Gentlemen:

Mr. A. Paul Hatch of Bancroft, Idaho, informs us that he is now prepared to make proof of completion of works and application of water to beneficial use under Permits No. G-31404 and G-31405. However, under 31404, it appears that an amendment should be filed as to land to be irrigated. As originally filed, the NW $\frac{1}{4}$ SW $\frac{1}{4}$, Section 34, Township 6 South, Range 39 East of the Boise Meridian, was included, but this particular forty should be dropped and in lieu thereof Lot 4, Section 3, Township 7 South, Range 39 East of the Boise Meridian, should be substituted.

Would you please forward necessary forms to cover the application for the amendment for the substitution of the land as indicated and other necessary forms for use in connection with submitting proof of completion under the cited permits.

Very truly yours,

Leonard O. Kingsford
