State of Idaho

License and Certificate of Water Right

Water License No. 20832

Amount 2.80 second feet

Water District No. 1

Priority December 28, 1948

THIS IS TO CERTIFY that A. R. KRAMER

of American Falls, Idaho, made application for a permit to appropriate the public waters of the State of Idaho, dated December 28, 1948; that Permit No. 20832 was issued under said application; that Certificate of Completion of works, with a carrying capacity of 3.1 second feet, was issued thereunder on October 14, 1949, showing that said works were completed on the 11th day of October, 1949; and that on the 1st day of June, 1951,

A. R. KRAMER

of American Falls, State of Idaho, made proof to the satisfaction of the State Reclamation Engineer of Idaho, of the right to use the waters of a well

~~auxiliary~~ (subterranean flow) for the purpose of irrigation

under Use Permit No. 20838 of the Department of Reclamation and that said right to the use of said waters has been perfected in accordance with the laws of Idaho, and is hereby confirmed by the State Reclamation Engineer of Idaho and entered of record in Volume of Licenses at page 4034, on the 10th day of July, 1952.

The right hereby confirmed dates from December 28, 1948.

Point of Diversion is located

1/4 Sec. 22, T. 33 N., R. 35 E., S. 4 E. Power County

That the amount of water to which such right is entitled and hereby confirmed, for the purposes intended, is limited to an amount actually needed and beneficially used for said purposes, and shall not exceed 2.80 cubic feet per second.

Description and location of use:

Sec.	Range	Sec.	Part of Tract	No. Acres Described in Proof	No. Acres Actually Irrigated
22	30 E.	15	SW 1/4	40	40
		22	SE 1/4	40	40
			NE 1/4	40	40
			NW 1/4	40	40
Number of Acres Actually Irrigated					160

The right to the use of the water aforesaid hereby confirmed is restricted to the limits of place of use herein described, as provided by the laws of Idaho.

WITNESSE the seal and signature of the State Reclamation Engineer, Idaho, at Boise, Idaho, this

10th day of July, 1952.

APPLICATION FOR PERMIT
To Appropriate the Public Waters of the State of Idaho

APPLICATION No. 28479
PERMIT No. 20832
DISTRICT No.

1. Name of Applicant: A. R. KRAMER

Postoffice address: P.O. Box 5, American Falls

County: Power

State: Idaho

I. If applicant is a corporation, give:

- (a) Date and place of incorporation:
- (b) Amount of capital stock:
- (c) Amount paid in:
- (d) Names and addresses of directors:

II. The financial resources of the applicant are:

(a) Cash on hand: \$3,000.00

(b) Treasury stock:

(c) Bonds to be issued:

(d) Other resources: 1200 acres of wheat land in Power Co. worth \$36,000.00

2. Quantity of water claimed: 160 miners inches or 3.2 cubic feet per second.

stands at 115 ft.

3. Source of water supply: Drilled well, 245 ft. deep- water/which is a tributary of

4. Location of point of diversion: About 660

feet distant from the N. E.

corner of Section 22, T. 8 S., R. 30 E., B.M., and is in the NE $\frac{1}{4}$ NE $\frac{1}{4}$

of Section 22, T. 8 S., R. 30 E., B.M., County of Power

5. Water is to be used for Irrigation only

6. If for mining, milling, power or manufacturing purposes, give:

(a) Point of use of water: feet distant from corner of Section

T., R., B.M., in the of Section, T., R., B.M.

(b) Amount of power generated: H.P., under feet head.

(c) Water is to be returned to at a point feet

distant from the corner of Section, T., R., B.M., in the
of Section, T., R., B.M.

7. Estimated cost of works: \$9,000.00

8. Kind of works: Drilled well; electric turbine pump, 75 H.P.; open ditches

9. Height of dam feet; length of dam at top feet; length of dam at bottom

feet; material used in dam:

10. Size of headgate: Width 2 14" pipes / discharging directly into two ditches feet; height feet.

2
11. Ditch: Width at bottom 2 feet; width at water line 4 feet; depth of water 1 feet;

dimensions of flume: 2- each 14" round length 275 ft.

