INSTRUCTIONS

Your claim should set forth all necessary information to describe your claimed right. Failure to give enough information may make your claim of little value. Some of the items in the form may not apply to your situation. Please use additional sheets if space provided is not sufficient to fully answer the questions.

Paragraph No.

1. Give full name and post office address of person or company making the claim.
2. Describe the point of diversion by 40-acre subdivision. Give the name of the source, the drainage to which it is tributary if surface water, and the county in which the point of diversion is located. If there is more than one point of diversion, list others in the remarks section.

List separately the dates and amounts of water involved in each enlargement of the diversion. (Example: if you diverted 0.8 c.f.s. of water for irrigation on May 18, 1871, for the first time for use on 40 acres of land, and then later you enlarged the diversion by diverting an additional 0.4 c.f.s. of water to irrigate an additional 20 acres of land on June 1, 1901, your right should be described as follows:

Date of priority claimed:	May 18, 1871	amount:	0.8 c.f.s. or	acre feet
	June 1, 1901	amount:	0.4 c.f.s. or	acre feet
	Total claimed:		1.2 c.f.s. or	acre feet

Since the water was used for irrigation between April 1 and October 31 on that particular farm, part b. would be completed as follows:

~~use irrigation period of use from April 1 to October 31 (both dates inclusive).~~ If the water had been used for any other purpose, you would have described the priority date, amount, use, and period of use in a similar manner.

4. Describe the diversion works and explain any changes since the right was first initiated.
5. If the water is used for irrigation, give the total acreage and list the lands irrigated by 40-acre subdivisions and complete the other questions.
- 6, 7, & 8. Describe any other uses of water.
9. In the remarks section, give any information or details that you feel are not fully covered or that need clarifying. You might explain your operation, where the water is returned to if for an industrial or non-consumptive right, the condition and temperature of the returned water, and any other information to help explain your claim.

You may wish to include as a part of your claim, affidavits of witnesses who are familiar with your right and who have a personal knowledge of the circumstances which you have described in your claim. You may submit maps, drawings, certified copies of posted notices which may have been filed in the county courthouse, water measurement records, or any other document which you feel will support your claim.

Your claim will be advertised in a county newspaper for two weeks. Exceptions to your claim which dispute the water right that you have described may be received by the Department of Reclamation and you will be provided a copy of such exceptions.

The fee for filing this claim with the Department of Reclamation, Room 107, Statehouse, Boise, Idaho 83701, is \$10.00.

Claim to a Water Right

Dear Mr. & Mrs. Adamson:

We are in receipt of your claim to water right and your check for the amount of \$10.00.

It is noted under statement 3a. - date of priority claimed, you have listed spring of 1947. It would greatly benefit your claim to a water right if you could put down a specific month or month and day in 1947 that you wish to claim for priority.

Under statement 3b. - period and nature of use, you have listed household purposes, stock watering, and irrigation of 4 acres in the period of spring 1947 to June 1967, both dates inclusive. The purpose of this 3b portion of the water right claim is intended to designate period during a twelve month year that you would use this water. For instance, domestic or household purposes and stock watering would probably be used year around and it would be adviseable for you to change your claim to read something to the effect of January 1 to December 31. As for irrigation, your use is somewhat more limited. In normal irrigation use, it would be for a period such as March 1 to October 15. We are requesting that you send this department directions to correct sections 3a and 3b of your claim in order to better establish your claim to a water right.

Your prompt attention to this matter will be greatly appreciated.

Very truly yours,
