License of Water Right No. 33626/29-2554 Priority May 24, 1967 Amount 1.46 cfs

THIS IS TO CERTIFY, that LEO G. BURKETT
of Downey, Idaho, has complied with the terms and conditions of Permit
No. 33626/29-2554 issued pursuant to Application for Permit dated May 24, 1967,
and has submitted proof to the Department of Water Resources on April 6, 1972,
that he has applied water to a beneficial use; an examination by the Department indicates that the works have a
capacity for the diversion of 1.46 cfs of water from a groundwater source,
tributary to _____, and that the permit holder has applied to a beneficial use and
established a right to use water as follows:

Beneficial Use	Period of Use	Rate of Diversion	Annual Volume

RE: Water Right No. 29-02554 / Transfer No. 4574

Dear Mr. Cannell:

I am in receipt of an Extension of Time Request submitted for Permit No. 29-07886. I spoke to Bob Wolfenbarger who indicated that he was speaking for you when he informed me that the extension was not intended for Permit No. 29-07886, but instead was being submitted for Water Right No. 29-02554.

If the extension is being submitted in connection with Water Right No. 29-02554, then I am assuming that you wish to extend the time in which to complete the development change of Transfer No. 4574. If this is the case, an extension of time form and fee are not required. If you do require additional time to complete the transfer, I can use the information submitted on the extension of time request which will then be reviewed and an order issued whether or not to grant additional time.

Please inform me within **fifteen (15) days** on how you wish to proceed with this matter. If you are extending the time to complete Transfer No. 4574, I will return the extension request and refund the \$50.00 filing fee.

If you have any questions or concerns, please contact me at (208)327-7953.

MEMORANDUM

TO: FILE NO. 29-02554
FROM: PAM SKAGGS/²⁸STATE OFFICE
SUBJECT: TRANSFER NO. 4574
DATE: May 25, 1995

=====

Transfer No. 4574 was filed to add and change a point of diversion, and change the place of use under Right No. 29-02554. The original place of use will be dry farmed and this right is being purchased to irrigate a parcel of land that currently has two applications for permit that are on hold due to the moratorium.

The right is being transferred from the south eastern portion of Basin 29 to the most western point of the basin. The new points of diversion are just inside of the SE boundary of the Eastern Snake Plain Aquifer, but are south of the river and outside the trust water area. The region staff feels that the difference in impact between wells located 200' within the boundary and a similar development east of the boundary would be minimal and the application should be approved.

The original and new place of use are in different consumptive irrigation areas and the right was evaluated to identify the specific limits necessary to eliminate enlargement in use of the right.

Licensed P/U = 2.5 af/acre consumed x 84 acres = 210 af
Transfer P/U = 3.0 af/acre consumed
210 acres / 3.0 af/acre = 70 acres available for transfer.

I discussed the matter with the region personnel, who in turn contacted the applicant. Reduction of the approval to 70 acres was acceptable and an acre was removed from each of the five QQs. The rate of diversion was limited to 0.02 cfs per acre, reducing the total rate authorized diverted under this right to 1.40 cfs.

Season of use and diversion volume were adjusted to current standards. Conditions recommended include well drilling requirements, irrigation overlap, multiple points of diversion/measuring devices and standard transfer conditions.

SUBJECT: Tr. 4574

FROM: H.W. Jones

As per our discussion, this is the transf. that moves pt + pon across basin 29 to just west of the Intermate. That Intermate is also the boundary for the "Thousand Springs ground water impact zone". We are baffled by this groundwater boundary as it crosses the Snake River & implies that wells East of the River affect groundwater west of the River. We use the Trust-Non Trust line as "the" Boundary between ground water flows.

If this well (proposed) were 200 feet East it would be in the good zone. We feel strongly that this application should be approved.

RE: Application for Transfer No. 4574

Dear Mr. Cannell:

The Department of Water Resources acknowledges receipt of your water right permit. This office is currently in the process of advertising the application in the Power County Press on April 6 & 13, 1995. The advertisement will be published for two consecutive weeks, and a period of ten days following the second publication will be allowed for the submittal of protests.

If the application is protested, you will be sent a copy of the protest. The protest must be resolved before the application is approved or denied. If the protest is not resolved voluntarily, this Department will conduct a conference and/or hearing on the matter.

If the application is not protested, it will be forwarded to our State Office in about five weeks. State Office Personnel will conduct a complete review prior to final processing of the application and will notify you of the outcome of this review. When a permit is issued, you will be sent a copy. A typical processing time for an unprotested application is about eight weeks.

Please feel free to contact this office if you have any questions regarding this procedure.

Sincerely,

Harold W. Jones

Dear Dr. Burkett:

A representative of this Department made an examination of the works covered by your Permit No. 29-2554 on July 28, 1976, and has found the following:

Amount of water that can be recognized as beneficially used under
Idaho law: 1.46 cfs Source: groundwater

The maximum quantity diverted shall not exceed 294 acre feet per
year.

Point of diversion: NE $\frac{1}{4}$ NW $\frac{1}{4}$, Sec. 4, Twp. 12S, Rge. 37E, B. M.

Beneficial use: Irrigation of 84 acres within the NE $\frac{1}{4}$, SW $\frac{1}{4}$, Sec. 4
Twp. 12S, Rge. 37E, B. M.

Priority date established: May 24, 1967

If you do not concur with these findings please contact us within 10 days, otherwise a water license will be issued as set forth above.

Dear Mr. Burkett:

One of the conditions of approval of your water Permit No. 33626/29-2554 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before June 27, 1972. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

Re: Permit No. G-33626 (New No. 29-2554)

Mr. Leo G. Burkett
P.O. Box 635
Downey, Idaho 83234

Dear Mr. Burkett:

During the 1967 session of the Idaho Legislature, certain amendments were made in the law pertaining to the procedures for making proof of beneficial use of water. In order for the Department to comply with these changes, Rules of Practice and Procedure were adopted on August 1, 1968. Generally, these procedures and the amended law make it simpler for a person to make proof and relieve the permit holder from making separate proofs of completion of works and beneficial use of water.

The enclosed order modifies your permit to comply with these rules and regulations. As a part of the new procedure, you will be required to publish a notice at your expense for two consecutive weeks in a paper as prescribed by the Department; previously, a permit holder had to publish a notice for four weeks when he submitted proof under his permit.

If you will complete the enclosed forms, we will cause the notice to be published. Should you require additional forms or information, we will be glad to supply them upon request at any time.

Very truly yours,

Dorian Clay
Appropriation Examiner

Dear Mr. Brown:

~~XXXXXXXXXX~~
Gentlemen:

Please be advised that we have received your letter regarding the above numbered ~~permits~~ (or permits).

We have filed your letter in the permit folder, however, we cannot refuse to process any request for transfer, amendment, or change. We would attempt to notify you of the action taken or being taken, but could not accept any responsibility for failure in case you failed to receive the information.

The only way to guarantee that no changes would occur would be to have the permit assigned to the company holding the loan.

Very truly yours,

M. RUSSELL BOSCH
