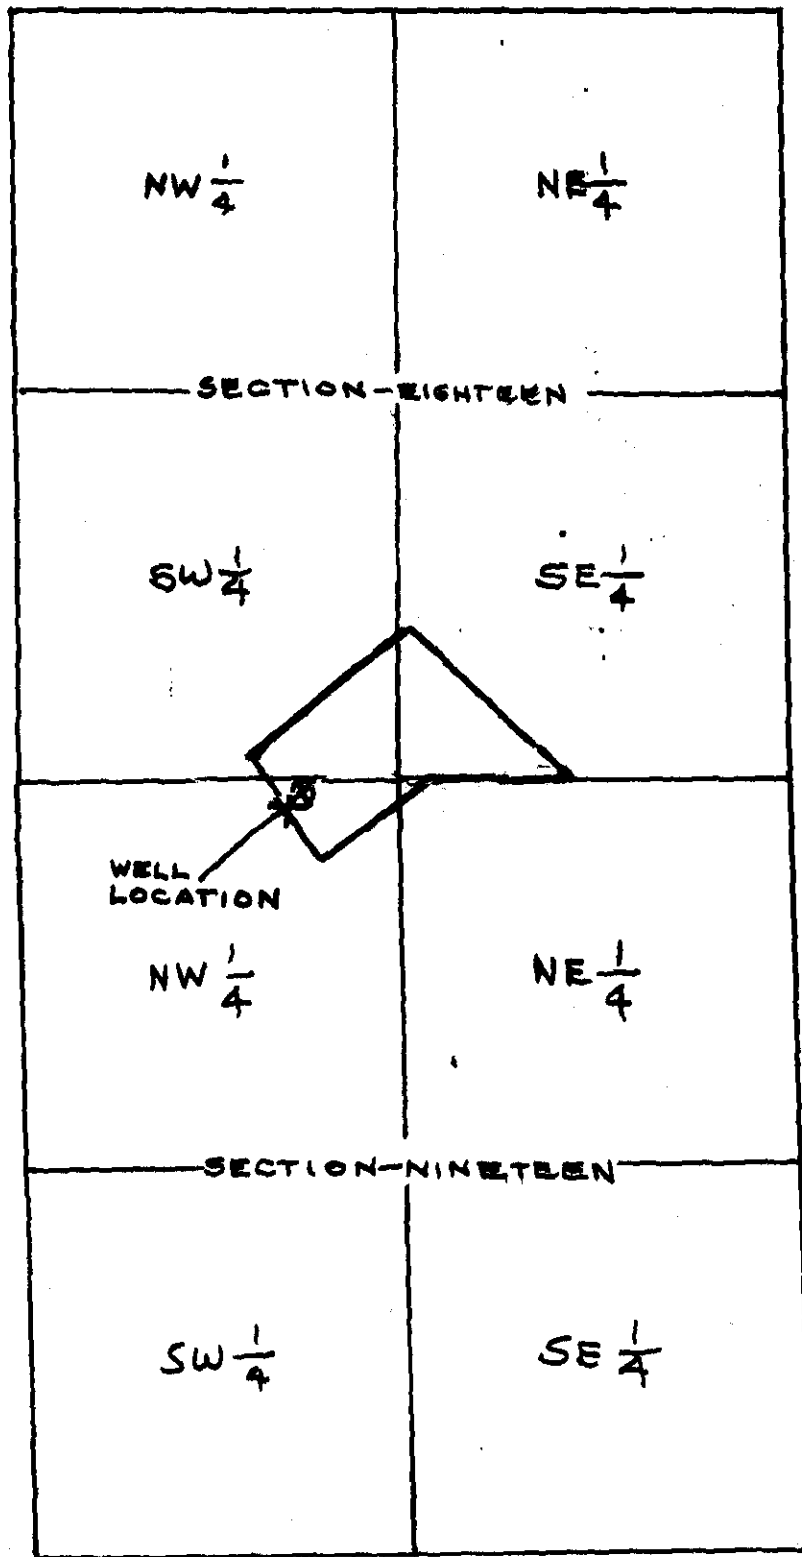

You may wish to include as a part of your claim, affidavits of witnesses who are familiar with your right and who have a personal knowledge of the circumstances which you have described in your claim. You may submit maps, drawings, certified copies of posted notices which may have been filed in the county courthouse, water measurement records, or any other document which you feel will support your claim.

Your claim will be advertised in a county newspaper for two weeks. Exceptions to your claim which dispute the water right that you have described may be received by the Department of Reclamation and you will be provided a copy of such exceptions.

The fee for filing this claim with the Department of Reclamation, Room 107, Statehouse, Boise, Idaho 83701, is \$10.00.

Dear Doctor:

O We appreciate your response of December 22, 1970. The well identified in your correspondence is covered by Claim No. 29-4011.

P Due to the wording under item #2 of the claim, it was entered as Pocatello Creek and not a ground water source. Therefore, our reference prior to our December 16, 1970 correspondence failed to identify Claim No. 29-4011 as a claim to ground water. At the time the claim was processed, it was properly interpreted as a ground water source, and advertised as such. Our references by which we locate water rights filed in this office are basically by source of water supply, and since at the time the claim was entered into the index system as Pocatello Creek, we could not identify this as a ground water source.

Y We are sorry for any inconvenience we have caused you. Your cooperation and patience in this matter are appreciated.

Very truly yours,

Donald W. McEldowney

Gentlemen:

Reference your letter of December 16, I am suprised to learn you have no record of my water rights as I am holding a valid claim number 29-4011 which should be on file with your office. This however was not the reason for my letter of December 1, at that time I requested to know if my well was properly recorded with your office. I have a copy of a well drillers report filed on our well located in the NE $\frac{1}{4}$, NW $\frac{1}{4}$, Section 19, Township 6 S, Range 35 E.

Please advise if the above well is properly recorded with your office and advise me as rapidly as possible.

Also please let me know if Claim No. 29-4011 is on file with you. Please check on these two items.

Sincerely,

Dear Mr. Clay;

Reference your letter of October 9, 1970. Under item 3b, you are correct, we use water for domestic purposes all year around (January 1, thru December 31). Our normal period of irrigation has begun as early as April 15 and has gone as late as October 30, so we would like to use these dates(April 15 thru October 30)inclusive.

Hoping you find the above information satisfactory,

Sincerely,

Richard Clothier

Dear Mr. Clothier:

In reviewing your claim to a water right, we find that we must once more correspond with you to clarify one of the items on the form. Under item 3b, of your claim, you have listed a use as home water supply, and the period of use from May 25, 1961, to the present. The period of use that we require, is the time of year during which you are intending to use the water. We would assume that, for a domestic system, it would be January 1 to December 31. You have also listed the use for irrigation from May 25, 1961, to the present. We would assume that this use would be from the normal irrigation season of May 15, through October 15.

Please verify these periods of the year during which you are intending to use the water by return mail. Upon receipt of this verification, we shall continue with the processing of your claim.

If we may be of any further assistance, please advise.
