ORDER

WHEREAS, Jack Christensen, Phillip Christensen and Ray J. Christensen applied to the Department of Reclamation on May 22, 1964, for a permit to appropriate the public waters of the State of Idaho, proposing the diversion of 7.82 cubic feet per second of the waters of a groundwater source for use in Sections 18 and 19, T. 7S, R. 39E, B.M., Caribou County, Idaho; and,

WHEREAS, on May 29, 1964, permit G-31904 was approved with the condition that the whole of said works be completed and the water applied to beneficial use on or before May 29, 1969; and,

WHEREAS, on March 3, 1969, the Department of Reclamation forwarded to the permit holders by certified mail an order modifying the requirements for completion of permit G-31904 as adopted under the Rules of Practice and Procedures on August 1, 1968, notifying the permit holders that they were required to submit proof of the application of the water to beneficial use and setting forth the steps to be taken to make that proof; and,

WHEREAS, on June 2, 1969, the permit holders were notified by the Department of Reclamation that the permit had lapsed since proof of application of the water to beneficial use was not received on or before the required date; and,

WHEREAS, on July 30, 1969, the Department of Reclamation received the required proof of application of the water to beneficial use; and,

WHEREAS, Section 42-218a of the Idaho Code provides that a permit may be reinstated upon a showing of reasonable cause within 60 days from the date of lapsing; and,

WHEREAS, submission of an affidavit of proof of application of the water to beneficial use is considered as a reasonable showing as to why the permit should be reinstated;

THEREFORE, IT IS HEREBY ORDERED that Permit G-31904 be REINSTATED and the priority reduced to July 23, 1964.

Dear Sir,

I am sorry about the differences between the proof form and permit. I got these from the County assessor and he copied them incorrectly, I think the original permit has the correct land list. The assessor made this land list and drew the map on back, but I think they are the same as the permit. I have enclosed tax notice address also for sec. 18.

As the permit probably has the right land list I guess the Amendment won't be needed. But I shall

We are returning a copy of the affidavit you submitted as proof of beneficial use for the above referenced permit.

There is a discrepancy between the proof form and original permit as follows:

	<u>Proof form</u>	<u>Permit</u>
Point of diversion:	SE $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 18	NE $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 18

If the proof form is indeed correct, you will be required to submit an application for amendment to amend the permit. We are enclosing a form for your use; the application must be accompanied by a \$5.00 filing fee.

Upon receipt of either the corrected proof form or the application for amendment we will get this permit reinstated and continue to process it for a license.

Your prompt attention to this matter will be appreciated.

Re: Permit No. G-31904

Ray J. Christensen
Bancroft,
Idaho

Dear Mr. Christensen:

In answer to your letter of June 5, 1969. Apparently you never received our letter of May 12, 1969, in which we enclosed 2 assignment forms to be completed by your brothers. A copy of this letter with the enclosures is now enclosed. Also in this letter we reminded you of the proof of beneficial use being due on or before May 29, 1969.

The department cannot allow an extension of time as it would have had to been submitted before May 29, 1969, as stated on the proof due notice mailed to you on March 3, 1969.

However, Section 42-218a of the Idaho Code provides that a permit may be reinstated upon a showing of reasonable cause within 60 days from the date of lapsing. As submission of an affidavit of proof of application of the water to beneficial use is considered as a reasonable showing as to why the permit should be reinstated, you have only until August 2, 1969, within which to submit proof. We have enclosed the proof form for your use.

Upon receipt of the enclosed proof form, the department can reinstate permit G-31904, with the priority date of May 22, 1964, being reduced.

If you have any further questions or we may be of help, please advise.

Very truly yours,

Dear Mr. Christensen:

We acknowledge receipt of the signed application for publication. We will cause this notice to be published upon receipt of the enclosed assignment of permit forms. We have enclosed two forms; one for each brother to complete.

This is also to remind you that proof of application of the water to beneficial use must be submitted to this office on or before May 29, 1969. You may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, ICA.

Either the proof or a request for extension must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

Re: Permit No. G-31904

Jack Christensen, Phillip Christensen
and Ray J. Christensen
Bancroft, Idaho

Gentlemen:

During the 1967 session of the Idaho Legislature, certain amendments were made in the law pertaining to the procedures for making proof of beneficial use of water. In order for the Department to comply with these changes, Rules of Practice and Procedure were adopted on August 1, 1968. Generally, these procedures and the amended law make it simpler for a person to make proof and relieve the permit holder from making separate proofs of completion of works and beneficial use of water.

The enclosed order modifies your permit to comply with these rules and regulations. As a part of the new procedure, you will be required to publish a notice at your expense for two consecutive weeks in a paper as prescribed by the Department, stating that you have been issued a permit and are now submitting proof of beneficial use. Previously, a permit holder had to publish a notice for four weeks when he submitted proof under his permit.

If you will complete the enclosed forms, we will cause the notice to be published. Should you require additional forms or information, we will be glad to supply it upon request at any time.

Very truly yours,

Our File 2331

By our letter of May 21, 1964, we transmitted to your office the application for permit to appropriate underground water of Jack, Philip and Ray Christensen, together with the necessary filing fee.

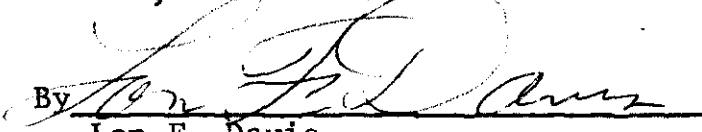

Approximately two or three weeks ago, I talked to you by telephone concerning this application and you stated that the application had been approved by the Department and forwarded to the Governor for his signature.

As we have not yet received notice of issuance of the permit on this application, we would sincerely appreciate your checking the matter out and advising us as soon as possible.

Thank you for your help in this matter.
