Gentlemen:

Herewith enclosed is the Application for a permit for water right. You will notice that I have marked on the chart three places to take out the water. It is the same water but in view of the fact that I am pumping it, it would be much more convenient for me to take it out in each of these three places.

I am enclosing also my check for \$5.25 which I understand to be the amount required.

This land is in Section 22 and Section 27 of Township 9 South, Range 6 E. B. M.

Sincerely yours,

Leo Hanson

Dear Mr. Hansen:

We are returning your application for permit to appropriate 2 cubic feet per second of water from Marsh Creek, for correction or additional information. Check for \$5.25 filing fee is attached.

Under 4 page one, the points of diversions are shown as SE $\frac{1}{4}$ NE $\frac{1}{4}$ Section 22 which checks with the map; SW $\frac{1}{4}$ SW $\frac{1}{4}$ Section 22, which checks with the map; NE $\frac{1}{4}$ SW $\frac{1}{4}$ Section 27, whereas, the map shows NE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 27.

Under 8 - Kind of Works: pump. Do you not use some ditches and if so you should show location on the map and approximate sizes under question 11.

The time for completion of works and complete application of the water to beneficial use has been changed to one year. You can make the proofs anytime after you have received the approved permit and have actually used the works for beneficial use.

Show area to be irrigated by cross-hatching the map. Under 14 - Tabulation of land - show acreage irrigated in each separate 40-acre tract.

The amount of water claimed under 2 cannot exceed one miners inch or 1/50 cubic foot per second for each acre to be irrigated, - 52 acres could not be allowed over 52 miners inches or 1.04 cubic foot per second.

I employed an attorney in Pocatello to make up my application to begin with so he is to blame for the mistakes. I have gone over the application and made the corrections according to your suggestions. I lengthened the time to two years which will give me time to get the Meade irrigation underway the 1st year and the Sprinkler Pipe for the higher ground the 2nd year.

