WATER RIGHT LICENSE

License of Water Right No. 32695/29-2516 Priority Feb. 21, 1966 Amount 0.04 cfs

THIS IS TO CERTIFY, that GEORGE D. WOOD
of Pocatello, Idaho, has complied with the terms and conditions of Permit
No. 32695/29-2516 issued pursuant to Application for Permit dated January 14, 1966,
and has submitted proof to the Department of Water Resources on July 29, 1970 (late proof),
that he has applied water to a beneficial use; an examination by the Department indicates that the works have a
capacity for the diversion of 0.04 cfs of water from unnamed springs,
tributary to _____, and that the permit holder has applied to a beneficial use and
established a right to use water as follows:

Beneficial Use	Period of Use	Rate of Diversion	Annual Volume
<u>Domestic</u>	from <u>Jan. 1</u> to <u>Dec. 31</u> at <u>0.02</u> cfs and	<u>0.6 acre feet</u>	
<u>Stockwater</u>	from <u>Jan. 1</u> to <u>Dec. 31</u> at <u>0.02</u> cfs and	<u>0.2 acre feet</u>	
	from _____ to _____ at _____ cfs and		
(both dates inclusive)			

Subject, however, to the condition that no more than 0.04 cfs of water be diverted at any one time, and
that the amount of water so diverted and to which such right is entitled and confirmed is for the purpose
aforementioned and is limited to the amount which can actually be beneficially used and shall not exceed
0.8 acre feet per year, said waters to be diverted within the NW $\frac{1}{4}$ SW $\frac{1}{4}$ and NE $\frac{1}{4}$ SW $\frac{1}{4}$ of

**NOTICE OF EXISTING
WATER PERMIT**

Notice is hereby given that George D. Wood, Mink Creek Road, Pocatello, Idaho, has received an approved permit No. 32695 issued by the Idaho State Reclamation Department authorizing the diversion of .3 cubic feet per second of water from unnamed springs, subject to all prior rights. The priority to be established under this permit is January 14, 1966 and the permit was approved January 21, 1966. Water is to be diverted by pipe from a point within the NW1/4SW1/4 and the NE1/4 SW1/4, Sec. 29, T. 7 S, R. 37 E, B.M., Bannock County to be used for stock watering and domestic purposes in the SE1/4, Sec. 30, T. 7 S, R. 37 E, B.M. Proof of the application of the water to beneficial use is to be submitted to the Department on or before June 21, 1970. Any protests against the issuance of a license for the above referenced permit should be filed with the Department of Reclamation within ten (10) days of the last date of publication of this notice or prior to the licensing of the permit. Licensing may commence prior to the date beneficial use proof is due without further notice.

INTER-DEPARTMENT MEMO — 1

FROM Ron Carlson

DATE June 23, 1975

TO Bob Fleenor

SUBJECT PERMIT NO. 29-2516 GEORGE D. WOOD

I am beginning to get concerned about the postal delivery of our certified letters. Last Friday, Mr. Bert Pidcock was in the office concerning our show cause order. He told me that he picks up his mail at the Post Office every day, and that he received the show cause order Wednesday, June 18, 1975, and certified notice announcing the hearing on Thursday, June 19, 1975. I believe we are going to have to start scheduling hearings farther in advance and if the returned receipts are not received within a week of the hearing we had better notify the individual by regular mail or perhaps a telephone call. Mr. Pidcock indicated that he did not wish to continue with his protest because he felt it would be a waste of time. He said there is little doubt in his mind that there is adequate water most of the time to fill Mr. Wood's permit and that his primary concern is new applications considering the amount of development that is going on in that area. It appears that there are no further reasons why the Department should not proceed with the licensing of this right.

SHOW CAUSE ORDER

On January 14, 1966, George D. Wood filed Application for Permit No. 32695/29-2516 to appropriate 0.3 cubic feet per second of water from springs located within the NW $\frac{1}{4}$ SW $\frac{1}{4}$, NE $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 29, T. 7S, R. 37E, B.M., Bannock County; to be used for stockwatering and domestic purposes. Notice of this proposed appropriation was published in the Idaho State Journal, Pocatello, Idaho.

WHEREAS, on July 10, 1970, the Department received a protest against approval of said application from Bert Pidcock.

A hearing concerning this matter was held on Tuesday, June 10, 1975, at 10:30 a.m., in the Conference Room of the Municipal Airport, Pocatello, Idaho, at which the protestant failed to appear.

IT IS, THEREFORE, HEREBY ORDERED that the protestant show cause on or before July 16, 1975, why his protest should not be voided for failure to appear at the hearing.

NOTICE OF HEARING

Notice is hereby given that the Department of Water Resources has set the matter of protest against approval of the above application for hearing for Tuesday, June 10, 1975, at 10:30 a.m., in the Conference Room of the Municipal Airport, Pocatello, Idaho. This hearing will be held in accordance with the Rules and Regulations of the Idaho Code and adopted Rules of Practice and Procedure of the Department of Water Resources. Opportunity shall be afforded all parties to respond and present evidence and argument on all issues involved.