Diameter of pipe 12" & 14" inches; length of conduit Well adjoins main ditch, 1 at 100' and 1 at 275 miles.

Average grade per mile 8 feet.

12. The time required for the completion of such work is 4 months years--

13. The time required for the complete application of the water to the proposed use is 1-2/3 to 2 additional years.

14. The land to be irrigated is described in the following tabulation: See remarks.

15. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: None

RE: Permit No. 20832

Mr. A. R. Kramer
American Falls
Idaho

Dear Mr. Kramer:

We enclose License and Certificate of Water Right issued under Permit No. 20832, confirming your right to the use of 2.89 second feet of water from a well in the NE $\frac{1}{4}$ NE $\frac{1}{4}$ Section 22, Township 8 South, Range 30 East, B.M., with priority of December 28, 1948, for the irrigation of land in the S $\frac{1}{2}$ SE $\frac{1}{4}$ Section 15, and NE $\frac{1}{2}$ NE $\frac{1}{4}$ Section 22, Township 8 South, Range 30 East, B.M.

We also enclose departmental receipt No. 24638 for the \$8.00 license fee paid in connection therewith.

Very truly yours,

MARK R. KULP

RE: Permit No. 20832

Mr. A. R. Kramer
American Falls
Idaho

Dear Mr. Kramer:

We now have on file the report of our field engineer on examination for beneficial use on Permit No. 20832. This report shows that you have irrigated 155 acres in the S₁/₂ SE₁/₄ Section 15, and the N₁/₂ NE₁/₄ Section 22, Township 8 South, Range 30 East, B.M., from your well in the NE₁/₄ NE₁/₄ Section 22.

Therefore, upon receipt of the statutory fee of \$8.00 a license will be issued for 2.89 second feet of water from said well.

Very truly yours,

MARK R. KULP
State Reclamation Engineer
By

Chief Clerk

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO
REPORT OF ENGINEER

Permit No. 20832

This proof is for Beneficial use In Water District No. _____

1. Name of applicant A. R. Kramer, American Falls, Idaho
2. Source of water supply: Subterranean from a drilled well
3. Location of point of diversion: Is in the NE $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 22
T. 8 S. R. 30 E. County of Power
4. Describe works as they exist, giving dimensions and capacities of same: Drilled well 250' deep. Casing 110'x 16". Static water level 118', drawdown 6' to 15'. Depth of pump 140', water column 10", 4 stages, 12" bowls, 10" discharge pipe to south east into open pool where water divides two ways. Ditches are complete. 200'x 16" pipe flume crosses creek. Wintroath pump #5756, U.S. motor #744743, 220V., 147 amp., 1800rpm., 60 HP., 3 phase. EM switchboard, 60 HP., 220V., 60 cycle, 3 phase. Westinghouse meter #20952580, 240V., 5 amp., 3 phase, 60 cycle, demand 1.4 x blank. 7'x 8' board pumphouse with concrete floor.

5. Water is used for: Irrigation
6. State whether or not water has been turned into works of diversion: Yes

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):

S $\frac{1}{2}$ SE $\frac{1}{4}$ Section 15; N $\frac{1}{2}$ NE $\frac{1}{4}$ Section 22; Township 8 South, Range 30 East, B.M.

See Map

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach? _____

Remarks: Crops- alfalfa and grain

This examination was made on the 25th day of June, 19 52

(Signed)

Alfred P. Larson

Examiner.

20832

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

RE: Permit No. 20832

Mr. A. R. Kremer
Box 5
American Falls, Idaho

Dear Mr. Kremer:

We acknowledge receipt of your letter of December 24, 1951, enclosing depositions of yourself and two witnesses, also affidavit of publication in the Power County Press, all submitted in proof of beneficial use under Permit No. 20832.

