Dear Mr. Loofbourrow:

We acknowledge receipt of the depositions of Mr. Zaring and two witnesses, also affidavit of publication in the Power County Press, all submitted in proof of completion of works and beneficial use on Permit No. G-26670.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact Mr. Zaring at the time he makes the examination so that arrangements may be made to show him over the grounds.

Gentlemen:

We acknowledge receipt of your paper dated February 21, 1957, with the publication of Notice of Proof of Completion of Works and Application of Water to Beneficial Use on Permit No. G-26670 in the name of Don N. Laring.

Upon checking over the publication, we find an error in paragraph number five, it should read;

The point of diversion of said water is Northwest Quarter of the Southeast Quarter, Sec. 15, Twp. 8 So., R. 30 E.B.M.

Paragraph 6 (5) should read;

The place where said water is used is North Half of the Southeast Quarter of Sec. 15, and the Northwest Quarter of the Southwest Quarter of Sec. 14, Twp. 8 So., R. 30 E.B.M.

Priority date should read; December 20, 1956.

Due to this mistake in the paper as published, we request that you correct this publication Notice for February 28 and publish the corrected Notice March 7th.

We also wish to draw to your attention that the first Notice of publication was received in this Department February 25, other wise the same could have been corrected in one of the earlier publications.

Dear Mr. Zaring:

We have your letter of December 18th stating that you are prepared to make proofs of completion of works and beneficial use on your Permit No. G-26670.

Before these proofs are made, the statutes require publication of a notice once a week for four consecutive weeks in a county newspaper. This notice should be made in duplicate on Form 36 enclosed, setting the time and place and naming the notary public before whom the proofs are to be made.

The proofs may be made at any place convenient for you and your two witnesses but the date must be set far enough ahead to allow for four weeks' publication.

Both copies of Form 36 to be returned to this department together with Form 11 which is your authorization for us to have the notice published at your expense in the designated county newspaper.

We shall then send a copy of the notice to the newspaper with instructions in regard to publishing and shall send you the forms of deposition to be executed by yourself and two disinterested witnesses in making these proofs.

Enclosed is departmental receipt No. G-2376 for \$5.50 covering the filing fee for the enclosed permit No. G-26670.

Dear Mr. Zaring:

We acknowledge receipt of your application for permit to appropriate the subterranean waters of the State of Idaho.

The application is filled out in proper form, however, the filing fee for 2.4 cubic feet per second of water is based on five dollars for the first cubic foot and twenty-five cents for each additional second foot or fraction thereof.

We are returning your check for \$5.00 and request you mail a check for \$5.50 which would be the amount necessary to file for 2.4 cubic feet per second.

Upon receipt of your check for \$5.50 your application for permit will then be approved by the State Reclamation Engineer and returned to you as your use permit at which time we will also enclose forms 10 and 11 -- Notice for Publication.

To make your completion of works and application to beneficial use the statutes require a publication of a notice once a week for four consecutive weeks in a county newspaper. This notice shall be made in duplicate on form 10, setting the time and place and naming the notary public (form 11) before whom the proofs are to be made.