Any party may request in writing five (5) days before any hearing that the oral proceedings thereof be taken in the form of stenographic notes. Any party may have such stenographic notes of the oral proceedings, or part thereof, transcribed at his own expense. A taped record of the proceedings will be maintained for the appeal period.

Failure to appear at the time and place set for hearing by the applicant or protestant may allow the Department without prejudice to dismiss the protests or the application. Any and all cost incurred by reason of such non-appearance may be assessed against such non-appearing parties.

Re: Permit number 32695/29-2516

Dear Sir:

On April 18, 1972, the Department held a conference regarding the permit of Mr. George D. Wood and the objection filed by Mr. Bert Pidcock. It was suggested that the two parties try to come to some agreement.

On August 23, 1972, the Assistant Director wrote that in the event no agreement was reached between the parties, the matter would be set for hearing. No agreement was reached and as yet the matter has not been set for hearing.

On December 3, 1974, Mr. Wood wrote to the Assistant Director requesting that the matter be set for hearing. On behalf of Mr. Wood, we repeat that request, because he wishes to get the matter settled. Would you please send notice to this office of the hearing date?

Thank you for your cooperation.

Respectfully,

Steven G. Wood

A conference was held on April 18, 1972, in Pocatello, Idaho, to consider the protest against licensing of Permit No. 29-2516.

Both the protestant and the permittee were present and represented themselves. It appears, from the information submitted at the conference, that water is available during the non-irrigation season to fill the permittee's right, but it is not available during the irrigation season. The protestant, Mr. Pidcock, has both decreed rights and also Permit No. 29-2511 for the use of this water during the irrigation season.

The permittee and the protestant will attempt to reach an agreement on or before May 18th to make water available for domestic use by Mr. Wood during the summer months.

Bob Fleenor (hearings officer) started conference by explaining intent of conference or hearing

Mr. Wood first made his statement explaining the protest as described in the permit. He specifically stated that none of the lands he sold near the source of water supply were sold with water rights.

Wood stated system was used year round & also indicated there has been no stock watering for past 7 years

uses include

Church groups

Boy & Girl Scout groups primarily recreation

SNOMOBILE groups

Mr. Pitcock then made his statement naming his reasons for protest.

His primary concern was that if Mr. Wood was to sell enough pieces of land and enough people were to take small @ of water none would be left for allocated rights

NOTICE OF CONFERENCE
AND/OR HEARING

On January 21, 1966, the Department of Water Administration (formerly the Department of Reclamation) issued Permit No. 32695/29-2516 to George D. Wood of Pocatello, Idaho. On July 29, 1970, the Department received proof of application of the water to beneficial use from the permit holder. On July 13, 1970, the Department received a protest against the licensing of this permit from Bert Pidcock of Inkom, Idaho.

The Department has set the matter of protest for conference and/or hearing on Tuesday, April 18, 1972, at 4:00 p.m., in the Bannock County Court House at Pocatello, Idaho. Any hearing will be held in accordance with the Rules and Regulations of the Idaho Code and adopted Rules of Practice and Procedure of the Department of Water Administration. Opportunity shall be afforded all parties to respond and present evidence and argument on all issues involved.

Any party may request in writing five (5) days before any hearing that the oral proceedings thereof be taken in the form of stenographic notes. Any party may have such stenographic notes of the oral proceedings, or part thereof, transcribed at his own expense. A taped record of the proceedings will be maintained for the appeal period.

Failure to appear at the time and place set for hearing by the permit holder or the protestant may allow the Department without prejudice to dismiss the protest or the permit. Any and all cost incurred by reason of such non-appearance may be assessed against such non-appearing parties.

Mr. George D. Wood
Mink Creek Road
Pocatello, Idaho 83201

Dear Mr. Wood:

We acknowledge receipt of your affidavit submitted as proof of beneficial use for permit 29-2516. Enclosed you will find an Order of Reinstatement which reinstates your permit; you will note that the priority has been reduced to February 21, 1966.

Before a license can be issued, a field examination must be made by a representative from this Department. We cannot tell just when this examination will be made, but our examiner will try to contact you at the time he makes the examination so that you may show him the system.

Enclosed you will find a copy of the protest filed against the issuance of a license pursuant to your permit No. 29-2516 by Mr. Bert Pidcock. The following are the only provisions which will be considered in a hearing and/or conference:

1. That the permit holder has failed to show the availability of unappropriated public water in such quantity as to make his project feasible.
2. That the operation of the proposed water right under this permit has caused injury to a prior existing water right.