Before final action is taken in the matter, the law requires that an examination be made by an engineer from this department.

We cannot say just when this examination will be made as this department has but one field engineer who makes examinations all over the State.

However, he will try to contact you at the time the examination is made so that arrangements may be made to show him over the grounds.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Gentlemen: RE. PERMIT No. 20832 - A.R.Kramer

Pursuant to your letter of December 8, 1951, I have had my witnesses execute duplicate depositions and I have also executed another deposition as Permit Holder, and have had same dated and sworn to as of the date the originals were executed on June 29, 1951.

I have also secured another copy of the Affidavit of Publication of Notice.

The three depositions, together with the affidavit of publication, are enclosed herewith.

I trust that they will be found in order.

Thanking you for your help and interest in this matter,
I am

Very truly yours,

A. R. Kramer

Notice for Publication NOTICE OF PROOF APPLICA- TION OF WATER FOR BENE- FICIAL USE

Notice is hereby given that at
11:00 A. M. on the 28th day of
June, 1951, at American Falls,
County of Power, State of Idaho,
before T. C. Sparks, Notary Pub-
lic, 214 Idaho Street, proof will
be submitted of the application to
beneficial use of 3.2 cubic feet
per second of the waters of a
drilled well in accordance with
the terms and conditions of Per-
mit No. 20832 heretofore issued by
the State Reclamation Engineer
of the State of Idaho.

The name and postoffice address
of the person or corporation hold-
ing said permit are A. R. Kramer,
P.O. Box 5, American Falls, Power
County, Idaho.

The use to which said water has
been applied is Irrigation.

The amount applied to benefi-
cial use is 3.2 cubic feet per sec-
ond.

The place where said water is
used SE $\frac{1}{4}$ SE $\frac{1}{4}$; SW $\frac{1}{4}$ SE $\frac{1}{4}$ Sec-
tion 15; NE $\frac{1}{4}$ NE $\frac{1}{4}$, and NW $\frac{1}{4}$ -
NE $\frac{1}{4}$ Section 22, (less present
highway Right-of-Way), all in
Township Eight (8) South of
Range Thirty (30) East of the
Boise Meridian.

The name of the canal or ditch
or other works by which said wa-
ter is conducted to such place of
use is by a drilled well located on
NE $\frac{1}{4}$ NE $\frac{1}{4}$ Sec. 22, Twp 8 S. R. 30
E., B. M.

The right to take water from
such works is based upon Permit
No. 20832.

The source of supply from which
such water is diverted is Subter-
ranean, from a drilled well, 245
feet in depth.

The date of priority which said
user is prepared to establish is
December 28, 1943.

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

Permit No. 20832

Proof of Application of Water to Beneficial Use

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. A.R.Kramer, Age: 56 years. Residence: American Falls, Idaho.

Occupation: Farmer. Postoffice address: American Falls, Idaho.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. Not acting for a corporation but for myself as an individual.

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. Permit No. 20832, dated December 31st, 1948. Priority Date: Dec. 28, 1948.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Source: 248 ft. Deep Well. Location of point of diversion: 660 feet from NE corner of Sec. 22, Twp. 8 S., R. 30 E., B.M. in NE $\frac{1}{4}$ NE $\frac{1}{4}$ of said Section 22.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined.

Ans. Deep Well, 248 ft. deep with surface ditches 1 ft. wide at bottom; 2 ft. wide at top, and 1 ft. deep. They will convey 3.2 ft. of water from point of diversion to point of use. Ditches have no name. Well is 248 ft. deep; 100 ft. of steel casing, 16 in. in diameter of 3/8 in. thickness. Depth to water: 110 ft. Casing at bottom rests on lava rock. Pump is a centrifugal turbine, electric drive, 16 h.p. motor. Discharge of Pump: 3.2 sec. ft. measured through a measured hole near pump and later through a wooden box weir.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Use: For Irrigation. Place of use: 160 acres described as: SW $\frac{1}{4}$ SE $\frac{1}{4}$; SE $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 15; NE $\frac{1}{4}$ NE $\frac{1}{4}$ and NW $\frac{1}{4}$ NE $\frac{1}{4}$ Sec. 22, all in Twp. 8 S., R. 30 E., B.M. Entire acreage of each subdivision is under irrigation for the 1951 crop season. Land is all cultivated, - no natural meadow. I have drilled the well, levelled the land for proper irrigation, constructed necessary fills for the ditches, and constructed all ditches required. The land has all been worked and is in crop for 1951 season, irrigated.