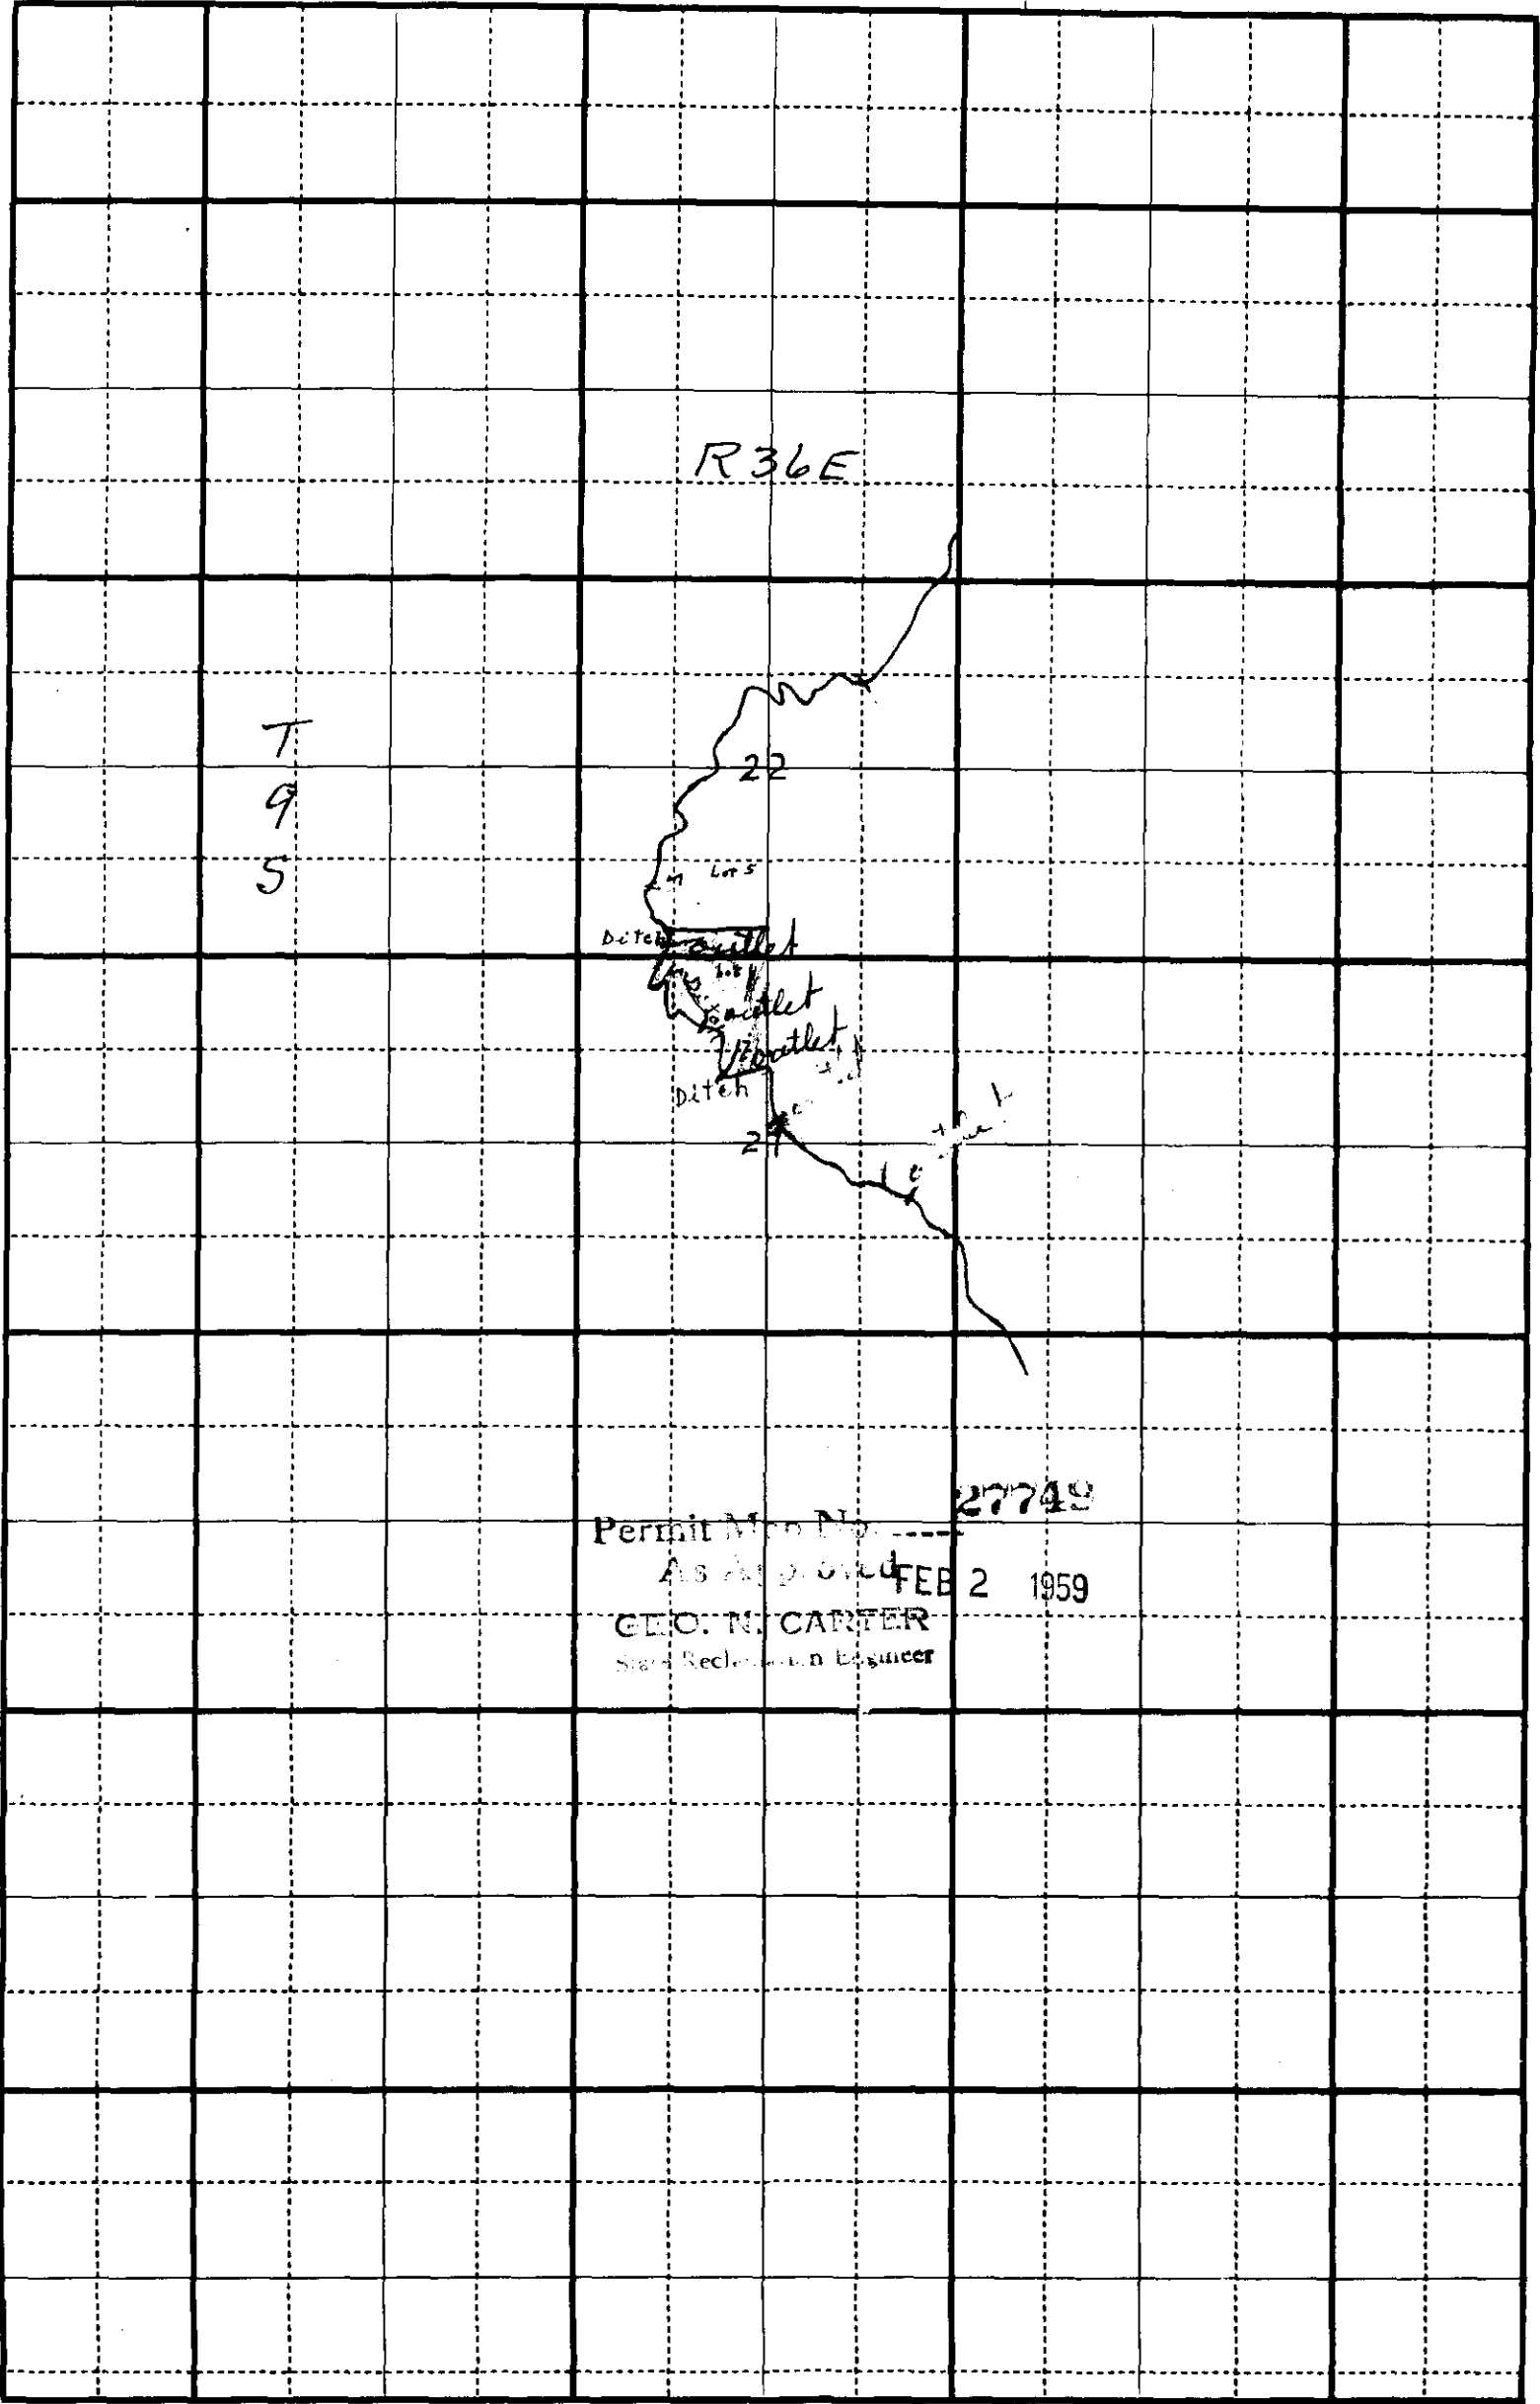

I hope everything is in order this time.

RE: Permit No. 27749

Date Dec. 1, 1960

Lee O. Hanson
McCannon, Idaho

Dear Sir:

Under the terms of your Permit No. 27749 you are required to make proofs of completion of works and application of water to beneficial use on or before February 2, 1961.

We enclose Form 6 to be filled in and sworn to by you before a Notary Public, and returned to this department on or before the above date, for making proof of completion under the permit. Upon receipt of this affidavit, provided same satisfactorily shows the completion of works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion of Works will be issued to you.

We enclose Form 10, in duplicate, which is to be filled in and returned to this department at least forty (40) days before the above mentioned date or before the time you intend to make proof. This form, in duplicate, is to include the time of day, the date (allowing for four weeks publication), the name of the town, the address of the Notary Public before whom you will appear to make the depositions of proof (this may be at any place that is convenient for you and your two witnesses), the quantity of water, for what purpose it is used, the point or points of diversion and the location of use or lands which are irrigated—by 40-acre legal land description. Descriptions should be taken from your Permit, including any amendments thereto, as recorded in this department. If changes have been made and no amendments are on record, we advise that you request a form for this purpose before your Notice is published.

Also enclosed is Form 11, which is the authorization for us to have the Notice published in the designated county newspaper, at your expense. This is to be returned with Forms 10.

At the time we send the notice to the newspaper will will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set and at the place named, before the Notary Public, as advertised in the publication notice.

Very truly yours,
