Dear Mrs. Garrett:

On March 28, 1990, I filed for two water rights (under my son's name--James P. Nelson) on our 238 acre acreage, legal description enclosed.

I noted on your letter to me (Mrs. Helen L. Nelson) of March 14, 1990, that my name of Mrs. Perry A. Nelson, 746 E. Center, Pocatello, Idaho, 83201, is on the claim, A29-10832, Receipt No. M006412 and A29-02496, Receipt No. M006413, formerly WR#29-02496 with a priority date of August 17, 1964. My husband, Perry A. Nelson died 9-28-68.

I have deeded the land to my children. I wish to correct the name on your records to state that James P. Nelson, 140 South 18th Avenue, Pocatello, Idaho, 83201, (Phone 208-232-8624) is to receive any correspondence regarding these water rights. James is the oldest of my sons. I have enclosed a list of my other children who also have an interest in the land.

Yours sincerely,

Helen L. Nelson MAY 18 1990

Dear Mr. Higginson:

I am sorry I haven't returned this application to you sooner but I simply can't find time to do the million things I have to do since my husband, Perry A. Nelson, passed away last fall.

Enclosed is the completed form for the water which we evidently have to secure a permit for. I have filled it out according to the information which you sent me on the "Existing Water Permit". We use this water for a few horses which are on the ranch up on the hill.

I hope this will take care of all the necessary information needed.

Thank you so much for your help.

Yours sincerely,

Mrs. Perry Nelson

P. S. I will need this water for the purposes stated for many, many, many years so it isn't necessary to send out a letter each year.

Re: Permit No. G-32025

Mr. Perry A. Nelson
746 East Center
Pocatello, Idaho

Dear Mr. Nelson:

During the 1967 session of the Idaho Legislature, certain amendments were made in the law pertaining to the procedures for making proof of beneficial use of water. In order for the Department to comply with these changes, Rules of Practice and Procedure were adopted on August 1, 1968. Generally, these procedures and the amended law make it simpler for a person to make proof and relieve the permit holder from making separate proofs of completion of works and beneficial use of water.

The enclosed order modifies your permit to comply with these rules and regulations. As a part of the new procedure, you will be required to publish a notice at your expense for two consecutive weeks in a paper as prescribed by the Department, stating that you have been issued a permit and are now submitting proof of beneficial use. Previously, a permit holder had to publish a notice for four weeks when he submitted proof under his permit.

If you will complete the enclosed forms, we will cause the notice to be published. Should you require additional forms or information, we will be glad to supply it upon request at any time.

Very truly yours,

Donald W. McElDowney

Dear Mr. Finneman:

In response to your letter of August 26, 1966 we are enclosing a copy of the log of your well which was filed in this department June 2, 1966.

We do need the log for our files. State law requires that logs on all wells drilled for water in this state must be filed with this office. See the enclosed copy of the statutes.

It is the responsibility of the drillers to see that logs are furnished us. However some of the drillers seem to feel that it is up to the owner to see that the logs are filed. We provide each driller with enough log forms so that he may furnish a copy of each log to us, to the owner and have one for his files.

We trust this will clear the matter to your satisfaction.

Our letter at that time was in regards to the log on the well which is not yet in operation and which I would like to keep in my file if you do not need it.

Please let me hear from you in regards to this matter.