20832

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. Not for any other purpose. Some stock will be watered and some used for domestic purposes, in fact, have already been watering some livestock.

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. 3.2 second feet.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. I am the original permit holder.

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. Water first applied to portion of land in December, 1948. more land in 1949 was irrigated, (about $\frac{1}{2}$ of the land) and part in 1950, and in May, 1951 water was applied to the entire tract for crop irrigation.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. No other water has ever been used on this land.

(Sign) C. H. Kramer

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in American Falls, County of Power, State of Idaho, on this 29th day of June, A. D. 1951,

W. B. Bant, Notary Public,
Residing at American Falls, Idaho.

My commission expires October 22, 1951.

DEPARTMENT OF RECLAMATION
BOISE, IDAHO

Permit No. 20832

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. George Vollmer, Jr., Age 35 years, 205 Garfield Street,

American Falls, Idaho. Occupation: Well Driller and Laborer.

P.O. Address: American Falls, Idaho.

Ques. 2. Are you acquainted with A. R. Kramer, the
holder of Permit No. 20832. Yes? How long have you known him and where does
he reside? 16 years. He resides in American Falls, Power County, Idaho.

Ans. _____

Ques. 3. Have you read or heard read said Permit No. 20832. Yes., and are you
familiar with its provisions and conditions?

Ans. Yes.

Ques. 4. State source of water supply, place of diversion, and describe works for con-
veying water from point of diversion to place of use.

Ans. Source: 248 ft. deep well, in NE $\frac{1}{4}$ NE $\frac{1}{4}$ of Sec. 22, Twp. 8 S.,
R. 30 E., B.M. Water is conveyed from point of diversion to point of
use through ditches 1 ft. wide at bottom, 2 ft. wide at top, and 1 ft.
deep.

Ques. 5. How many second feet of water do you estimate said works will safely con-
duct to place of use, and how much water have you seen being so conveyed?

Ans. 3.2 sec. ft. I have seen this amount of water conveyed to point
of use.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons
per minute have you seen the pump deliver, and how did you measure or estimate the
amount?

Ans. 3.2 sec. ft. which amount I estimated from the time it took the
pump to fill a measured hole in the ground near the pump.

20832

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used for irrigation of the SW $\frac{1}{4}$ SE $\frac{1}{4}$, SE $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 15; and the NE $\frac{1}{4}$ NE $\frac{1}{4}$ and NW $\frac{1}{4}$ NE $\frac{1}{4}$ Sec. 22, all in Twp. 8 S., R. 30 E., B.M. All four of these forty acre tracts have been covered by this irrigation. ~~The land is all cultivated and none of it meadow land. The ditches have been built, the land levelled and prepared generally in good manner for proper irrigation.~~

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. Not for power or purposes other than irrigation.

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. The land is good loamy soil, well situated for irrigation with good slope and drainage. I estimate that it will require one inch to the acre to properly irrigate it, or 3.2 second ft. for the entire tract.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No. None.

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I have watched the development of this project since the well was first started in 1949, up to about June 1, 1951, at which latter date all of the water was applied to the entire tract. This tract of 160 acres was entirely in crop for the 1951 crop season.

(Signed) George Vallmer Jr

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in American Falls, County of Power, State of Idaho, on this 29 day of June, A. D. 1951.

he reside?

Ans. 50 Years. He resides in American Falls, Power County, Idaho.

