Dear Mr. St. Clair:

Regarding your letter of January 3, 1969, and the enclosed assignment of permit, be advised that the Department issued the water license on the 2nd day of January, 1969, to the original permit holders, Akira Kawamura and Harry Watanabe.

Although the change of ownership was made the same day as the license was issued, the Department cannot change the ownership of the license because the right is now appurtenant to the land. However, the change in ownership of the land and works has been noted on our records and the assignment is being returned.

The water license could be obtained from Mr. Kawamura or Mr. Watanabe or a copy of the license can be obtained from this Department if required.

Very truly yours,

Dean R. Reynolds

Gentlemen:

We have received the depositions taken in connection with proof on the above referenced permit; however, before we can accept them, we will need two things:

First, we will need an affidavit of publication. This can be obtained from the Power County Press, American Falls, Idaho.

Second, we will need an affidavit from the advertised notary, Merle Meyers, stating why the witness depositions were not taken before him, why the holder deposition was taken on April 6, 1968, instead of the advertised date of January 19, 1968, why the witness depositions were taken on April 4, 1968, instead of the advertised date of January 19, 1968, whether or not Mr. Meyers' office was open on January 19, 1968, and whether or not any protests were offered or received for Permit No. G-30914.

This affidavit must be notarized by a second notary. Please be sure that the affidavit is complete and submit both affidavits to this office promptly. Please be advised that this permit will be cancelled on April 22, 1968, if we do not receive these two affidavits.

Very truly yours,