Dear Mr. Pidcock:

We have received your protest in connection with the above referenced permit. You should be advised that on June 22, 1970, Permit No. 29-2516 lapsed, for failure of the permit holder to submit the required evidence of beneficial use. Evidence has now been received, which could allow the department to reinstate the permit.

We will schedule a conference, and, or hearing to hear the matter of protest as soon as possible. You will be notified as to the time and place.

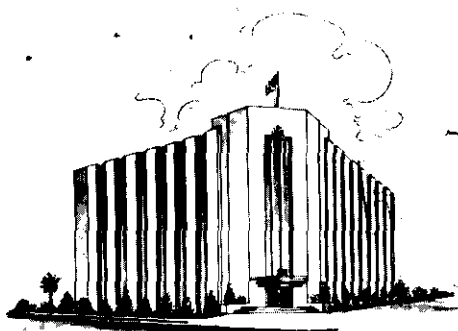

If we can be of any further assistance in this matter, please contact us.

Very truly yours,

Re: Permit No. 32695

George D. Wood
Mink Creek Road
Pocatello, Idaho

Dear Mr. Wood:

During the 1967 session of the Idaho Legislature, certain amendments were made in the law pertaining to the procedures for making proof of beneficial use of water. In order for the Department to comply with these changes, Rules of Practice and Procedure were adopted on August 1, 1968. Generally, these procedures and the amended law make it simpler for a person to make proof and relieve the permit holder from making separate proofs of completion of works and beneficial use of water.

The enclosed order modifies your permit to comply with these rules and regulations. As a part of the new procedure, you will be required to publish a notice at your expense for two consecutive weeks in a paper as prescribed by the Department, stating that you have been issued a permit and are now submitting proof of beneficial use. Previously, a permit holder had to publish a notice for four weeks when he submitted proof under his permit.

If you will complete the enclosed forms, we will cause the notice to be published. Should you require additional forms or information, we will be glad to supply it upon request at any time.

ORDER MODIFYING REQUIREMENTS
FOR COMPLETION OF PERMIT TO
APPROPRIATE WATER

WHEREAS, the 39th Idaho Legislature made certain amendments to the Idaho Water Law;
and,

WHEREAS, these changes raised questions as to the procedures to be followed by
holders of permits issued prior to the effective date of the amendments, May 31, 1967;
and,

WHEREAS, on August 1, 1968, the Department of Reclamation adopted Rules of Practice
and Procedures for the processing of such permits issued prior to May 31, 1967; and,

WHEREAS, Permit No. 32695 was issued previous to that date;

NOW THEREFORE, the requirements for completion of the above-numbered permit are
hereby modified to conform to the adopted Rules of Practice and Procedures as follows:

1. The above-numbered permit will be completed under the terms of Title 42,
Chapter 2, Idaho Code, as amended by the 39th Idaho Legislature.
2. The conditions of the above-numbered permit are modified as follows:
 - a. Notice of the issuance of the permit will be published at the permit
holders expense for two weekly issues in the official newspaper of
the county in which the point of diversion lies.
 - b. The permittee will not be required to submit proof of completion
of works as originally specified, but will be required to submit
proof to the Department of Reclamation of the application of the
water to beneficial use on or before June 21, 1970. The permit
holder should be aware that failure to complete one-fifth (1/5)
of the works within one-half (1/2) of the time originally set for
Completion of Works may be grounds for cancellation at the instance
of the Department.

Re: Permit No. 32695

Pocatello, Idaho 83201

Dear Mr. Wood:

Under the terms of your Permit No. 32695 you are required to complete your diversion works on or before Jan. 21, 1968. I enclose blank affidavit to be filled out, sworn to by you before a Notary Public, or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the said permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

The only filing we can find on the springs in Section 29, Township 7 South, Range 37 East, B.M., is in the name of George D. Wood of Pocatello. This permit was filed on January 14, 1966, with two points of diversion. One is in the NW 1/4 and the other is in the NE 1/4. This is for 5 inches of water for stock watering and domestic use.

These springs are on Forest Service lands, however, they do not have a filing.

Dear Sir,

I would like to make a formal claim to the water rising from two springs on the U.S Forest Reserve.

Both springs are located on the old canyon road to Skyline Ski Area. Both are in the SW $\frac{1}{4}$ Section 29, T57S, R37E, BM. The first one bearing north 45° East from the SW corner of Section 29 2200 feet to the spring. The second one bearing North 30° E from the SW corner of Sec. 29 2200 feet to the spring.

Both of these springs were apparently brought to the surface by cutting the road into the hillside.

Both apparently sink again before reaching any stream bed, although the first may do so during the early spring.

Both are just off Green Canyon Creek about 50 to 75 feet.

The intended use of the water is watering stock and eventually for domestic consumption on my property which is in Sec. 30.

If any other information is needed from me I will be happy to supply it.

May I hear from you as soon as practicable?

Sincerely yours,

George D. Wood