Ques. 3. Have you read or heard read said Permit No. 20832. Yes. Yes., and are you
familiar with its provisions and conditions?

Ans. Yes.

Ques. 4. State source of water supply, place of diversion, and describe works for con-
veying water from point of diversion to place of use.

Ans. 248 ft. deep well source. Place of diversion: in NE $\frac{1}{4}$ NE $\frac{1}{4}$ Sec. 22,
Twp. 8 S., R. 30 E., B.M. Conveyed from point of diversion to place of
use by ditches approximately 1 ft. wide at bottom, 2 ft. wide at top,
and 1 ft. in depth.

Ques. 5. How many second feet of water do you estimate said works will safely con-
duct to place of use, and how much water have you seen being so conveyed?

Ans. 3.2 second feet. I have seen such amount of water so conveyed
from point of diversion to points of use.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons
per minute have you seen the pump deliver, and how did you measure or estimate the
amount?

Ans. 3.2 second feet. I am familiar through my work with irrigation
pumps and I saw the delivery from this well through two 14 in. pipes.

20832

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Used for irrigation on the SW $\frac{1}{4}$ SE $\frac{1}{2}$ SE $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 15; and the NE $\frac{1}{4}$ NE $\frac{1}{4}$ and NW $\frac{1}{4}$ NE $\frac{1}{4}$ Sec. 22, all in Twp. 8 S., R. 30 E., B.M. All four of the above 40 acre tracts are under this irrigation. All of the land is cultivated and none of it is natural meadow. The ditches have been built, land levelled and otherwise prepared and worked for irrigation.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. Not for power or other purposes than irrigation.

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. The land that has been reclaimed is lying on a good slope for proper irrigation and good drainage. It will require 3.2 sec. ft. for such irrigation.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. None whatever.

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I watched the well and irrigation being developed from about October, 1949, to May, 1951, on which latter date all of the water was applied to the above land. This land was entirely in crop for the season of 1951.

(Signed) Jacob Frank

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in American Falls, County of Power, State of Idaho, on this 29 day of June, A. D. 19 51.

RE: Permit No. 20832

Mr. A. R. Kramer
Box 5
American Falls, Idaho

Dear Mr. Kramer:

In reply to your letter of December 6, 1951, inquiring why your final proof papers on Permit No. 20832 have not been recognized by this department, and stating that they were properly executed before T. C. Sparks, Notary Public, on June 29, 1951, and mailed on that date.

As you and Mr. Sparks have been advised by office letters dated August 1, 1951, and October 4, 1951, these proofs have never been received.

We suggest that the matter be taken up with your post office and if they cannot be located, the only thing will be to have other proofs executed on the forms enclosed and return to this department with the affidavit of publication which the Power County Press was instructed to send you.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Re: Permit No. 20832

Mr. T. C. Sparks, Notary Public
214 Idaho Street
American Falls, Idaho

Dear Mr. Sparks:

We are sending to the Power County Press by this same mail, Notice of Proof of Beneficial Use to be made on Permit No. 20832 in the name of A. R. Kramer, at 11:00 A.M. June 29, 1951. We have instructed the newspaper to publish it once a week for four consecutive weeks prior to that date and to send Mr. Kramer the Affidavit of Publication, together with Statement of Costs.

We enclose the necessary forms for making this proof, consisting of one for the Permit Holder and one for each of two witnesses and at the time set, Mr. Kramer should appear before you, together with two disinterested witnesses who are familiar with the terms of the Permit and the work done thereunder for the purpose of executing the depositions.

Re: Permit No. 20832

Mr. A. R. Kramer
Box 5
American Falls, Idaho

Dear Mr. Kramer:

This morning's mail brings us your letter of June 2, 1951, enclosing Notice of Beneficial Use Proof to be made under Permit No. 20832 on June 29, 1951.

