Dear Mr. Jensen:

Your proofs for Application of Water to Beneficial Use and Completion of Works has been received. However, they are returned herewith for correction. The deposition of holder is question # 6 does not contain the legal description and the number of acres irrigated in each sub-division. The deposition of holders in question # 6 also needs the same information.

It is noted that the proofs would be taken by Mr. Karl L. Belnap on the 25th day of September 1964. You and the two witnesses completed the forms on the 24th. This will require the Notary to make an affidavit stating that his office was open on the 25th and no protests were received on that date. This will have to be notarized by another notary.

Please make the required corrections and return to this office.
