RE: Permit No. G-26149

Power County Pres s

Gentlemen:

We have checked the notice on Permit No. G-26149 of Weaver Douglass appearing in your issue of May 31 and find several typographical errors, as follows:

1. In the first line of the heading the word Proof is misspelled

2. In the last line of the first paragraph, the word Reclamation has two "c's" whereas it should have only one.

3. In the first line of the paragraph numbered 4. the word where has been omitted from between place and said, in other words this line should read, "The place where said water is used"

4. In the first line of the paragraph numbered 5., the word priority is misspolled.

5. Also, in the last line of the paragraph numbered 5, the priority date should be January 5, 1956, and not January 24, 1956. This may have been an error on our part as we may have overlooked this matter in sending the notice to you.

Will you please make the necessary corrections in your subsequent issues.