We note that you only describe 80 acres in the NW $\frac{1}{4}$ NE $\frac{1}{4}$ and NE $\frac{1}{4}$ NE $\frac{1}{4}$ Section 22, Township 8 South, Range 30 East, B.M. and have omitted 80 acres in the SW $\frac{1}{4}$ SE $\frac{1}{4}$ and SE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 15, which is included in your Permit. Was this 80 acres omitted intentionally? If so, you can only prove up on 80 inches or 1.6 cubic feet per second instead of 3.2 as called for in your Permit.

If you wish to telephone us in regard to this, there may still be time to get the notice to the paper for publication this week. Otherwise, a later date will have to be set for making Beneficial Use Proof.

Very truly yours,

MARK R. KULP

NOTICE TO ACCOMPANY THIS LETTER MUST BE MADE IN DUPLICATE

(Date) June 1, 1951

(P. O.) American Falls, Idaho

TO THE STATE RECLAMATION ENGINEER:

Boise, Idaho.

Dear Sir:

You are hereby authorized to have the attached notice published at my expense in the
POWER COUNTY PRESS, of AMERICAN FALLS, IDAHO, published in
the county in which the works are situated.

A. R. Kramer

(In case of canals or other works designed to divert and carry more than 50 cubic feet of water per second, the following certificate must be signed by a well-known and competent engineer.)

I hereby certify that the facts set forth in the attached notice are true.

Engineer.

20832

NOTICE FOR PUBLICATION
NOTICE OF PROOF APPLICATION OF WATER
TO BENEFICIAL USE

Notice is hereby given that at 11:00 A. M. on the 29th day of June, 1951,
at American Falls, County of Power, State of Idaho, before
T.C. Sparks, Notary Public, 214 Idaho Street, proof will be submitted of the
application to beneficial use of 3.2 cubic feet per second of the waters of a drilled
well in accordance with the terms and conditions of Permit No. 20832
heretofore issued by the State Reclamation Engineer of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are
A.R. Kramer, P.O. Box 5, American Falls, Power County, Idaho.

The use to which said water has been applied is Irrigation.

The amount applied to beneficial use is 3.2 cubic feet per second.

The place where said water is used (if for irrigation, give full and accurate description of the
lands irrigated) SE $\frac{1}{4}$ SE $\frac{1}{4}$; SW $\frac{1}{4}$ SE $\frac{1}{4}$ Section 15;
NE $\frac{1}{4}$ NE $\frac{1}{4}$, and NW $\frac{1}{4}$ NE $\frac{1}{4}$ Section 22, (less present highway
Right-of-Way), all in Township Eight (8) South of Range
Thirty (30) East of the Boise Meridian.

The name of the canal or ditch or other works by which said water is conducted to such place of
use is by a drilled well located on NE $\frac{1}{4}$ NE $\frac{1}{4}$ Sec. 22, Twp. 8 S., R. 30 E., B.M.

The right to take water from such works is based upon Permit No. 20832.

The source of supply from which such water is diverted is Subterranean, from a
drilled well, 245 feet in depth, in the NE $\frac{1}{4}$ NE $\frac{1}{4}$ Section 22, Twp. 8 South,
Range 30 East, B.M.

The date of priority which said user is prepared to establish is December 28, 1948.

MARK R. KULP

State Reclamation Engineer.

Mr. A. R. Kramer
P. O. Box 5
American Falls, Idaho

Dear Mr. Kramer:

Your letter dated May 24, but postmarked May 29, 1951, reached us this morning.

In reply, we enclose the form for Notice of Beneficial Use Proof under Permit No. 20832. This notice should be made in duplicate on Form 10 enclosed, setting the time and place and naming the Notary Public before whom the proof is to be made. Both copies of Form 10 to be returned to this Department, together with Form 11 which is your authorization for us to have the notice published in the designated county newspaper at your expense.

Since publication must start in next weeks issue of the paper, it is necessary that these forms be returned to this Department immediately in order that copy may reach the newspaper in time.

Very truly yours,

Permit No.....

STATE OF IDAHO
Department of Reclamation

Proof of Completion of Works
AFFIDAVIT OF HOLDER

STATE OF IDAHO

County of.....POWER.....

SS.

A.R.KRAMER, being first duly sworn, upon his oath deposes and says:

First: That he is the holder and owner of Permit to appropriate the Public Waters of the State of Idaho, No.20832, and that his postoffice address is American Falls, State of Idaho

Second: That the name of the stream ^{from} which said water is to be ~~directed~~ is Well.

Idaho. Third: That the point of diversion of said water is in the NE $\frac{1}{4}$ NE $\frac{1}{4}$ Section 22, Township 8 South of Range 30, East of the Boise Meridian, in Power County,

Fourth: That under the terms and conditions of said permit, construction thereunder was required to be completed by June 30th, 1949.

Fifth: That the use for which said water is intended is Irrigation.

Sixth: That on the date above mentioned, the works constructed under said permit were ~~(xxxxxx)~~ fully completed and consisted of the following:

I. Kind of works: Well, pump, and ditches, and 1 pipe 120 ft. long.
(Reservoir, dam, ditch, flume, pipe or otherwise)

II. Dimensions of work: 2 ditches, 2' bottom; 4' top, 1 $\frac{1}{2}$ miles long.

(a) Height of dam None feet, length of dam at top ---- feet, length of dam at bottom ---- feet. Material used in construction No dam used.

(State whether wood, earth, stone or concrete)

(b) Capacity of reservoir None acre feet.

(c) Size of headgate: Width None feet, height ---- feet.

(d) Conduit Ditch width at bottom 2' feet, width at water line 4' feet, depth of water 1' feet; diameter of pipe 14 inches/average grade per mile is 8.0 feet. Length of conduit is 1 $\frac{1}{2}$ miles.
(State whether ditch, flume or pipe) 120' long;

Seventh: That said works are capable of conducting to the place of intended use 3.2 second feet of water.

Eighth: That water appropriated under said permit is available for 160 acres of land described as follows: S $\frac{1}{2}$ SE $\frac{1}{4}$ Sec. 15 and N $\frac{1}{2}$ NE $\frac{1}{4}$ Sec. 22, all in Township 8 South, Range 30 East, Boise Meridian, in Power County, Idaho.

Ninth: Remarks: That

Mr. A. R. Kramer
P.O. Box 5
American Falls, Idaho

Dear Mr. Kramer:

We note in checking our records, that Proof of Completion of Works was due on your Permit No. 20832 on or before June 30, 1949.

We assume that the works were so completed, as the application stated that four months would be required.

This proof should be made at once if the Permit is to be continued in good standing and may be made on Form 6 enclosed. This Affidavit should state that the works were completed before June 30, 1949 (if such is the case) and should be acknowledged before a Notary Public and returned to this Department with the statutory fee of \$5.00. Upon receipt and approval, a Certificate of Completion of Works will be issued.

20432

December 18, 1948

Mr. A. R. Kramer
Box 5
American Falls, Idaho

Dear Mr. Kramer:

In reply to your letter of December 16, 1948, we enclose a form of application for permit to appropriate the public waters of the State of Idaho, together with regulations and instructions in regard to filing same.

This form is used for filing on subterranean water from a well the same as from any other source. The point of diversion called for under Question 4 should be the legal subdivision in which the well is located.

When this application is approved it will be signed by the proper State Officials and sent to you as a use permit under which you may proceed with the construction of the work described in the application. In order to complete your water right two proofs are required as follows:

First, proof of completion of works which is made by affidavit before a Notary Public. The time required for making this proof should be stated under Question 12 in the application.

The final proof is made when the water has been completely applied for irrigation or whatever purpose it is intended. Notice of such proof must be published for four consecutive weeks in a county newspaper at your expense and at the time set for proof depositions are to be executed by yourself and two witnesses in proof of such beneficial use. The additional time required for making this proof should be stated under Question 13 of the application.
